Trials for the Gods Rebecca J. Sotirios,2022-08-15 Greek gods? Just myths, right? My name is Iris Dimitriadis, daughter of Zeus, the supreme ruler of the gods. A few years ago, my whole life changed the moment I received a prophecy. If you’ve stayed up to date with my life, you’ll know I was one of the prophesied demigods that helped save Mount Olympus from destruction. The world has changed significantly since then...The barrier between the gods and mortals was demolished the moment the gods came to reveal themselves to the mortals of Earth. Zeus has decided to further showcase their might and power. To prove they are the ‘Rulers of Humanity and only true gods’, an event was established, where demigods must compete annually via a set of perilous Trials. The Trials take place yearly after the cold season has ended, on an island named H N – Hirakleia Nissos. Meaning the Island of Hercules. As demigods we are now solely trained to survive these Trials. Thus, creating a modern form of entertainment for the gods. The offspring of Zeus, Hades, Poseidon, and Apollo are in a deadly predicament once again.

Look for The Star Gods trilogy and the new Children of the Dragon Nimbus series! A letter from the author, Irene Radford: Welcome to the world where dragons are real and magic works. If you are new to the Dragon Nimbus, pull up a chair and join us as we revel in tales that have touched my heart more than anything else I've written under any pen name. If you are returning after an absence, I am very happy to have you back. This is a world that began with a Christmas gift of a blown-glass dragon. The dragon sat proudly on the knick-knack shelf for several months, loved and admired, reluctantly dusted, and totally inert. Then one night at dinner, my son remarked, You know, Mom, I think dragons are born all dark, like that little pewter dragon, then they get more silvery as they grow up until they are as clear as glass. The dragon came to life for me. Out of that chance remark came first one book, then three, five, seven, and finally ten. I built a career on these books and loved every minute of the process. These characters still live in my mind many years after they jumped into their stories and dragged me along with them. Many thanks to DAW Books and my editor Sheila Gilbert for reviving The Dragon Nimbus a lucky thirteen years after they first debuted. With these omnibus volumes, you can read about the dragons with crystal fur that directs your eye elsewhere yet defies you to look anywhere else. Wonderful dragons full of wit and wisdom. Magic abounds. Magicians and mundanes alike learn about their world and special life lessons as they explore dragon lore past and present. The books will be presented in the order in which they were written, and the order that makes the most sense of the entwined tales. So, sit back and enjoy with me. And may reading take you soaring with Dragons.
