*NBA Jam* Reyan Ali, 2019-10-22 When NBA Jam dunked its way into arcades in 1993, players discovered just how fun basketball can be when freed from rules, refs, and gravity itself. But just a few years after the billion-dollar hit conquered the world, developer Midway, publisher Acclaim, and video arcades themselves fell off the map. How did a simple two-on-two basketball game become MVP of the arcade, and how did this champ lose its title? Journalist Reyan Ali dives deep into the saga, tracking the people and decisions that shaped the series. You'll get to know mischievous Jam architect Mark Turmell, go inside Midway's Chicago office where hungry young talent tapped into cutting-edge tech, and explore the sequels, spin-offs, and tributes that came in the game's wake. Built out of exhaustive research and original interviews with a star-studded cast --including Turmell and his original development team, iconic commentator Tim Kitzrow, businessmen and developers at Midway and Acclaim alike, secret characters George Clinton and DJ Jazzy Jeff, Doom co-creator John Romero, and 1990s NBA demigods Glen Rice and Shaq--Ali's NBA Jam returns you to an era when coin-op was king.

**Toast on Toast** Steven Toast, 2015-10-22 Toast on Toast is the must-have book for all budding actors - and non-actors too. In this part memoir, part 'how to act' manual, Steven Toast draws on his vast and varied experiences, providing the reader with an invaluable insight into his journey from school plays to RADA, and from 'It's a Right Royal Knockout' to the Colony Club. Along the way, he reveals the secrets of his success. He discloses how to brush up on and expand your technical and vocal skills, how to nail a professional voiceover, and how to deal with

difficult work experience staff in a recording studio. He also reveals the dangers of typecasting, describes the often ruthless struggle for 'top billing', and shares many awesome nuggets of advice. The end result is a book that will inspire and educate anyone who wants to tread the floorboards. It will also inform (and entertain) anybody who simply wants to discover what a jobbing actor's life is actually like.

No Easy Answers Brown, Brooks, 2022-06-10 On April 20, 1999, Dylan Klebold and Eric Harris, two seniors at Columbine High School in Littleton, Colorado, walked into their school and shot to death twelve students and one teacher, and wounded many others. It was the worst single act of murder at a school in U.S. history. Few people knew Dylan Klebold or Eric Harris better than Brooks Brown. Brown and Klebold were best friends in grade school, and years later, at Columbine, Brown was privy to some of Harris and Klebold's darkest fantasies and most troubling revelations. After the shootings, Brown was even accused by the police of having been in on the massacre—simply because he had been friends with the killers. Brown with journalist Rob Merritt tells his full version of the story. He describes the warning signs that were missed or ignored, and the evidence that was kept hidden from the public after the murders. He takes on those who say that rock music or video games caused Klebold and Harris to kill their classmates and explores what it might have been that pushed these two young men, from supposedly stable families, to harbor such violent and apocalyptic dreams. Shocking as well as inspirational and insightful, *No Easy Answers* is an authentic wake-up call for all the psychologists, authorities, parents, and law enforcement personnel who have attempted to understand the murders at Columbine High School. As the title suggests, the book offers no easy answers, but instead presents the unvarnished facts about growing up as an alienated teenager in America today. This edition contains a new afterword that describes what has happened in the United States since Columbine, and provides updates on the aftermath of the massacre.

Computer Gaming World, 1994

**The Disaster Artist** Greg Sestero, Tom Bissell, 2014-10-07 Presents a humorous ode to cinematic hubris, discussing the story of the mysteriously wealthy misfit, Tommy Wiseau, the producer, director, and star of *The Room*, which later became an international cult film despite making no money at the box office.

**Logical Reasoning** Bradley Harris Dowden, 1993 This book is designed to engage students' interest and promote their writing abilities while teaching them to think critically and creatively. Dowden takes an activist stance on critical thinking, asking students to create and revise arguments rather than simply recognizing and criticizing them. His book emphasizes inductive reasoning and the analysis of individual claims in the beginning, leaving deductive arguments for consideration later in the course.

**Chocolate Cake** Michael Rosen, 2017-08-24 When I was a boy, I had a favourite treat. It was when my mum made . . . CHOCOLATE CAKE! Ohhh! I LOVED chocolate cake. Fantastically funny and full of silly noises, this is Michael Rosen's love letter to every child's favourite treat, chocolate cake. Even though in Duddy's opinion the updated version doesn't stand up to the classic original, it doesn't mean that he can't quickly rack up all the power-ups, bonuses, and achievements to show the kids—Lexi, Mike, Chase, and Shawn—how it's done. That is until the game freezes! The family heads to the Shady Acres Mall to fix their controller, but while at the game store, one wrong click causes all the characters from the Zombie Battles game to explode into the real world. It's total mayhem! Now Duddy, Moomy, Lexi, Mike, Chase, and Shawn have to fight their own avatars in order to save the world—but will they be able to stop the army of world-conquering video game villains before the bad guys level up? Murray Walker: Unless I'm Very Much Mistaken Murray Walker, 2003 The voice of motor racing and much loved public figure – and the man responsible for introducing millions of viewers to the previously inaccessible world of Formula 1 – tells the story of his incident-packed life, with a brand new chapter on his globetrotting adventures since retirement. Murray Walker is a national treasure. When the man who made famous the catch phrase 'Unless I'm very much mistaken... I AM very much mistaken!!!' announced that he was retiring as ITV's Grand Prix commentator, the media reacted as if the sport itself was losing one of its biggest stars. His reputation for mistakes was the making of Walker. He was the fan who happened to be given the keys to the commentary box – and never wanted to give them back. His high-octane delivery kept viewers on the edge of their seats, while his passion for talking about the sport he loved was matched by an all-encompassing knowledge gained through hours of painstaking research before every race. In his book he writes about his childhood and the influence that his father, British motorcycle champion Graham Walker, had on his career. Failing to match his father's achievements on the track after active service in World War II, he made a successful career for himself in advertising which catapulted him to the top of his profession. An offer from the BBC to take over the commentary seat for their F1 broadcasts was too good to turn down, and it wasn't long before the infamous 'Murrayisms' enlivened a sport which until then had been shrouded in a cloak of unfathomable technical jargon and mind-numbing statistics. He also talks about the biggest changes in the sport over the last 50 years, in particular the safety issues which came to the fore after the tragic death of Ayrton Senna, which he witnessed first hand. His partnership with James Hunt behind the microphone is the subject of some hilarious anecdotes, while his views on drivers past and present such as Stirling Moss, Jackie Stewart, Damon Hill and Michael Schumacher make for fascinating reading.
