Electric Power Statistics, 1920-1940 United States. Federal Power Commission,1941 This report presents for each state for the first time in published form the complete series of data from 1920 to 1940 on production of electric energy, capacity of generating plants, and consumption of fuel for the production of electric energy ... The basic information has been taken from the monthly reports filed with the Geological Survey from January 1920 to June 1936, inclusive, and subsequent to that date from reports filed with the Federal Power Commission.

Toughing It Out in Afghanistan Michael E. O'Hanlon,Hassina Sherjan,2010-06-01 Michael O'Hanlon and Hassina Sherjan have written a superb analysis of the current strategy in Afghanistan. It is an insightful work by two authors with exceptional knowledge and experience. It is a must-read for those who want a clear understanding of the situation, the strategy, and the path ahead in this crucial conflict. –General Anthony C. Zinni, USMC (Retired) In this unique collaboration between an American scholar and an Afghan American entrepreneur, Toughing It Out in Afghanistan provides a succinct look at the current situation in Afghanistan with policy prescriptions for the future. Drawing partly on personal experiences, O'Hanlon and Sherjan outline the tactics being used to protect the Afghan population and defeat the insurgents. They discuss ongoing efforts to reform the Afghan police, to run a better prison system for detainees, to enlist the help of more of Afghanistan's tribes, and to attack corruption. They also discuss the Afghan resistance, including an explanation of how the Taliban mounted a comeback and what it will take to defeat them. The authors also seek to demolish common myths about Afghanistan, such as the notion that somehow its people hate foreigners. And they explain how to use metrics, such as those in the Brookings Afghanistan Index, to determine if the new strategy is succeeding in the course of 2010 and 2011. Included are policy suggestions to further increase the size and capabilities of the Afghan army and police, to facilitate Afghan businesses' involvement in economic recovery, to expand the role of other Muslim nations in the effort, and to create a strong international aid coordinator as a civilian counterpart to NATO's military leader.
