Black Moses Alain Mabanckou, 2017-03-23 It's 1970, and in the People's Republic of Congo a Marxist-Leninist revolution is ushering in a new age. But at the orphanage on the outskirts of Pointe-Noire where young Moses has grown up, the revolution has only strengthened the reign of Dieudonné Ngoulmoumako, the orphanage's corrupt director. So Moses escapes to Pointe-Noire, where he finds a home first with a larcenous band of Congolese Merry Men and then among the Zairian prostitutes of the Trois-Cents quarter. But the authorities won't leave Moses in peace, and intervene to chase both the Merry Men and the Trois-Cents girls out of town. All this injustice pushes poor Moses over the edge. Could he really be the Robin Hood of the Congo? Or is he just losing his marbles? Vivid, exuberant and heartwarming, *Black Moses* is a vital new extension of Alain Mabanckou's extraordinary, interlinked body of work dedicated to his native Congo, and confirms his status as one of our great storytellers.

Dreams of Leaving Rupert Thomson, 2012-08-01 New Egypt is a village somewhere in the South of England. A village that nobody has ever left. Peach, the sadistic chief of police, makes sure of that. Then, one misty morning, a young couple secretly set their baby son Moses afloat on the river, in a basket made of rushes. Years later, Moses is living above a nightclub, mixing with drug-dealers, thieves and topless waitresses. He knows nothing about his past - but it is catching up with him nevertheless, and it threatens to put his life in danger. Terror, magic and farce all have a part to play as the worlds of Peach and Moses slowly converge.

Live What You Preach E. Lowell Morgan, 2023-06-16 About the Book From hunting for herbs to hunting for food, fishing, raising farm animals, canning goods, building furniture, and everything in between, discover a lifestyle that is completely counter to what many experience today. *Live What You Preach* is a collection of essays detailing how E. Lowell Morgan and his family not only survived, but thrived, in their chosen lifestyle, triumphing over difficult times as they endeavored to live an organic, simple life, while raising a large family in a rural setting in Tennessee. About the Author Many years ago, disappointment in agricultural academia drove E. Lowell Morgan to seek a different way of life, so he and his family decided to try life "off the grid," where he and his wife homeschooled their children and there wasn't much community involvement. His special interests included teaching his children and history, which he tried to pass on to family. He believes all children are blessings. Prior to life off the grid, Morgan was a research coordinator at Auburn University and worked in animal research. He studied hormones in meat and milk and the side effects of it, which is largely what prompted his and his family's lifestyle change.

The History of the Harwood Families of Darwen, Lancashire Michael Harwood, 2014-11-22 This book gives an insight into how our Lancashire ancestors lived and interacted with the environment in which they existed, over the centuries. Apart from a general history of Darwen life, this volume covers not only the very first ancestral tree but follows the story of one particular family branch through to the twentieth century and into living memory. The story includes detailed information of many other families with whom the Harwoods have intermingled over the centuries, and it would be a rare Darwener, who could not find some connection to his own ancestors within these pages. "Enthusiasm, in-depth research, and a unique authorial voice: this book is what genealogy should result in. It locates the Harwood family in a specific historical place and then watches them grow up and move out. Family journeys are explored from the paper mills of Kent to the goldfields of Ballarat and Maori massacres. "The sheer numbers of documents

illustrated show both their value as evidence and the breadth of Mike's research. There are fruitful and informative diversions into work, leisure, and religion, with excursions into the history of education, nonconformity, and workhouses, among many other things. It's a story of Lancashire, and a Lancashire in the world. And it's hard to argue with its announcement of itself not as a history but as the history of the Lancashire Harwoods. They are both typical and unique, and in tracing the development of Lancashire from a rural to an industrial economy, Mike never loses focus on his ancestors' place in it." —Neil Sayer, archive access manager, Lancashire Archives

Unstoppable Moses Tyler James Smith, 2018-09-25 In this coming-of-age debut, a seventeen-year-old boy has one week in the aftermath of a disastrous prank to prove to the authorities, and to himself, that he's not a worthless jerk who belongs in jail. Moses and his cousin Charlie were best friends, wisecracking pranksters, unstoppable forces of teenage energy—until the night they became accidental arsonists and set in motion a chain of events that left Moses alone, guilt-stricken, and most likely trapped in his dead-end town. Then Moses gets a lucky break: the chance to volunteer as a camp counselor for week and prove that the incident at the bowling alley should be expunged from his record. And since a criminal record and enrollment at Duke are mutually exclusive, he's determined to get through his community service and get on with his life. But tragedy seems to follow him wherever he goes, and this time, it might just stop him in his tracks. "Unstoppable Moses is radiant; one of those rare debut novels that shines with humor, love, compassion, and hope, with a cast of unforgettable characters that jump off the pages and into your heart. Tyler James Smith is a masterful storyteller." —Andrew Smith, Printz Honor and Boston Globe-Horn Book Award-winning author of *Grasshopper Jungle* "When people say reading makes us more empathetic, they are talking about books like *Unstoppable Moses* by Tyler James Smith. A lyrical, hilarious, so-real-it-hurts debut that reminds us all just how much we have to lose, and why it's important to never give up. I'm so happy this book is in the world." —Bonnie-Sue Hitchcock, Morris Honor-winning author of *The Smell of Other People's Houses*

William Faulkner, Letters & Fictions James G. Watson, 1989-01-01 Besides the groundbreaking novels

and stories that brought him fame, William Faulkner throughout his life wrote letters—to his publisher, his lovers, his family, and his friends. In this first major study of epistolarity in Faulkner's work, James G. Watson examines Faulkner's personal correspondence as a unique second canon of writing, separate from his literary canon with its many fictional letters but developing along parallel lines. By describing the similarity of forms and conventions in Faulkner's personal and fictional correspondence, Watson clearly demonstrates that Faulkner's personal experience as a writer of letters significantly shaped his imaginative work early and late. Letters are always about themselves; they re-create a world between the sender and the receiver. In this illuminating study, Faulkner's personal letters are treated as a form of reflexive writing: first-person narratives in which Sender self-consciously portrays Self to a specific Receiver, likewise portrayed in the letter-text. This duality of actual experience and imaginative re-creation measures the personal distances between the life of the writer and the written self-image. It reveals that letters are at once fragments of autobiography and fictions of self. Such laws of letters apply equally to the letters that appear throughout Faulkner's novels and stories. The twenty-one letters and telegrams in *The Sound and the Fury*, for example, portray character, propel plot, and convey important themes of failed communication and broken identity. From *Soldiers' Pay* to his last work, Faulkner's carefully lettered canon of fiction is dramatic evidence of his understanding of epistolarity and of the extent to which he adapted letters, including some of his own, to shape his fictional world.

The Kakamega Incident Anders Oehlenschläger, 2013-06 We are in 1998, during the three weeks leading up to one of this year's worst terrorist acts, namely the bombing of two U.S. embassies in Nairobi, Kenya and Dar, Tanzania. The Danish former ranger Stig Jansen, is located in the country in civilian affairs and soon he's unwittingly whirled into what's going to prove to be the precursor to one of the Worlds' largest conspiracies involving the corrupt local government power, the CIA, sinister parts of the German government, Saddam Hussein's regime in Iraq and a Danish colonel in the Defense Intelligence Agency. He's pulled around in the strange circus and his reactions and actions will be crucial for all the people he comes into contact with during his stay. Through his escape from the Kenyan military, who accuses him of terrorism and murder, he is driven, along with the beautiful Scottish Red Cross employee Jane, into the wilderness, where his abilities and skills as former elite soldier, come into their own, and the flight progresses then into a nightmare where the difference between friend and foe is subtle.
