Behind the Wall Elizabeth Ann Kuhn,2011-03-11 BEHIND THE WALL of a Trappistine Monastery, under Papal Enclosure, tread only the Monks and Nuns who vow to live in this Order of their own free will. This is the story of a young girl aspiring to the heights of her vocation under the Cistercian Rule of Saint Benedict. Absent from any contact with the outside world, in strict silence, in a non speaking Order, she lives her life alone with God reenacting the joys, sorrows and concerns of a soul trying to fulfill her calling. *Brick Wall* John Peter Davis,2008-08-13 Not knowing what tomorrow holds may be a blessing in itself..... Had I known the drastic twists and turns that it would cause in my life, I perhaps would not have said Hello to a woman that I met on the internet..... What ensued was an almost 3 year, intense, pay it forward experience like none you could imagine, nor would ever want for yourself or wish on anyone..... We take chances in life on what we think is the right thing to do..... The journey I embarked upon, saving a woman's life in the process, is an unforgettable one and I would do it again with no regrets..... Brick Wall shows what can happen when what we want collides with reality. While it could have happened to anyone, most would have never pursued the path that I took without hesitation..... and you know what? I am glad that I did because I am now embarking on a better life than I had ever dreamed of because of it.....

**Farmlines: Living In the Days of Dumb Phones and Analog Apps** Dan Gogerty,2014-05-01 Farmlines are the threads that connect people to a place-in this case, a family farm in a time when kids downloaded games in the grove or haymow or from a Parker Brothers box; where they accessed apps by running out the door to a tree house, snow fort, or pickup baseball game; where they made social media connections by talking, scheming, sharing, fighting, and linking up with kids in the community. Times change, but these Farmlines continue to get passed along through stories, daily activities, hopes, disappointments, subtle rituals-through handwritten letters and homemade bread. Comments about Gogerty's Writing Gogerty develops snapshot messages that expand to enhance the entire narrative. His writing is incredibly clear and yet so lyrical that its precision is not too formal. He infuses the essays with lots of humor and good will and peaceful energy. Holly Carver, editor and publisher, Iowa City

**The Wall Between Women** Beth Brykman,2012-04-03 Women today struggle to make difficult choices involving their children and their careers - so why do they simultaneously criticize, undermine, and point fingers at one another? Beth Brykman taps her personal experience as well as her professional marketing skills in crafting this well-researched look at the life-transforming issue that American mothers face. Having been both a full-time employed mother and a stay-at-home mom, Brykman interviewed more than one hundred mothers. She lets these women speak for themselves about the reality of their lives, their views of the other mother, and how they balance the pros and cons of motherhood.Separate chapters examine the factors that create the wall between women, stereotypes of mothers on both sides of the wall, the lives and attitudes of full-time employed mothers versus mothers who choose to stay at home, working part-time, the reality of daycare, how different women determined what was right for them and their families, coparenting and suggestions for modifying marriages, and letting go of the emotional baggage of success and guilt, including suggestions for broad cultural change.An appendix details her

research methods, including questions she posed to each mother, and a useful bibliography that points readers to other resources. Filled with revealing quotations and stories from mothers themselves, this insightful discussion of contemporary motherhood reveals the many challenges facing women and offers creative solutions for overcoming those challenges.

Flurries D.G. Mago, 2014-10-10 Due to a snowstorm, school has been cancelled. Instead of playing in the snow all day like most kids, a group of teenagers decide to go to a wealthy neighborhood to shovel driveways and earn some money. In the course of their day away, they are filled with envy in seeing the expensive houses, fancy cars, and latest gadgets. What they do not see, however, is what is taking place inside some of those homes; the same virus that plagues the inner city is not immune to the community outside of the ghetto. Like roaches hidden in the wall, there are some things that lurk under the surface. Moreover, some people are master illusionists, hiding what is behind the front door: domestic abuse, pedophilia, agoraphobia, drug addiction, and isolation. Ghettos indeed come in many different forms. These teenagers live in a housing project in the Bronx. They have little money and few materialistic things, however, what they do have is of far greater value. They are all given love and affection, attention, and a strong sense of values by whoever is raising them, be it their mother, grandparents, sister, etc. *Flurries* is an examination of two different worlds: not the traditional haves and the have nots, but those who have the social and emotional skills to lead a healthy and productive life, and those who solely have materialistic things, but lack what is really necessary to raise their children. The grass may be greener on the other side, but are the roots deeper or stronger? *Flurries* will challenge you to question what society and the media have brainwashed us into believing. That bigger is better, more is the answer, and value is based on the almighty dollar. *Flurries* will assist you to understand that these teenagers are the wealthiest ones of all, even if at the moment they do not yet realize it themselves.

When Aly finds herself reliving the same day over and over, things go from strange to supernatural. Where did that vision come from? Aly's never seen the future before—only the past. At first she thinks the vision was a trick, sent as a distraction by the same person who killed her sister-in-law. The Wall That Failed Evelyn Rossler Stroder, 2017-09-20 A wall that was five feet high and built of concrete, rock, and mortar split Crane, Texas, in half more than a half century ago—with blacks on one side and whites on the other. Evelyn Rossler Stroder, a longtime teacher, gave little thought to the wall as she ran teacher errands to the former Bethune School for blacks, which in the late 1960s became the Bethune Annex to the Crane school system. In this history, she explores the origins of the wall, the community's recollection of it, and how it symbolized the ugliness of racial segregation. She also examines the consequences of separating the school systems, swimming pools, movie theaters, and most every facet of life in the small oil field community. The story also celebrates how sports brought the two communities together, beginning with the Bethune basketball team, which had won three state championships in their conference of all-black schools, coming together with their new, white classmates in 1965. The integrated team brought Crane all the way to the state finals. Discover how sports helped a small West Texas town move forward in this inspiring tale about *The Wall That Failed*.
