The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Story Behind the Mail M. J. Washington, 2022-08-01 Sweet Mother of Christ, Hallelujah! Seems like an avalanche has rolled up to my door. The mailbox was stuffed with letters from several different organizations and a couple of catalogs, and being a Tuesday, there was also a wad of junk mail. Remembering the thick manila envelope, I received from the VFW (Veterans of Foreign Wars) in mid-January with an assortment of gifts a nice tablet-size calculator, all-occasion cards, address labels, a couple of notepads, a calendar, even a gift-bag. My conscience just wouldn't let me rest after receiving all these cool little gifts. I just had to send a donation to help with postage and handling. I think that's what caused the avalanche of mail that landed at my door. Deciding right then to keep a count of all incoming mail, I began to write down the names and contents of each envelope, thinking it couldn't possibly be too many more after this shipment. Boy was I ever wrong. I started receiving cards of all kind, prayer booklets, prayer relics, rosaries, crucifixes, and medals. Besides the letters, the phone calls started, so I started listing them too. Within a couple of weeks, I had accumulated several pages of organizations requesting help either by phone or postal service. And the brain being the peculiar organ that it is my brain anyway it gets restless at times for more activity. Firing up the computer, I started a real list of all the charitable organizations I hear from daily and decided to make my list an open project.

Happy Mother's Day Ali Parnian, 2019-05-04 The Mother's Day Forever Greeting Card(TM) is the perfect BookCard(TM) for that special mother in your life, and not just for this Mother's Day but all Mother's Days through the end of this century. You see, purchasing one BookCard(TM) can be used again and again because there is a page for you to add a new Mother's Day message each year through the year 2100. You can keep years of Mother's Day messages of love, gratitude and appreciation in one place to cherish for years and that is just the beginning. The author of this book learned the hard way that not taking the time to purchase a greeting card for his wife on Mother's Day resulted in a much more costly gesture in order to make amends for his oversight. This would never have been an issue for him had he purchased a Forever Greeting Card(TM). Other benefits of purchasing a Forever Greeting Card(TM) for Mother's Day include: -SAVE MONEY: Over the course of 50 years you would spend \$250 if you bought 50 cards that cost \$5 each. -SAVE TIME: You can get a Forever Greeting Card(TM) delivered to most places within a few days. -STAY RELEVANT: People typically don't throw books away so your ForeverGreetingCard(TM) will likely end up on a bookshelf or coffee table. -ENVIRONMENTALLY FRIENDLY - Forever Greeting Cards(TM) are environmentally friendly. Cards purchased for Mother's Day over the course of 50 years produce much more paper waste and leave a larger carbon footprint due to driving to and from stores than having one book delivered to your door that can be used for years and recycled. -GET CREATIVE - Adults and kids enjoy drawing and making creative images on these cards. -SEE TRENDS - Recipients can see trends over time in how your love for them has grown, diminished or changed over the years.

Cosmic Cowboys and New Hicks Travis D. Stimeling Ph.D.,2011-05-20 Country music of late 1960s and early 1970s was a powerful symbol of staunch conservative resistance to the flowering hippie counterculture. But in 1972, the city of Austin, Texas became host to a growing community of musicians, entrepreneurs, journalists, and fans who saw country music as a part of their collective heritage and sought to reclaim it for their own progressive scene. These children of the Cold War, post-World War II suburban migration, and the Baby Boom escaped the socially conservative world their parents had created, to instead create for themselves an idyllic rural Texan utopia. Progressive country music--a hybrid of country music and rock--played out the contradictions at work among the residents of the growing Austin community: at once firmly grounded in the conservative Texan culture in which they had been raised and profoundly affected by the current hippie counterculture. In *Cosmic Cowboys and New Hicks: The Countercultural Sounds of Austin's Progressive Country Music Scene*, Travis Stimeling connects the local Austin culture and the progressive music that became its trademark. He presents a colorful range of evidence, from behavior and dress, to newspaper articles, to personal interviews of musicians as diverse as Willie Nelson, Jerry Jeff Walker, and Doug Sahm. Along the way, Stimeling uncovers parodies of the cosmic cowboy image that reinforce the longing for a more peaceful way of life, but that also recognize an awareness of the muddled, conflicted nature of this counterculture identity. *Cosmic Cowboys and New Hicks* brings new insight into the inner workings of Austin's progressive country music scene -- by bringing the music and musicians brilliantly to life. This book will appeal to students and scholars of popular music studies, musicology and ethnomusicology, sociology, cultural studies, folklore, American studies, and cultural geography; the lucid prose and interviews will also make the book attractive to fans of the genre and artists discussed within. Austin residents past and present, as well as anyone with an interest in the development of progressive music or today's 'alt.country' movement will find *Cosmic Cowboys and New Hicks* an informative, engaging resource.

The Loving Living Will of God to His People Dale Neumann,2022-11-03 I got the title *The Loving, Living Will of God to His People* for this book in 1994, and it details the God of the Old Testament in the Christian Bible and the Torah, as he needs to be thought of. I believe that he should be thought of each day, as he has great powers and angels to help him. He has shown them throughout history, and he wants people to build a temple for him. He didn't like the violence on earth, and that was what caused the great flood. Think about it, water. Too much can cause a flood, and too little causes dry land, crop failures, and fires. Is this because of war situations? I don't have respect for any man who creates war. Did God create famine and disease if people wanted war? Today is May 23, 2018. On May 8, I lost my daughter to terminal cancer. I had grieved greatly before this, and I still do. She told me that she is in heaven and the pain and suffering of the body are gone. I think, Was the United States military responsible? We dropped bombs in foreign countries and killed people. Do we lose one of ours to disease? She left two children of three and five with a father, three grandmothers and other people to teach them. Can we teach our youth a better way?
