**To Dakar and Back** Lawrence Hacking,2008-04-01 In this adventure motorsports memoir, the first Canadian motorcycle racer to complete the infamous Paris-Dakar Rally recounts his incredible journey. The Paris-Dakar Rally is without question the most arduous and notorious off-road motorsports event on the planet. Since its inception in 1979, it has attracted more than three thousand adventurers from all walks of life. The men and women who have taken up the "Dakar challenge" have at least one thing in common: a desire to measure themselves against the desolate sands of the Sahara. In 2001, Canadian adventure racer Lawrence Hacking entered what would be the last rally on the iconic route from Paris to Dakar. In *To Dakar and Back*, Hacking, in collaboration with motorsport journalist Wil De Clercq, recounts the three weeks of blood, sweat, and tears that took him on that ten thousand kilometer journey in the heat of competition from the glitzy streets of the French capital through the hinterland of North Western Africa and the triumph of self-realization.

**Zero to Sixty** David Mills,2014-02 David Mills first discovered the legendary Dakar Rally during a three-month motorcycle tour of South America. In 2012, he became an embedded member of a Chilean Dakar team with unprecedented access to the rally; now he shares the story of his experiences. This firsthand account describes the three grueling weeks he lived with the tight-knit Dakar community as they battled the brutal conditions in the ultimate long-distance, off-road competition. *Zero to Sixty* shares stories of crossing the driest deserts on the planet, visiting lush vineyards and wine regions, getting lost on mountain passes, encountering earthquakes and landslides, enduring drastic temperature changes, and experiencing altitude sickness at more than 15,500 feet. *Zero to Sixty* offers a unique, behind-the-scenes look at the legendary Dakar Rally, its people and its history, providing insight as to what drives these athletes to live on the edge of disaster while attempting to finish what is the world's deadliest sporting event.

From Para to Dakar Joey Evans,2019-05-29 I've realised that when things are really tough and there seems no hope for the future, it's sometimes just Chapter One of a really cool story, and the ending is entirely up to you. Joey Evans has always loved bikes, from his first second-hand Raleigh Strika at the age of six to the powerful off-road machines that became his passion later on in his life. His dream was one day to ride the most gruelling off-road race in the world, the 9000km Dakar Rally. In 2007 his dream was shattered when he broke his back in a racing accident. His spinal cord was crushed, leaving him paralysed from just below his chest. Doctors gave him a 10 per cent chance of ever walking again. Many would have given up and become resigned to life in a wheelchair, but not Joey Evans. Not only would he get back on his feet and walk, but he would also keep his Dakar dream alive. It was a long and painful road to recovery, involving years of intensive rehabilitation and training, but he had the love and support of both family and friends and an incredible amount of determination. Joey shares the many challenges he and his family faced, relating the setbacks, as well as successes, along the way to the Dakar start line. But the start line was only the first goa. His sights were set on reaching the finish line,

which he did in 2017, the only South African to do so. From Para to Dakar is so much more than the story of one man reaching the Dakar finish line. It is a story of friendship and respect, compassion and kindness. It is about defying the odds to reach a dream, it is about grit, endurance and raw courage, and it is inspiring in its true heroism.

**Dakar Rally** Luke Hanlon, 2023-12-15 Since the late 1970s, motorcyclists and auto racers have gathered to test themselves over thousands of miles of some of the harshest deserts on Earth. What began as a race from Paris, France, to Dakar, Senegal, has grown into an event raced all over the world. This title introduces readers to one of the most demanding off-road races on the planet. The title features informative sidebars, exciting photos, a map, a glossary, and an index. SportsZone is an imprint of Abdo Publishing, a division of ABDO.

Race to Dakar Charley Boorman, Robert Uhlig, Ewan McGregor, 2007 In 2004 Charley Boorman completed his astonishing round-the-world bike trip with his friend, Ewan McGregor. The journey left him exhausted, exhilarated and hungry for a new challenge. And what greater challenge than the Dakar rally? Beginning in Lisbon and ending in the Senegalese capital of Dakar, the rally covers 15,000 kilometres of treacherous terrain, and is widely regarded as the most dangerous race on earth. With his team-mates Simon Pavey and Matt Hall, Charley faced extreme temperatures, rode through shifting sands and stinging winds, and faced breakdowns miles from civilisation. Charley recounts his extraordinary adventures through Portugal, Morocco, Western Sahara, Mauritania, Mali, Guinea and Senegal. He also follows the stories of other riders - an eccentric, dedicated band of professionals and rookies who all dream of one thing: reaching the finishing line. Race to Dakar is the thrilling account of a race that has captured the imagination of millions.

**Endurance: The Toby Price Story** Toby Price, 2022-02-01 The Australian bush has conjured up some crazy legends, but the rise and rise of two-time Dakar champion Toby Price is surely one of its best. Who knew that the remote town of Roto (pop. 41) would be the launching pad of one of the greatest motorsports athletes the world has seen, fit to tackle and triumph over the planet's most gruelling endurance race? Toby Price has lived a truly remarkable life, filled with ups, downs and every bump in the road imaginable: a childhood racing prodigy from the tender age of 2 - there was hardly a paddock that could contain him. After tearing through the junior ranks, taking out titles in both dirt track and motocross, Toby was living the dream, turning pro at 16 and joining the formidable KTM Racing team. Soon he was turning heads internationally and tapped to take on the most forbidding enduro courses the sport could throw at him. But the clock and the elements weren't his only adversaries. The death of his adored sister, Min; the tragic loss of mentors and rivals in the desert; countless broken bones and an accident that should have paralysed him for life - Toby's story is a study in staying true to yourself and following your passion to its ultimate end: rain, hail or shine. The person who emerged from the crucible of so many trials is now one of the most beloved figures in Australian sport, a kid from the country whose need for speed took him to the top of the podium - and he's not about to slow down now.

*Circles in the Sand* Alastair Walker, 2015-11-03 Motorcycle journalist Alastair Walker packed his tent and joined the 2001 Paris-Dakar rally press

plane. Follow his adventure as he sleeps rough on desert airstrips, goes slightly mad on anti-malaria drugs, almost freezes to death in the Atlas mountains, and argues with heavily armed men over the price of water. This is a look behind the scenes of one of the great car, truck and motorcycle races. It featured BMW vs KTM in a bitter war of attrition to the flag; crashes, dubious rule changes, landmines, thieves and gunfire in the night. The 2001 Dakar was a dangerous event, for both riders and crew. Walker takes you alongside Brit enduro racer John Deacon and offers the reader a unique insight into how this crazy circus travelled across North West Africa, as riders challenged the searing heat and dust of the Sahara.

**Nevada Rally** Paul Clipper,2021-02-10 There are motorcycle events every weekend, but truly epic events only happen on the rare occasion. The Nevada Rally was such an event. Planned and executed by Franco Acerbis and his Acerbis Adventure team, the Nevada Rally swept into the Silver

State in 1993 and created a sensation that is still talked about today. This Kindle book is the story of the three years of the Nevada Rally. Originally covered extensively in Trail Rider magazine, this compilation is a combination of new material, reprints from the magazine and photos taken at the event. Each year of the rally is given a chapter in the book, as seen through the eyes of the author, who participated in the rally each year; two years working for the organization and the third year as a racer. Seeing the event from three different vantage points in three different years was a rare treat, claims Paul Clipper, a 25 year veteran of Trail Rider magazine and lifelong off-road enthusiast. Never before or since have I been able to feel so immersed in a race. In the end, it was, just as Franco envisioned, one huge family of like-minded people brought together to experience every human emotion imaginable in one non-stop week of activity in the Nevada desert. This book is intended to serve as a retrospective on the 20th anniversary of the first Nevada Rally in 1993, as well as a salute to the efforts of Acerbis Adventure and Franco Acerbis, who had the vision to see what a great event he was creating, and the strength to pull it off. The Nevada Rally was truly the American Adventure, and this eBook will be an entertaining read for offroad racing enthusiasts everywhere.
