Mick Walker's European Racing Motorcycles Mick Walker, 2000 While the history of European competition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

Peter Williams Designed To Race Peter Williams, 2012-10-14 On his day, Peter Williams was the best motorcycle road racer in the world and is one of that small band of sportsmen, 'the best never to win a World Championship'. Peter's unique career in the 1960s and 1970s as racer, designer and development engineer culminated in many great victories on bikes from 125cc to 750cc. For two months in 1967 he led the 500cc class of the World Championship on his single cylinder 500cc MkI Arter Matchless Special against the much more powerful Honda and MV Augusta multis of Mike Hailwood and Giacomo Agostini. Just when he was, perhaps, due for a 'works' ride, the Japanese withdrew from Grand Prix road racing and Peter joined the re-emergent manufacturers of Norton. Peter had two consuming passions; riding his motorcycles at 10/10ths of the limit, and for Britain to regain motorcycle supremacy. Indeed, the latter was his mission, his crusade, and so he rode almost exclusively British motorcycles but, interestingly, won his only Grand Prix on a foreign one. Peter's engineering designs gave him advantage on the race track and set the trends for what motorcycles are today. He was one of the first to design and race with disc brakes, the first in the world to design and use cast magnesium wheels and tubeless tyres. Peter won the 1970 500cc class British Championship and was the first in motorcycle racing to benefit from tobacco sponsorship. The 1973 John Player Norton 'Monocoque' incorporated all his previous experiments and the first twin spar frame. The pinnacle of his career came on this machine when he won the Formula 750 TT in the Isle of Man with record race and lap speeds. Peter's racing career came to an end in 1974 with a terrible crash at Oulton Park but his engineering continued with work at Cosworth Engineering and Lotus Engineering. Motorcycle innovation continues, too, with his true monocoque design, his Shell Chassis, which, in its electric drive form, finished 5th in its very first outing in the 2010 TT Zero.

Feel Freddie Spencer, 2017-04-20 *Feel* is the story of how a small-time boy from humble beginnings in Louisiana rose to the pantheon of greats, to win the 500cc and 250cc GP Championship in the same year - an historic achievement over three decades ago which has never been repeated. Growing up at the time of the assassination of Malcolm X and Martin Luther King, Freddie judged by feel, not by colour. Blind to prejudice and discrimination, he formed dynamic connections with people and events, but only years later during his racing afterlife could Freddie come to understand the true power of the things he learned. Spencer is an articulate and compassionate guide as he describes the thrill and horror of racing in an era when death was a perennial threat. He recalls in pin-sharp detail the frenetic high-octane racing duels with the 'King' Kenny Roberts, but also describes a parallel internal journey as he struggled to make sense of it all. Driven by a search for the personal fulfilment that comes through finding your purpose, Freddie's story is a universal one. In its message of hope, *Feel* transcends its genre to offer a story for everyone. Part thriller, part philosophical self-exploration, it is a remarkably insightful account of what it is like to have it all, but wonder why. "For the first time I will talk about the traumas of my childhood, the contrast between the leaf fire burns, the mistrust and discomfort and the peace and purpose I felt when riding my bike. I didn't tell my parents about something that happened to me. Why? I felt ashamed, but when I rode I felt connected to everything and the pain in my hand and heart would go away. It gave me the feeling of hope".

The Autobiography of Jim Redman Jim Redman,1998-09 Jim Redman won World Championships six times in the 250cc and 350cc class during the Golden Era of motorcycle racing. This is the extraordinary life story of the penniless orphan and colonial adventurer who, aboard the most glamorous racing motorcycles, roared to six World Championships and won for himself the reputation of hard man of the race track and shrewd professional of the paddock.

The History of World Championship Motorcycle Racing Ron Maggs,2009

Jim Redman Jim Redman,2013-10-18 The incredible rags-to-riches story of one of the world's greatest motorcycle racers. From humble beginnings in 1930s London, to winning six world titles, Jim Redman MBE is one of GPs most extraordinary characters, and a true legend of motorcycle racing. After migrating to South Africa, he started his racing career in the mid-fifties, and was awarded an MBE in 1964 – a year that also saw him win three World Championships in a single day, a feat, to this day, matched only by Mike Hailwood. During the mid-60s, Jim was THE man to beat on track, but a bad crash at the '66 Belgian GP ended his racing career. Following this, Jim was involved in a number of business ventures – including helping his two sons with their own successful sports careers, and owning a champion sire race horse – until, in 1995, he once again took up a career in racing as a Classic Racer and Demonstration Rider.

Grand Prix Motorcycle Racers Norm DeWitt,2010-09-16 Until the 1970s, North America was considered a backwater with respect to world championship-level motorcycle road racing. European racers viewed American riders as being less talented and rode around in circles on tracks made of dirt. That all changed when Kenny Roberts exploded onto the Grand Prix racing scene and became the first American to win the world championship in motorcycle road racing's premier class. Roberts' success launched an era of American dominance that lasted for nearly 20 years and still echoes through the annals of the sport. This is the story of the legendary American riders who beat the Europeans at their own game, including Freddie Spencer, Eddie Lawson, Wayne Rainey, Kevin Schwantz, Kenny Roberts Jr., and the most recent American world champion, Nicky Hayden. With additional chapters about the American World Superbike champions and those Americans who competed for the World Championship, this is the story road racing fans have been waiting decades to read.

Valentino Rossi Mat Oxley,2006 The fourth edition of this best-selling paperback includes a complete new chapter and photographs to cover the 2005 season and Rossi's fifth consecutive World Championship title. After quitting the dominant Honda factory at the end of 2003 for the unfancied Yamaha outfit, Rossi proved that he could still quell his MotoGP opposition. Beating off the Honda hordes, the popular Italian left his former bosses with seriously red faces. Rossi's achievements on the Yamaha have stunned even the sport's most cynical observers, convincing them that he's the greatest bike rider ever.

Pirelli Album of Motor Racing Heroes John Surtees,Sydney Higgins,1992 Featuring such legends of motor racing as Mario Andretti, Stirling Moss and Jackie Stewart, this book, by the 1964 Formula One Champion, looks at their exploits on the race track. Through interviews with families and friends, it also studies their personal lives and family backgrounds.

Valentino Rossi Mat Oxley,2006 Fabulous full-color photographs capture the larger-than-life character of arguably the greatest motorcycle racer of all time and one of the world's most charismatic sporting personalities, both on and off the track. Rossi's life is charted from his earliest days, following his graduation through the ranks, winning the 125, 250 and 500 World Championships, to his domination of the 200mph MotoGP class, first with Honda and then in 2004 and 2005 with the previously under performing Yamaha squad. This is a visual treat for all who appreciate Rossi's talent and take on life in this age of conformist motor sport.
