A Guide to Motorcycle Racing Hedley J.

Cox, 2015-05-14 United States motorcycle enthusiasts can learn a lot by looking to their peers in Europe, which has as rich a history as they do. Hedley J. Cox was living in England when he became involved in racing in the early 1950s. An engineer of the first order, he raced and designed machines and traveled with a team to International Grand Prix meetings in Europe. In this behind-the-scenes look at the world of motorcycle racing, you'll learn the answers to questions such as: How does management politics affect racing? Why did British motorcycle

manufacturers lose the spirit of adventure that is so necessary in racing? What happened when that sense of adventure was lost? He also examines the state of racing in the Canada, where he raced for a big manufacturer after moving to the United States. At every turn and curve, he encouraged others to embrace new ideas to beat competitors. Join the author on a fascinating journey that spans thousands of miles with three different manufacturers with *A Guide to Motorcycle Racing*.

Motocross Mike Charles Loomis, 2004-07-01 Mike Porter is an excellent Motocross racer. He works

after school for Bill Maslak in a Honda cycle shop that is owned jointly by Bill and Mike's mother. Bill is his sponsor, mechanic and mentor since Mike's father's death in a tragic motorcycle racing accident. Ann Porter, Mike's mother, is not a supporter of Mike's racing having lost her husband to the sport. She wants Mike to go to college instead. Mike is a little on the overconfident side. He has an accident in the last race of the previous season that puts him out of contention for a factory sponsorship. He hopes to prove himself and secure the sponsorship in the new season. He also has a rival, Walter Ackley, who is a good rider but a particularly nasty individual. His goal is to injure Mike during races so he can secure the sponsorship for himself. Follow Mike's heroic efforts to capture his dream in the book *Motocross Mike*. More adventures with Mike Porter will follow soon in *Motocross Mike Races Supercross*. ##### Cover Art by Jim Brosch

Kicking Up Dirt Ashley Fiolek, Caroline Ryder, 2010-04-27 At nineteen, Ashley Fiolek is already the top female competitor in a tough men's sport: motocross, a form of off-road motorcycle racing that is one of the most competitive and dangerous extreme sports in the world. Since going pro in late 2007, Fiolek has taken gold at the X Games, won the American Women's Motocross

Championship twice, and become the first woman in American motocross history to be signed to a factory team—the highest echelon of industry backing. But Fiolek's rise has not come without obstacles. Fiolek was born profoundly deaf, a handicap that makes everyday life difficult—and competition on the track downright dangerous. Originally misdiagnosed as mildly retarded, she was a painfully shy and introverted child—until her parents introduced her to the world of dirt bikes, which helped her escape the silence in her head and connect with others who shared her passion. She began racing at seven, and as her successes grew through hard work and no small number of broken bones, so did her confidence. Fiolek has never believed her disability should stand in the way of her dreams. Nor has she allowed her gender to limit her career—motocross historically has been a men's sport, but with the love and support of her dirt-obsessed family, including her Grandpa Motorcycle, her little brother, Kicker, and her dogs, Turbo and Rocco, Ashley has emerged as one of the sport's most talked-about stars, changing the way the entire industry views women. Armed with her extraordinary talent, contagious grin, and deep faith in God, Fiolek continues to venture into unknown territory, relentlessly pushing herself—and women's motocross—to ever-greater heights. Kicking Up Dirt is a remarkable, inspiring tale of a young woman's courage and determination to succeed in the face of truly challenging obstacles.

Motorcycles Race on Brent Rasmussen, 2013-03-19 Jesse's dreams of motocross glory begin to take shape when he receives his first motorcycle upon his eighth birthday. Much to his delight and astonishment, he soon learns that the family business along with the tutelage of his racing hero, Braxton Olson may catapult him to the exhilarating thrills that he seeks in the

circuits. Along the way, though, Jesse must learn the importance of sportsmanship, the emphasis on safety in his beloved sport, and how to overcome tragedy. In *Motorcycles Race On*, Rasmussen encourages his readers young and old alike to reacquaint themselves with their dreams and passions. Realizing dreams, however, requires hard work, sweat, some exhausting days, and the occasional tearful moments. Through the inspiring journey of young Jesse Thompkins, Rasmussen hopes you may find your own hero, follow your dreams, and become someone else's hero.

Motocross Racing Jack David, 2013-08-01 Motocross racing has been growing in popularity since the 1950s. The technology and competitions have changed, but the fast-paced action has not. Students will learn about the history of motocross racing, the equipment required to race, and how competition works.
