**The Middle and Late Jurassic Intrashelf Basin of the Eastern Arabian Peninsula** A.O. Wilson,2020-12-04 This memoir provides a thorough review of the geology of the rimmed Arabian Intrashelf Basin, reconciling differing interpretations of lithostratigraphy, sequence stratigraphy and biostratigraphy. Variation of energy levels and facies due to its setting in the SE palaeotradewind belt are described. The roles subtle tectonism played in developing the basin and in the Late Jurassic creating restriction by uplift and exposure of the Tethys shelf are evaluated. The intrashelf basin formed during rising sea level as a single rimmed carbonate intrashelf basin. A possible global cooling phase resulted in a lowstand which restricted the basin, resulting in petrographically unique carbonate source rock facies dominated by cyanobacterial deposition. Two subsequent 3rd order carbonate sequences largely filled the basin. Eustatic change concomitant with uplift of the Tethys shelf resulted in alternation of carbonates and evaporites (gypsum-anhydrite) across the region. The end result was a sealed intrashelf basin which preserved early-formed porosity and confined generated hydrocarbons within the intrashelf basin facies.

HOME STRETCH Louis H. Potvin,2014-04 This is the story of Louis Potvin, a successful entrepreneur and self-made man. HOME STRETCH follows Louis' first book, LOUIS' PLACE, which outlined the first 50 years of his life and his many accomplishments. HOME STRETCH covers the remaining years of Louis' life with his wife and business partner of 38 years, Carol Potvin. HOME STRETCH is about Louis and Carol's life together at Lillooet Lake, a beautiful and rugged mountainous region north of Whistler and Pemberton, located in British Columbia, Canada. Before there was road access Louis made this mountainous area his home, and developed it for pioneer families who wanted to live off the grid, some of whose stories are relived within the book. This included developing state of the art services, such as setting up a sawmill, schooling in water and disposal systems, operating and maintaining machinery, and building a water turbine for electricity and telephone hookup where no service existed. Living at Lillooet Lake is not without its challenges - over the years forest fires, snow, bears and other wildlife have competed for Louis and Carol's attention. However, this was a small price to pay to be able to enjoy the beauty of the lake and its surroundings. A beauty that both Louis and Carol, along with their children, grandchildren and friends, have enjoyed for over 40 years. If you enjoyed reading Louis' first book you will enjoy HOME STRETCH even more.
