Marathon Man William Goldman, 2013-01-08 A Nazi conspiracy in the heart of modern-day Manhattan—the blockbuster New York Times bestseller that became the classic film thriller. At Columbia University, Thomas “Babe” Levy, a postgrad history student and aspiring marathon runner, is working to clear his late father’s name after the scandal of his suicide, triggered by the McCarthy hearings and accusations of Communist affiliations. In Paraguay, Dr. Christian Szell, former Nazi dentist and protégé of Josef Mengele, has been in exile for decades. Infamous as the “White Angel of Auschwitz,” he’s leaving his South American sanctuary to smuggle a fortune in gems out of New York City. Meanwhile, in London’s Kensington Gardens, an international assassin known only as Scylla has completed a hit. A man with too many secrets and twice as many enemies, Scylla has become a target himself, with only one place left to turn. Then, when Babe’s revered older brother, Doc, pays him a fateful and unexpected visit, it sets in motion a chain of events plunging Babe into a paranoid nightmare of family betrayal, international conspiracy, and the dark crimes of history. Now, the marathon man is running for his life, and closer to answering a single cryptic and terrifying question: “Is it safe?” William Goldman’s *Marathon Man* was adapted by the author for the award-winning 1976 film starring Dustin Hoffman and Laurence Olivier. Upon its publication, the Washington Post called it “one of the best novels of the year,” and it remains a powerful, horrifying read. In the words of #1 New York Times–bestselling author Harlan Coben: “I found myself racing through it. You could have put a gun to my head, and I wouldn’t have been able to put [Marathon Man] down.” This ebook features a biography of William Goldman.

ShockDecember Charles Roxburgh, 2002-11 21 horror movies in 48 hours. Had anything comparable ever been attempted? Would it be possible to absorb such a volume of madness and stupidity? Could we maintain our sanity after such a barrage of bad taste. Out of these questions an experiment was born—an experiment that will forever be known as ShockDecember. Three young men push the limits of taste and sanity by plunging headlong into the movie marathon to end all movie marathons. Misleading box covers! Foolish teenage victims! Continuity errors galore! The pole vault to freedom! Multiple Donald Pleasance sightings! Rampaging panavans! Tom Hanks and his diatribe on fear! And the worm eating, the glorious worm eating! The mind-bending experience of ShockDecember is documented within these pages.

The Hundred-Year Marathon Michael Pillsbury, 2015-02-03 One of the U.S. government's leading China experts reveals the hidden strategy fueling that country's rise – and how Americans have been seduced into helping China overtake us as the world's leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China's rise will bring us cooperation, diplomacy, and free trade. But what if the China Dream is to replace us, just as America replaced the British Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, The Hundred-Year Marathon reveals China's secret strategy to supplant the United States as the world's dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People's Republic. Michael Pillsbury, a fluent Mandarin

speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the hawks in China's military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders – as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped – sometimes unwittingly and sometimes deliberately – to make this China Dream come true, and he calls for the United States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. The Hundred-Year Marathon is a wake-up call as we face the greatest national security challenge of the twenty-first century.

Boston Strong Casey Sherman, Dave Wedge, 2015-02-03 Veteran journalists Casey Sherman and Dave Wedge have written the definitive inside look at the Boston Marathon bombings with a unique, Boston-based account of the events that riveted the world. Based on months of intensive interviews, this is the first book to tell the entire story through the eyes of those who experienced it. From the cop first on the scene, to the detectives assigned to the manhunt, the authors provide a behind-the-scenes look at the investigation. Air Force Cop: An Autobiography Kelly D. Harrison, 2019-09-10 Air Force Cop An Autobiography By: Kelly D. Harrison The enforcement of law in the US Armed Forces is covered by the Uniform Code of Military Justice and, when applicable, Title 18 of the US Code. There are other regulations and directives that can result in punitive action. The US Armed Forces is a US taxpayer funded enterprise with the US Army and US Navy almost as old as the nation itself. Crimes against property in the armed forces are not like that of breaking into a privately owned jewelry store in New York City, since all property “owned” by the military branches is property of the US Government.

Military members and others who damage, destroy or steal property of the US Government and fellow military members are dealt with harshly. This includes those military members and civilians who commit murder, rape, acts of serious bodily injury and other “index crimes” such as auto theft, arson, kidnapping, etc., within the jurisdiction of the federal government. The US Armed Forces have several consolidated confinement facilities and the US Disciplinary Barracks at Ft. Leavenworth, Kansas. Each military branch has their own police and investigative agencies for dealing with crimes against property and people. In the US Air Force, there are the Security Forces (previously known as Air Police and Security Police) for protection of base resources, traffic control enforcement and investigation of misdemeanor offenses. The Air Force Office of Special Investigations (AFOSI) is a cadre of enlisted, officer and civilian special agents (all with Federal Law Enforcement Officer status) who are highly trained in specialties such as forensics, fraud, counter-intelligence, polygraph, computer crimes, electronic technical support (hidden cameras, electronic sweeping for covert recording devices, etc.) and general crimes such as arson, homicides, child abuse along with every other imaginable offense against property and people.
