The Free State of Jones, Movie Edition Victoria E.

Bynum,2016-01-25 Between late 1863 and mid-1864, an armed band of Confederate deserters battled Confederate cavalry in the Piney Woods region of Jones County, Mississippi. Calling themselves the Knight Company after their captain, Newton Knight, they set up headquarters in the swamps of the Leaf River, where they declared their loyalty to the U.S. government. The story of the Jones County rebellion is well known among Mississippians, and debate over whether the county actually seceded from the state during the war has smoldered for more than a century. Adding further controversy to the legend is the story of Newt Knight's interracial romance with his wartime accomplice, Rachel, a slave. From their relationship there developed a mixed-race community that endured long after the Civil War had ended, and the

ambiguous racial identity of their descendants confounded the rules of segregated Mississippi well into the twentieth century. Victoria Bynum traces the origins and legacy of the Jones County uprising from the American Revolution to the modern civil rights movement. In bridging the gap between the legendary and the real Free State of Jones, she shows how the legend--what was told, what was embellished, and what was left out--reveals a great deal about the South's transition from slavery to segregation; the racial, gender, and class politics of the period; and the contingent nature of history and memory. In a new afterword, Bynum updates readers on recent scholarship, current issues of race and Southern heritage, and the coming movie that make this Civil War story essential reading. The Free State of Jones film, starring Matthew McConaughey, Gugu Mbatha-Raw, and Keri Russell, will be released in May 2016.

To Free the Cinema David E. James, 2020-10-06 Jonas Mekas, one of the driving forces behind New York's alternative film culture from the 1950s through the 1980s, made for an unlikely counterculture hero: a Lithuanian emigr and fervent nationalist from an agrarian family, he had not grown up with either capitalist commercialism or the postwar rebellion against it. By focusing on his sensitivity to political struggle, however, leading film commentators here offer fascinating insights into Mekas's career as a writer, film distributor, and film-maker, while exploring the history of independent cinema in New York since World War II. This collection of essays, interviews, and photographs addresses such topics as Mekas's column in the *Village Voice*, his foundation and editorship of *Film Culture*, his role in the establishment of

Anthology Film Archives and The Film-Makers Co-op (the major distribution center for independent film), his interaction with other artists, including John Lennon and Yoko Ono, and finally the critical assessment of his own films, from *Guns of the Trees* and *The Brig* in the sixties to the diary films that followed *Walden*. The contributors to this volume are Paul Arthur, Vyt Bakaitis, Stan Brakhage, Robert Breer, Rudy Burckhardt, David Curtis, Richard Foreman, Tom Gunning, Bob Harris, J. Hoberman, David E. James, Marjorie Keller, Peter Kubelka, George Kuchar, Richard Leacock, Barbara Moore, Peter Moore, Scott Nygren, John Pruitt, Lauren Rabinovitz, Michael Renov, Jeffrey K. Ruoff, and Maureen Turim.

The Negro Motorist Green Book Victor H. Green, The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists.

You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The Public Domain Stephen Fishman,2000 Explains how to find and use creative works without permission or fees, describing how to recognize whether or not a work is in the public domain.

The Free State of Jones Victoria E. Bynum,2003-02-01 Across a century, Victoria Bynum reinterprets the cultural, social, and political meaning of Mississippi's longest civil war, waged in the Free State of Jones, the southeastern Mississippi county that was home to a Unionist stronghold during the Civil War and home to a large and complex mixed-race community in the late nineteenth and twentieth centuries.

Hope for Film Ted Hope,Anthony Kaufman,2020-08-18

“Essential for the aspiring filmmaker,” this is an inspiring, tell-all look at the independent film business from one of the industry's most passionate supporters (Todd Solondz, director of *Welcome to the Dollhouse*) Hope for Film captures the rebellious punk spirit of the indie film boom in 1990s New York City and its collapse two decades later to its technology-fueled regeneration and continuing

streaming-based evolution. Ted Hope, whose films have garnered 12 Oscar nominations, draws from his own personal experiences working on the early films of Ang Lee, Eddie Burns, Alan Ball, Todd Field, Hal Hartley, Michel Gondry, Nicole Holofcener, and Todd Solondz, as well as his tenures at the San Francisco Film Society, Fandor, and Amazon Studios, taking readers through the decision-making process that brought him the occasional failure as well as much success. Whether navigating negotiations with studio executives over final cuts or clashing with high-powered CAA agents over their clients, Hope offers behind-the-scenes stories from the wild and often heated world of “specialized” cinema--where art and commerce collide. As mediator between these two opposing interests, Hope offers his unique perspective on how to make movies while keeping your integrity intact and how to create a sustainable business enterprise out of that art while staying true to yourself. Against a backdrop of seismic changes in the independent film industry, from corporate co-option to the rise of social media and the streaming giants, Hope for Film provides not only an entertaining and intimate ride through the business of arthouse movies over the last decades, but also hope for its future. “There is nobody in the independent film world quite like Ted

Hope. His wisdom and heart shine through every page.” —Ang Lee, Academy Award winning director of Brokeback Mountain

Movie Title Typos Austin Light, 2015-09-22 “Light took the best movie title typos from an AskReddit thread and brought them to life in some of the funniest pieces of art you’ll ever see.” —Bustle In *Movie Title Typos*, artist Austin Light removes just one letter from a well-known movie title to inspire a surprising and hilarious visual scenario. There’s Obocop (a robotic police officer works through his PTSD by playing smooth jazz), T. (a boy meets a jewelry-clad alien who pities fools), Harry Otter, The Princess and the Fro, Finding Emo, Pup Fiction, and many more. A massive viral hit when he first posted sketches of the work online (1.2 million hits in the first six hours), Light has created new full-color illustrations for all, with the majority of the book’s content never before seen on the Web. Here is a parallel universe glimpse at could-have-been films possibly better—definitely funnier—than the originals. “So damn awesome.” —MTV “Austin Light combined two passions—art and movies—to create a really fun little book . . . The best part of this quirky little book and the idea behind it, is that it’s addictive.” —Geeks of Doom

Freedom to Offend Raymond J. Haberski Jr., 2007-03-16 In the

postwar era, the lure of controversy sold movie tickets as much as the promise of entertainment did. In *Freedom to Offend*, Raymond J. Haberski Jr. investigates the movie culture that emerged as official censorship declined and details how the struggle to free the screen has influenced our contemporary understanding of art and taste. These conflicts over film content were fought largely in the theaters and courts of New York City in the decades following World War II. Many of the regulators and religious leaders who sought to ensure that no questionable content invaded the public consciousness were headquartered in New York, as were the critics, exhibitors, and activists who sought to expand the options available to moviegoers. Despite Hollywood's dominance of film production, New York proved to be not only the arena for struggles over film content but also the market where the financial fates of movies were sealed. Advocates for a wider range of cinematic expression eventually prevailed against the forces of censorship, but *Freedom to Offend* is no simple homily on the triumph of freedom from repression. In his analysis of controversies surrounding films from *The Bicycle Thief* to *Deep Throat*, Haberski offers a cautionary tale about the responsible use of the twin privileges of free choice and free expression. In the libertine 1970s,

arguments in favor of the public's right to see challenging and artistic films were twisted to provide intellectual cover for movies created solely to lure viewers with outrageous or titillating material. Social critics who stood against this emerging trend were lumped in with the earlier crusaders for censorship, though their criticism was usually rational rather than moralistic in nature. Freedom to Offend calls attention to what was lost as well as what was gained when movie culture freed itself from the restrictions of the early postwar years. Haberski exposes the unquestioning defense of the doctrine of free expression as a form of absolutism that mirrors the censorial impulse found among the postwar era's restrictive moral guardians. Beginning in New York and spreading across America throughout the twentieth century, the battles between these opposing worldviews set the stage for debates on the social effects of the work of artists and filmmakers.
