Saltwater Jessica Andrews, 2020-01-14 A Best Book of 2020: Open Letters Review Andrews's writing is transportingly voluptuous, conjuring tastes and smells and sounds like her literary godmother, Edna O'Brien . . . What makes her novel sing is its universal themes: how a young woman tries to make sense of her world, and how she grows up. –Penelope Green, The New York Times Book Review This "luminous" (The Observer) feminist coming-of-age novel captures in sensuous, blistering prose the richness and imperfection of the bond between a daughter and her mother. It begins with our bodies . . . Safe together in the violet dark and yet already there are spaces beginning to open between us. From that first immaculate, fluid connection, through the ups and downs of a working-class childhood in northern England, the one constant in Lucy's life has been her mother: comforting and mysterious, ferociously loving, tirelessly devoted, as much a part of Lucy as her own skin. Her mother's lessons in womanhood shape Lucy's appreciation for desire, her sense of duty as a caretaker, her hunger for a better, perhaps reckless life. At university in glamorous London, Lucy's background sets her apart. And then she is finished, graduated, adrift. She escapes to a tiny house in Donegal left empty by her grandfather, a place where her mother once found happiness. There she will take a lover, live inside art and the past, and track back through her memories and her mother's stories to make sense of her place in the world. In "a stunning new voice in British literary fiction" (The Independent) that lays bare our raw, dark selves, Jessica Andrews's debut honors the richness and imperfection of the bond between a daughter and her mother. Intricately woven in lyrical vignettes, *Saltwater* is a novel of becoming-- a woman, an artist-- and of finding a way forward by looking back.

A Handbook for Constructive Living David K. Reynolds, 2002-04-30 Here, in plain language, is the definitive guide for taking control of your life and imbuing it with greater meaning and productivity. Constructive Living is an action-based way of looking at the world that combines good, old-fashioned straight talk and the celebrated Japanese psychotherapies Morita and Naikan. David Reynolds, the father of this brilliantly simple and effective therapy, shows us how to live thoughtfully and economically, to regard our actions as if they were divine rituals, and to perform them with the utmost care. He contends that contentment is achieved, not bestowed--attaining peace and satisfaction takes daily practice and learning. With user-friendly anecdotes, practical exercises, and a sense of humor, he refreshes the experienced student and takes the novice to the beginning, laying out the essence of Constructive Living.

The Good Bohemian Michael Holroyd, Rebecca John, 2017-05-04 Captivatingly fresh and intimate letters from Augustus John's first wife, Ida, reveal the untold story of married life with one of the great artists of the last century. Twelve days before her twenty-fourth birthday, on the foggy morning of Saturday 12 January 1901, Ida Nettleship married Augustus John in a private ceremony at St Pancras Registry Office. The union went against the wishes of Ida's parents, who aspired to an altogether more conventional match for their eldest daughter. But Ida was in love with Augustus, a man of exceptional magnetism also studying at the Slade, and who would become one of the most famous artists of his time. Ida's letters – to friends, to family and to Augustus – reveal a young woman of passion, intensity and wit. They tell of the scandal she brought on the Nettleship family and its consequences; of hurt and betrayal as the marriage evolved into a three-way affair when Augustus fell in love with another woman, Dorelia; of Ida's remarkable acceptance of Dorelia, their pregnancies and shared domesticity; of self-doubt, happiness and despair; and of finding the strength and courage to compromise and navigate her unorthodox marriage. Ida is a naturally gifted writer, and it is with a candour, intimacy and social intelligence extraordinary for a woman of her period that her correspondence opens up her world. Ida John died aged just thirty of puerperal fever following the birth of her fifth son, but in these vivid, funny and sometimes devastatingly sad letters she is startlingly alive on the page; a young woman ahead of her time – almost of our own time – living a complex and compelling drama here revealed for the first time by the woman at its very heart.

Good Poems Various, 2003-08-26 America's beloved author, humorist, and storyteller offers a selection of meaningful and enjoyable poems Every day people tune in to The Writer's Almanac on public radio and hear Garrison Keillor read them a poem. And here, for the first time, is an anthology of poems from the show, chosen by Keillor for their wit, their frankness, their passion, their utter clarity in the face of everything else a person has to deal with at 7 a.m. Good Poems includes verse about lovers, children, failure, everyday life, death, and transcendence. It features the work of classic poets, such as Emily Dickinson, Walt Whitman, and Robert Frost, as well as the work of contemporary greats such as Howard Nemerov, Charles Bukowski, Donald Hall, Billy Collins, Robert Bly, and Sharon Olds. It's a book of poems for anybody who loves poetry whether they know it or not.

Minions: Seek and Find Trey King, 2015-05-26 The story of Universal Pictures and Illumination Entertainment's Minions begins at the dawn of time. Starting as single-celled yellow organisms, Minions evolve through the ages, perpetually serving the most despicable of masters. Continuously unsuccessful at keeping these masters from T. rex to Napoleon the Minions find themselves without someone to serve and fall into a deep depression. But one Minion named Kevin has a plan, and he- alongside teenage rebel Stuart and lovable little Bob- ventures out into the world to find a new evil boss for his brethren to follow. The trio embarks upon a thrilling journey that ultimately leads them to their next potential master, Scarlet Overkill (Academy Award® winner Sandra Bullock), the world's first-ever female super-villain. They travel from frigid Antarctica to 1960s New York City, ending in mod London, where they must face their biggest challenge to date: saving all of Minionkind...from annihilation. Featuring a soundtrack of hit music from the '60s that still permeates our culture today, Minions is produced by Illumination's Chris Meledandri and Janet Healy, and is directed by Pierre Coffin and Kyle Balda. Brian Lynch has written the screenplay for the 3D-CG comedy adventure, and Chris Renaud serves as executive producer of the film. A fun seek and find book based on the feature film!

A Historical Review and Analysis of Army Physical Readiness Training and Assessment Whitfield East, 2013-12 The Drillmaster of Valley Forge- Baron Von Steuben- correctly noted in his Blue Book how physical conditioning and health (which he found woefully missing when he joined Washington's camp) would always be directly linked to individual and unit discipline, courage in the fight, and victory on the battlefield. That remains true today. Even an amateur historian, choosing any study on the performance of units in combat, quickly discovers how the levels of conditioning and physical performance of Soldiers is directly proportional to success or failure in the field. In this monograph, Dr. Whitfield Chip East provides a pragmatic history of physical readiness training in our Army. He tells us we initially mirrored the professional Armies of Europe as they prepared their forces for war on the continent. Then he introduces us to some master trainers, and shows us how they initiated an American brand of physical conditioning when our forces were found lacking in the early wars of the last century. Finally, he shows us how we have and must incorporate science (even when there exists considerable debate!) to contribute to what we do- and how we do it- in shaping today's Army. Dr. East provides the history, the analysis, and the pragmatism, and all of it is geared to understanding how our Army has and must train Soldiers for the physical demands of combat. Our culture is becoming increasingly "unfit, due to poor nutrition, a lack of adequate and formal exercise, and too much technology. Still, the Soldiers who come to our Army from our society will be asked to fight in increasingly complex and demanding conflicts, and they must be prepared through new, unique, and scientifically based techniques. So while Dr. East's monograph is a fascinating history, it is also a required call for all leaders to better understand the science and the art of physical preparation for the battlefield. It was and is important for us to get this area of training right, because getting it right means a better chance for success in combat.

Saltwater: Winner of the Portico Prize Jessica Andrews, 2019-05-16 WINNER OF THE PORTICO PRIZE 'A distinctive new voice for fans of 'Fleabag' or Sally Rooney' Independent 'Raw, intimate and authentic' The Sunday Times 'Gorgeous . . . Andrews's writing is transportingly voluptuous' New York Times When Lucy wins a place at university, she thinks London will unlock

her future. It is a city alive with pop up bars, cool girls and neon lights illuminating the Thames at night. At least this is what Lucy expects, having grown up seemingly a world away in working-class Sunderland, amid legendary family stories of Irish immigrants and boarding houses, now defunct ice rinks and an engagement ring at a fish market. Yet Lucy's transition to a new life is more overwhelming than she ever expected. As she works long shifts to make ends meet and navigates chaotic parties from East London warehouses to South Kensington mansions, she still feels like an outsider among her fellow students. When things come to a head at her graduation, Lucy takes off for Ireland, seeking solace in her late grandfather's cottage and the wild landscape that surrounds it, wondering if she can piece together who she really is. Lyrical and boundary-breaking, *Saltwater* explores the complexities of mother-daughter relationships, the challenges of shifting class identity and the way that the strongest feelings of love can be the hardest to define. 'Luminous' Observer 'Lyrically poetic' Evening Standard 'Disarmingly honest . . . I wish I had read this when I was 19.' Guardian

Breaking Vegan Jordan Younger, 2015-11-01 Finding balance in life is a goal many of us strive to achieve. Whether it's through a healthy diet, exercise regimen, state of mind, relationship, or other activity (or all of the above), we spend our days trying to be, and become, our best selves. But what happens when all that focus starts to dominate our lives? When our desire for perfect health trumps everything else, perhaps without us even realizing it? What happens when our solution starts becoming the problem? These are questions that author and popular blogger Jordan Younger faced when she decided that her extreme, plant-based lifestyle just wasn't working in favor of her health anymore--and questions that you may be facing too. In *Breaking Vegan*, Jordan reveals how obsessive healthy dieting eventually led her to a diagnosis of orthorexia, or a focus on healthy food that involves other emotional factors and ultimately becomes dysfunctional, even dangerous. In candid detail, Jordan shares what it was like to leave veganism, the downfall of her desire to achieve nutritional perfection, and how she ultimately found her way to recovery. In addition to this, Jordan outlines an anti-diet, whole-foods-based eating plan featuring more than 25 recipes to help inspire others to find similar balance in their own lives. *Breaking Vegan* is about tolerance and forgiveness. And ultimately, forging one's own path toward happiness.

Strategies for Sustainable Architecture Paola Sassi, 2006-09-27 Filling a gap in existing literature on sustainable design, this new guide introduces and illustrates sustainable design principles through detailed case studies of sustainable buildings in Europe, North America and Australia. The guide will provide the reader with a deeper understanding of the design issues involved in delivering sustainable buildings, and giving detailed description of the process of integrating principles into practice. Approximately one hundred case studies of sixty buildings, ranging from small dwellings to large commercial buildings, and drawn from a range of countries, demonstrate best current practice. The sections of the book are divided into design issues relating to sustainable development, including site and ecology, community and culture, health, materials, energy and water. With over 400 illustrations, this highly visual guide will be an invaluable reference to all those concerned with architecture and sustainability issues.

Notes Made While Falling Jenn Ashworth, 2019-11-12 A genre-bending meditation on sickness, spirituality, creativity, and the redemptive powers of writing. *Notes Made While Falling* is both a genre-bending memoir and a cultural study of traumatized and sickened selves in fiction and film. It offers a fresh, visceral, and idiosyncratic perspective on creativity, spirituality, illness, and the limits of fiction itself. At its heart is a story of a disastrously traumatic childbirth, its long aftermath, and the out-of-time roots of both trauma and creativity in an extraordinary childhood. Moving from fairgrounds to Agatha Christie, from literary festivals to neuroscience and the Bible, from Chernobyl to King Lear, Ashworth takes us on a fantastic journey through familiar landscapes transformed through unexpected encounters and comic combinations. The everyday provides the ground for the

macabre and the absurd, as the narration twists and stretches time. Hovering on the edge of madness, writing, it seems, might keep us sane—or might just allow us to keep on living. In *Notes Made While Falling*, Ashworth calls for a redefinition of the creative work of thinking, writing, teaching, and being, and she underlines the necessity of a fearlessly compassionate and empathic attention to vulnerability and fragility.

Holography David D. Dudley, 1973 The development of holography and the state of the art in recording and displaying information, microscopy, motion, pictures, and television applications are discussed. In addition to optical holography, information is presented on microwave, acoustic, ultrasonic, and seismic holography. Other subjects include data processing, data storage, pattern recognition, and computer-generated holography. Diagrams of holographic installations are provided. Photographs of typical holographic applications are used to support the theoretical aspects.

Wish You Well David Baldacci, 2000-10-01 Following a family tragedy, siblings Lou and Oz must leave New York and adjust to life in the Virginia mountains—but just as the farm begins to feel like home, they'll have to defend it from a dark threat in this New York Times bestselling coming-of-age story. Precocious twelve-year-old Louisa Mae Cardinal lives in the hectic New York City of 1940 with her family. Then tragedy strikes—and Lou and her younger brother, Oz, must go with their invalid mother to live on their great-grandmother's farm in the Virginia mountains. Suddenly Lou finds herself growing up in a new landscape, making her first true friend, and experiencing adventures tragic, comic, and audacious. When a dark, destructive force encroaches on her new home, her struggle will play out in a crowded Virginia courtroom...and determine the future of two children, an entire town, and the mountains they love.

Urban Combat Service Support Operations: The Shoulders of Atlas, 2003 The inevitability of U.S. Armed Forces future involvement in urban contingencies worldwide demands that those responsible for arming, manning, sustaining, and otherwise supporting these operations prepare for the challenges inherent in such undertakings. This report provides an overview of these tasks and ways in which the U.S. Army combat service support (CSS) community can prepare itself to meet them. The authors conclude that CSS operations, like other ground force undertakings, need not undergo fundamental changes simply because the environment is urban. CSS personnel approaching urban tasks will be better served by employing tried-and-true doctrine while anticipating and adapting to environmental conditions; recognizing that command and control requirements within CSS functional areas and between CSS, combat support, and combat elements should be uniform; and maintaining the flexibility essential to overcoming the extraordinary challenges inherent in urban undertakings. In the course of this study, the authors conducted literature reviews and interviews, and they drew on extensive prior research. The findings fall into two broad categories: (1) functional-area specific, applying exclusively to arming, manning, sustaining, moving, fixing, force protection, and selected other areas; and (2) those with broader application. Under the latter, the limited availability of many CSS assets will encourage their central management. Commanders will have to consider weighting front-line assets with low-density assets or keeping them centralized for dispatch as needed. CSS resources will require the same command, control, and communications assets as do other units. Additionally, CSS drivers and others throughout the area of operations are a potentially vital and underused source of intelligence. A bibliography of 12 books, 34 articles, 44 reports, 19 interviews, and 42 briefings and e-mails is included. (7 figures).

Strange Hotel Eimear McBride, 2020-05-05 From Eimear McBride, author of the award-winning *A Girl Is a Half-formed Thing*, comes the beguiling travelogue of a woman in exile: from her past, her ghosts, and herself. A nameless woman enters a hotel room. She's been here once before. In the years since, the room hasn't changed, but she has. Forever caught between check-in and check-out, she will go on to occupy other hotel rooms. From Avignon to Oslo, Auckland to Austin, each is as anonymous as the last but bound by rules of her choosing. There, amid the detritus of her travels,

the matchbooks, cigarettes, keys and room-service wine, she negotiates with her memories, with the men she sometimes meets, with the clichés invented to aggravate middle-aged women, with those she has lost or left behind--and with what it might mean to return home. Urgent and immersive, filled with black humour and desire, McBride's *Strange Hotel* is a novel of enduring emotional force.

Problem Solving Stephen Krulik, Jesse A. Rudnick, 1989 The teaching of problem solving begins the moment a child first enters school and the senior high school plays a major role in the development of this skill since a number of students terminate their formal education at the end of this period. This book combines suggestions for the teaching of problem solving with activities, problems, and strategy games that students find interesting as they gain valuable experiences in problem solving. Over 120 classroom-tested problems are included. Discussions in this volume include a definition of problem solving, heuristics, and how to teach problem solving. Also provided are collections of strategy games and nonroutine problems, including 35 reproducible blackline masters for selected problems and game boards; and a bibliography of 51 resources on problem solving.
