Hacker, Hoaxer, Whistleblower, Spy Gabriella Coleman,2015-10-06 The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside-outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

Monolithic Undertow Harry Sword,2022-04-19 An inspired and intuitive navigation of the drone continuum . . . with a compass firmly set to new and enlightening psychedelic truths-- BECK In 1977 Sniffin' Glue verbalised the musical zeitgeist with their infamous 'this is a chord; this is another; now form a band' illustration. The drone requires neither chord nor band, representing - via its infinite pliability and accessibility - the ultimate folk music: a potent audio tool of personal liberation. Immersion in hypnotic and repetitive sounds allows us to step outside of ourselves, be it chant, a 120dB beasting from Sunn O))), standing front of the system as Jah Shaka drops a fresh dub or going full headphone immersion with Hawkwind. These experiences are akin to an audio portal - a sound Tardis to silence the hum and fizz of the unceasing inner voice. The drone exists outside of us, but also - paradoxically - within us all; an aural expression of a universal hum we can only hope to fleetingly channel. Monolithic Undertow is the definitive text to explore the music of drone and its related genres. Exhaustively researched this tome will not leave music fans interested in drone, doom, metal, and folk music unsatisfied.

**About Face** Alan Cooper,Robert Reimann,David Cronin,Christopher Noessel,2014-09-02 The essential interaction design guide, fully revised and updated for the mobile age About Face: The Essentials of Interaction Design, Fourth Edition is the latest update to the book that shaped and evolved the landscape of interaction design. This comprehensive guide takes the worldwide shift to smartphones and tablets into account. New information includes discussions on mobile apps, touch interfaces, screen size considerations, and more. The new full-color interior and unique layout better illustrate modern design concepts. The interaction design profession is blooming with the success of design-intensive companies, priming customers to expect design as a critical ingredient of marketplace success. Consumers have little tolerance for websites, apps, and devices that don't live up to their expectations, and the responding shift in business philosophy has become widespread. About Face is the book that brought interaction design out of the research labs and into the everyday lexicon, and the updated Fourth Edition continues to lead the way with ideas and methods relevant to today's design practitioners and developers. Updated information includes: Contemporary interface, interaction, and product design methods Design for mobile platforms and consumer electronics State-of-the-art interface recommendations and up-to-date examples Updated Goal-Directed Design methodology Designers and developers looking to remain relevant through the current shift in consumer technology habits will find About Face to be a comprehensive, essential resource.

The Last Don Mario Puzo,2004-09-28 A masterful saga of the last great American Mafia family and its powerful reach into Hollywood and Las Vegas, from the author of The Godfather The Last Don is Domenico Clericuzio, a wise and ruthless old man who is determined to see his heirs established in legitimate society but whose vision is threatened when secrets from the family's past spark a vicious war between two blood cousins. The Last Don is a mesmerizing tale that takes us inside the equally corrupt worlds of the mob, the movie industry, and the casinos where beautiful actresses and ruthless hitmen are ruled by lust and violence, where sleazy producers and greedy studio heads are drunk on power, where crooked cops and desperate gamblers play dangerous games of betrayal, and where one man controls them all. Praise for The Last Don “Puzo is in top form. . . . Head-long entertainment, bubbling over with corruption, betrayal, assassinations, Richter-scale romance, and, of course, family values.”—Time “The most entertaining read since The Godfather.”—The New York Times Book Review “Skillfully crafted . . . It gives us Hollywood, Las Vegas, and the mob in one sweet dish.”—Los Angeles Times Book Review “Puzo returns after a quarter century to the terrain of his greatest success, The Godfather, to tell a second masterful tale of Mafia life.”—Variety “A compelling tale peopled by memorable characters . . . Puzo is a master storyteller with an uncanny facility for details that force the reader to keep the pages turning.”—USA Today

**Grime Kids** DJ Target,2019-07-23 For fans of Wiley, Dizzee Rascal and Stormzy, Grime Kids is the definitive inside story of Grime. 'An essential read for anyone with the slightest interest in the birth of Grime' The Wire 'Sharp and nostalgic' The Observer A group of kids in the 90s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names. What readers are saying about Grime Kids: 'Fantastic depiction of the inception of a genre that has spanned the millennium' 'Brilliant insight in to grim music from one of the pioneers of the scene' 'This book really sums up the feeling of being a DJ perfectly'

**Appetite for Self-Destruction** Steve Knopper,2009-12-15 For the first time, Appetite for Self-Destruction recounts the epic story of the precipitous rise and fall of the modern recording industry, from an author who has been writing about it for more than ten years. With unparalleled access to those intimately involved in the music world's highs and lows—including Warner Music chairman Edgar Bronfman Jr., renegade Napster creator Shawn Fanning, and more than 200 others—Steve Knopper is the first to offer such a detailed and sweeping contemporary history of the industry's wild ride through the past three decades. From the birth of the compact disc, the explosion of CD sales, and the emergence of MP3-sharing websites that led to iTunes, to the current collapse of the industry as CD sales plummet, Knopper takes us inside the boardrooms, recording studios, private estates, garage computer labs, company jets, corporate infighting, and secret deals of the big names and behind-the-scenes players who made it all happen. Just as the incredible success of the CD turned the music business into one of the most glamorous, high-profile industries in the world, the advent of file sharing brought it to its knees, and Knopper saw it all.

**Summer Skin** Kirsty Eagar,2018-05-29 From Kirsty Eagar, Summer Skin is a young adult novel about a modern-day riot grrl and an alpha male jock who explore love, trust, and double standards against the backdrop of today's hookup culture. Jess Gordon is out for revenge. Last year the jocks from Knights College tried to shame her best friend. This year she and a hand-picked college girl gang are going to get even. The lesson: Don't mess with Unity College girls. The target: Blondie, a typical Knights stud, arrogant, cold . . . and smart enough to keep up with Jess. A neo-riot grrl with a penchant for fanning the flames meets a rugby-playing sexist pig—sworn enemies or two people who happen to find each other when they're at their most vulnerable? It's all Girl meets Boy, Girl steals from Boy, seduces Boy, ties Boy to a chair, and burns Boy's stuff. Just your typical love story. Kirsty Eagar expertly handles a searingly honest and aching funny story about love and sex amid the college hookup culture.
