Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

The Last Tortilla Sergio Troncoso,2015-03-18 She asked me if I liked them. And what could I say? They were wonderful. From the very beginning of Sergio Troncoso's celebrated story Angie Luna, we know we are in the hands of a gifted storyteller. Born of Mexican immigrants, raised in El Paso, and now living in New York City, Troncoso has a rare knack for celebrating life. Writing in a straightforward, light-handed style reminiscent of Grace Paley and Raymond Carver, he spins charming tales that reflect his experiences in two worlds. Troncoso's El Paso is a normal town where common people who happen to be Mexican eat, sleep, fall in love, and undergo epiphanies just like everyone else. His tales are coming-of-age stories from the Mexican-American border, stories of the working class, stories of those coping with the trials of growing old in a rapidly changing society. He also explores New York with vignettes of life in the big city, capturing its loneliness and danger. Beginning with Troncoso's widely acclaimed story Angie Luna, the tale of a feverish love affair in which a young man rediscovers his Mexican heritage and learns how much love can hurt, these stories delve into the many dimensions of the human condition. We watch boys playing a game that begins innocently but takes a dangerous turn. We see an old Anglo woman befriending her Mexican gardener because both are lonely. We witness a man terrorized in his New York apartment, taking solace in memories of lost love. Two new stories will be welcomed by Troncoso's readers. My Life in the City relates a transplanted Texan's yearning for companionship in New York, while The Last Tortilla returns to the Southwest to explore family strains after a mother's death—and the secret behind that death. Each reflects an insight about the human heart that has already established the author's work in literary circles. Troncoso sets aside the polemics about social discomfort sometimes found in contemporary Chicano writing and focuses instead on the moral and intellectual lives of his characters. The twelve stories gathered here form a richly textured tapestry that adds to our understanding of what it is to be human.

Calculus Tom M. Apostol,2019-04-26 An introduction to the calculus, with an excellent balance between theory and technique. Integration is treated before differentiation -- this is a departure from most modern texts, but it is historically correct, and it is the best way to establish the true connection between the integral and the derivative. Proofs of all the important theorems are given, generally preceded by geometric or intuitive discussion. This Second Edition introduces the mean-value theorems and their applications earlier in the text, incorporates a treatment of linear algebra, and contains many new and easier exercises. As in the first edition, an interesting historical introduction precedes each important new concept.

Shibumi Trevanian,2005-05-10 A classic spy novel from the bestselling author, Trevanian, about a westerner raised in Japan who becomes one of the world's most accomplished assassins. Nicholai Hel is the world's most wanted man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.

Self-Organized Criticality Henrik Jeldtoft Jensen,1998 A clear and concise introduction to this new, cross-disciplinary field.

The Power of Prophecy P.B.R. Carey,2015-03-20 National hero, Javanese mystic, pious Muslim and leader of the holy war against the Dutch between 1825 and 1830, the Yogyakarta prince, Dipanagara (1785-1855, otherwise known as Diponegoro), is pre-eminent in the pantheon of modern Indonesian historical figures. Yet despite instant name recognition in Indonesia, there has never been a full biography of the prince's life and times based on Dutch and Javanese sources. The Power of Prophecy is a major study which sets Dipanagara's life history against the context of the turbulent events of the late eighteenth and early nineteenth century when the full force of European imperialism hit Indonesia like an Asian tsunami destroying forever Java's old order and propelling the twin forces of Islam and Javanese national identity into a fatal confrontation with the Dutch. This confrontation known as the Java War, in which Dipanagara was defeated and exiled, marked the beginning of the modern colonial period in Indonesia which lasted until the Japanese occupation of 1942-1945. The book presents a detailed analysis of Dipanagara's pre-war visions and aspirations as a Javanese Ratu Adil (Just King) based on extensive reading of his autobiography, the Babad Dipanagara as well as a number of other Javanese sources. Dutch and British records, in particularly the Residency Archives of Yogyakarta and Surakarta currently kept in the Indonesian National Archives, provide the backbone of this scholarly work. The book will be read with profit by all those interested in the rise of Western colonial rule in Indonesia, the fate of indigenous cultures in an age of imperialism and the role of Javanese Islam in modern Indonesian history.
