My Own Devices Dessa (Vocalist), 2018 Witty and moving, this debut memoir in essays from the dynamic rapper and singer Dessa, is a candid account of her life in the van as a hard-touring musician, her determination to beat long odds to make a name for herself as a performing artist, and her struggle to fall out of love with someone in her band. In a literary, honest style, evoking Amanda Palmer and Miranda July, Dessa demonstrates just how far the mind can travel while the body is on the six-hour ride to the next rap show.

Lightning Strike William Kent Krueger, 2022-07-05 An instant New York Times bestseller, this prequel to the acclaimed Cork O'Connor series is "a pitch perfect, richly imagined story that is both an edge-of-your-seat thriller and an evocative, emotionally charged coming-of-age tale" (Kristin Hannah, #1 New York Times bestselling author) about fathers and sons, small-town conflicts, and the events that shape our lives forever. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O'Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O'Connor, is Aurora's sheriff and it is his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this "brilliant achievement, and one every crime reader and writer needs to celebrate" (Louise Penny, #1 New York Times bestselling author), beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

The Violin Conspiracy Brendan Slocumb, 2022-02-01 GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. "I loved *The Violin Conspiracy* for exactly the same reasons I loved *The Queen's Gambit*: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music." —Chris Bohjalian, #1 New York Times bestselling author of *The Flight Attendant* and *Hour of the Witch* Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him.

The Song Poet Kao Kalia Yang, 2016-05-10 From the author of *The Latecomer*, a powerful memoir of her father, a Hmong song poet who sacrificed his gift for his children's future in America. In the Hmong tradition, the song poet recounts the story of his people, their history and tragedies, joys and losses; extemporizing or drawing on folk tales, he keeps the past alive, invokes the spirits and the homeland, and records courtships, births, weddings, and wishes. Following her award-winning book *The Latecomer*, Kao Kalia Yang now retells the life of her father Bee Yang, the song poet, a Hmong refugee in Minnesota, driven from the mountains of Laos by American's Secret War. Bee lost his father as a young

boy and keenly felt his orphanhood. He would wander from one neighbor to the next, collecting the things they said to each other, whispering the words to himself at night until, one day, a song was born. Bee sings the life of his people through the war-torn jungle and a Thai refugee camp. But the songs fall away in the cold, bitter world of a Minneapolis housing project and on the factory floor until, with the death of Bee's mother, the songs leave him for good. But before they do, Bee, with his poetry, has polished a life of poverty for his children, burnished their grim reality so that they might shine. Written with the exquisite beauty for which Kao Kalia Yang is renowned, *The Song Poet* is a love story -- of a daughter for her father, a father for his children, a people for their land, their traditions, and all that they have lost.

Minneapolis Tom Weber, 2022-11 A concise history of Minneapolis, featuring stories that are familiar, surprising, and sure to change the way you see the City of Lakes--newly updated with reflections on the city at the center of a global social uprising. Minneapolis is Minneapolis because of the water--because of the Mississippi River, and St. Anthony Falls, and the beautiful lakes that dot the city's neighborhoods. Energized by the power of a magnificent waterfall that was harnessed with stolen technology, it became a major, even global, city. In this succinct and thought-provoking book, Tom Weber provides an urban biography of the City of Lakes. The confluence of the Mississippi and the Minnesota River is a sacred place for Dakota people, who have lived here for millennia. Since the city's beginnings in the 1850s, Minneapolis has experienced continual collapses and rebuilding. Some collapses were real, as when the Falls were nearly destroyed; some are metaphorical, as when corruption and the mob threatened to overtake the life of the city. Weber also explores the effects of the rebuilding and who was in charge: who was left in, and who was left out. In this updated paperback edition, a new conclusion recounts the context for and the worldwide reaction to the murder of George Floyd by a Minneapolis police officer in May of 2020. In the midst of a pandemic, the city was thrust into the global spotlight, and a spotlight was turned once again on the legacies of racism and inequality that brought Minneapolis to the breaking point. Cities, like people, are always changing, and the history of that change is the city's biography. This book illuminates the unique character of Minneapolis, weaving in the hidden stories of place, politics, and identity that continue to shape its residents' lives.

Very Funny Ladies Liza Donnelly, 2022-03-01 It's no secret that most New Yorker readers flip through the magazine to look at the cartoons before they ever lay eyes on a word of the text. But what isn't generally known is that over the decades a growing cadre of women artists have contributed to the witty, memorable cartoons that readers look forward to each week. Now Liza Donnelly, herself a renowned cartoonist with the New Yorker for more than twenty years, has written this wonderful, in-depth celebration of women cartoonists who have graced the pages of the famous magazine from the Roaring Twenties to the present day. An anthology of funny, poignant, and entertaining cartoons, biographical sketches, and social history all in one, *Very Funny Ladies* offers a unique slant on 20th-century and early 21st-century America through the humorous perspectives of the talented women who have captured in pictures and captions many of the key social issues of their time. As someone who

understands firsthand the cartoonist's art, Donnelly is in a position to offer distinctive insights on the creative process, the relationships between artists and editors, what it means to be a female cartoonist, and the personalities of the other New Yorker women cartoonists, whom she has known over the years. *Very Funny Ladies* reveals never-before-published material from The New Yorker archives, including correspondence from Harold Ross, Katharine White, and many others. This book is history of the women of the past who drew cartoons and a celebration of the recent explosion of new talent from cartoonists who are women. Donnelly interviewed many of the living female cartoonists and some of their male counterparts: Roz Chast, Liana Finck, Amy Hwang, Victoria Roberts, Sam Gross, Lee Lorenz, Michael Maslin, Frank Modell, Bob Weber, as well as editors and writers such as David Remnick, Roger Angell, Lee Lorenz, Harriet Walden (legendary editor Harold Ross's secretary). The New Yorker Senior Editor David Remnick and Cartoon Editor Emma Allen contributed an insightful foreword. Combining a wealth of information with an engaging and charming narrative, plus more than seventy cartoons, along with photographs and self-portraits of the cartoonists, *Very Funny Ladies* beautifully portrays the art and contributions of the brilliant female cartoonists in America's greatest magazine.

Go Back to Where You Came From: And Other Helpful Recommendations on How to Become American Wajahat Ali, 2022-01-25 "Go back to where you came from, you terrorist!" This is just one of the many warm, lovely, and helpful tips that Wajahat Ali and other children of immigrants receive on a daily basis. Go back where, exactly? Fremont, California, where he grew up, but is now an unaffordable place to live? Or Pakistan, the country his parents left behind a half-century ago? Growing up living the suburban American dream, young Wajahat devoured comic books (devoid of brown superheroes) and fielded well-intentioned advice from uncles and aunties. ("Become a doctor!") He had turmeric stains under his fingernails, was accident-prone, suffered from OCD, and wore Husky pants, but he was as American as his neighbors, with roots all over the world. Then, while Ali was studying at University of California, Berkeley, 9/11 happened. Muslims replaced communists as America's enemy #1, and he became an accidental spokesman and ambassador of all ordinary, unthreatening things Muslim-y. Now a middle-aged dad, Ali has become one of the foremost and funniest public intellectuals in America. In *Go Back to Where You Came From*, he tackles the dangers of Islamophobia, white supremacy, and chocolate hummus, peppering personal stories with astute insights into national security, immigration, and pop culture. In this refreshingly bold, hopeful, and uproarious memoir, Ali offers indispensable lessons for cultivating a more compassionate, inclusive, and delicious America.

Can't Slow Down Michaelangelo Matos, 2020-12-08 A Rolling Stone-Kirkus Best Music Book of 2020 The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club scenes Everybody knows the hits of 1984 - pop music's greatest year. From *Thriller* to *Purple Rain*, *Hello* to *Against All Odds*, *What's Love Got to Do with It* to *Wake Me Up Before You Go-Go*, these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (*Boogie Nights*) and TV hits (*Stranger Things*). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular culture and a moral battleground, has never

been told with the full detail it deserves - until now. *Can't Slow Down* is the definitive portrait of the exploding world of mid-eighties pop and the time it defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (Thriller), Prince (Purple Rain), Madonna (Like a Virgin), Bruce Springsteen (Born in the U.S.A.), and George Michael (Wham!'s Make It Big) rubbed shoulders with the stars of the fermenting scenes of hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, *Can't Slow Down* is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.

The Heart of Business Hubert Joly, 2021-05-04 A Wall Street Journal Bestseller Named a Financial Times top title How to unleash human magic and achieve improbable results. Hubert Joly, former CEO of Best Buy and orchestrator of the retailer's spectacular turnaround, unveils his personal playbook for achieving extraordinary outcomes by putting people and purpose at the heart of business. Back in 2012, Everyone thought we were going to die, says Joly. Eight years later, Best Buy was transformed as Joly and his team rebuilt the company into one of the nation's favorite employers, vastly increased customer satisfaction, and dramatically grew Best Buy's stock price. Joly and his team also succeeded in making Best Buy a leader in sustainability and innovation. In *The Heart of Business*, Joly shares the philosophy behind the resurgence of Best Buy: pursue a noble purpose, put people at the center of the business, create an environment where every employee can blossom, and treat profit as an outcome, not the goal. This approach is easy to understand, but putting it into practice is not so easy. It requires radically rethinking how we view work, how we define companies, how we motivate, and how we lead. In this book Joly shares memorable stories, lessons, and practical advice, all drawn from his own personal transformation from a hard-charging McKinsey consultant to a leader who believes in human magic. *The Heart of Business* is a timely guide for leaders ready to abandon old paradigms and lead with purpose and humanity. It shows how we can reinvent capitalism so that it contributes to a sustainable future.

Read this book.' -ANGIE CRUZ, author of *Dominicana* In the Piedmont of North Carolina, two families' paths become unexpectedly intertwined over twenty years. Jade and Lacey May are two mothers determined to give their children the opportunities they never had. After a harrowing loss, Jade wants to hand down the tools her son, Gee, will need to survive in America as a sensitive young Black man. Meanwhile, Lacey May, having left the husband she loves, strives to protect her three half-Latina daughters from their charming father's influence. When a county initiative draws students from the largely Black east side of town into a predominantly white high school on the west, each mother stands on different sides of the integration debate. Gee meets Lacey May's daughter Noelle during the school play, and

their families begin to form deeply knotted, messy ties that will shape the trajectory of their adult lives. And their mothers make choices that will haunt them for decades to come. *What's Mine and Yours* is an expansive yet intimate multigenerational tapestry of motherhood, identity, and the legacies we inherit. It explores the unique organism that is every family: what breaks them apart and how they come back together.

Coauthor Tracey Laird tracks developments in country music in the new millennium, exploring the relationship between the current music scene and the traditions from which it emerged.

Participatory Research in More-than-Human Worlds Michelle Bastian, Owain Jones, Niamh Moore, Emma Roe, 2016-12-01 Socio-environmental crises are currently transforming the conditions for life on this planet, from climate change, to resource depletion, biodiversity loss and long-term pollutants. The vast scale of these changes, affecting land, sea and air have prompted calls for the ‘ecologicalisation’ of knowledge. This book adopts a much needed ‘more-than-human’ framework to grasp these complexities and challenges. It contains multidisciplinary insights and diverse methodological approaches to question how to revise, reshape and invent methods in order to work with non-humans in participatory ways. The book offers a framework for thinking critically about the promises and potentialities of participation from within a more-than-human paradigm, and opens up trajectories for its future development. It will be of interest to those working in the environmental humanities, animal studies, science and technology studies, ecology, and anthropology.
