Women of Westminster Rachel Reeves,2020-03-05 Foreword by Dame Winifred Mary Beard. -----
This updated edition is a complete account of the first 100 years of women in Parliament. In 1919 Nancy Astor was elected as the Member of Parliament for Plymouth Sutton, becoming the first woman MP to take her seat in the House of Commons. Her achievement was all the more remarkable given that women (and even then only some women) had only been entitled to vote for just over a year. In the past 100 years, a total of 491 women have been elected to Parliament. Yet it was not until 2016

that the total number of women ever elected surpassed the number of male MPs in a single parliament. The achievements of these political pioneers have been remarkable – Britain has now had two female Prime Ministers and women MPs have made significant strides in fighting for gender equality - from the earliest suffrage campaigns, to Barbara Castle's fight for equal pay, to Harriet Harman's recent legislation on the gender pay gap. Yet the stories of so many women MPs have too often been overlooked in political histories. In this book, Rachel Reeves brings forgotten MPs out of the shadows and looks at the many battles fought by the Women of Westminster, from 1919 to 2019.

Parliament and the Public Edmund Marshall, 1982-06-18

The Culture of Property Jordanna Bailkin, 2004-07-15 What kind of property is art? Is it property at all? Jordanna Bailkin's *The Culture of Property* offers a new historical response to these questions, examining ownership disputes over art objects and artifacts during the crisis of liberalism in the United Kingdom. From the 1870s to the 1920s, Britons fought over prized objects from ancient gold ornaments dug up in an Irish field to a portrait of the Duchess of Milan at the National Gallery in London. They fought to keep these objects in Britain, to repatriate them to their points of origin, and even to destroy them altogether. Bailkin explores these disputes in order to investigate the vexed status of property within modern British politics as well as the often surprising origins of ongoing institutional practices. Bailkin's detailed account of these struggles illuminates the relationship between property and citizenship, which has constituted the heart of liberal politics as well as its greatest weakness. Drawing on court transcripts, gallery archives, exhibition reviews, private correspondence—and a striking series of cartoons and photographs—*The Culture of Property* traverses the history of gender, material culture, urban life, colonialism, Irish and Scottish nationalism, and British citizenship. This fascinating book challenges recent scholarship in museum

studies in light of ongoing culture wars. It should be required reading for cultural policy makers, museum professionals, and anyone interested in the history of art and Britain.

How to Be a Parliamentary Researcher Robert Dale, 2015-09-17 To some, they are the graduates grasping the first rung on the ladder to power, to others, the unsung heroes of the British parliamentary system. But whether your notion of parliamentary researchers is more *The Thick of It* than *The West Wing*, more *Yes Minister* than *House of Cards*, there is no doubt that these individuals play an essential role in keeping the giant (and, let's be honest, slightly creaky) machine that drives British politics from juddering to a halt. Branded bag-carriers while actually performing vital duties like drafting speeches and Parliamentary Questions, handling the media and engaging with constituents online, parliamentary researchers do the dirty work behind the scenes, allowing their bosses to focus on their main job - performing. With the help of case studies and guest writers, Robert Dale, himself a former parliamentary researcher, tells the fascinating story of how the MP's office has developed over

recent decades, and combines practical advice with acute personal observations on how to get ahead as a researcher. If you're a graduate looking to take your first step into politics, or simply interested in the job around a third of our current Cabinet had before becoming an MP, *How to Be a Parliamentary Researcher* offers a compelling insight into how the British political system really operates.

General Studies Martyn Groucutt, 2004 These New editions of the successful, highly-illustrated study/revision guides have been fully updated to meet the latest specification changes. Written by experienced examiners, they contain in-depth coverage of the key information plus hints, tips and guidance about how to achieve top grades in the A2 exams. An Unexpected MP Jerry Hayes, 2014-03-17 Some people enter politics because they want to make the world a better place. Then there are those with well-deserved inferiority complexes who want status, power and position. Few believe me, but I entered the House of Commons purely by accident.' High virtue in high office? Not a chance, says Jerry Hayes. No staid autobiography or dry political memoir, *An Unexpected MP* takes you on a raucous and salacious romp through Westminster, the media and public life. In this no-holds-barred exposé, Jerry Hayes shows exactly why people were so surprised when he became an MP - from the duty policeman who told him to bugger off when he rolled up on his first day, to the Iron Lady herself, who looked with a steely eye on his cheerful chutzpah. And, as the perfect antidote to the holier-than-thou, whiter-than-white ways of the current crop of politicians, the shameless - and shamelessly entertaining - Hayes makes a brilliant tour guide to the strange country that is Parliament, taking gleeful swipes at left and right alike. Full of tall tales of unspeakable debauchery on a tsunami of alcohol, *An Unexpected MP* is a thundering account of the

offbeat lunacy of Westminster and Fleet Street.
