Summary of Geoffrey Cain's Samsung Rising

Everest Media,2022-04-30T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 On October 5, 2016, a flight attendant on a South Korean airline evacuated all the passengers and crew members after a man's new Galaxy Note 7 smartphone began smoking. The device had been exchanged two weeks before the flight. #2 The most disturbing part of this is that Klering's phone caught fire on Tuesday, one day before the Southwest flight, and Samsung knew about it and didn't say anything. #3 The crisis grew as customers continued to send in their faulty Galaxy Note 7s, and Samsung had no clear plan of action. Their reputation was falling apart, and they were completely oblivious to it.

#4 I first settled in South Korea in September 2009. I lived there until the fall of 2016, between reporting stints in Vietnam and Cambodia. I was immediately fascinated by my new home.

It takes you from being on stage at the clubs to being backstage at the concerts. It includes backstabbing co-workers, in studio arguments, secret info on how radio stations schedule their weekly playlists, battles with station management, battles with personal demons, sexual escapades with some of the hottest women in America, and tackles the unspoken reasons for the continuous rise of HIV and AIDS cases. Chapman dispenses with

concerns of upholding positive images to tell the truth about the radio industry from a behind-the-scenes point of view. *Sex Time And Radio* covers the entire lifestyle of a radio personality in the hip-hop and R&B world of the 1990s and 2000s, Raw and Uncut So if you've ever wondered what it's like to be the person behind the microphone, or wondered why radio isn't as good as it used to be, now is the time to find the answers by reading *Sex Time And Radio*. Radio by the Book Tim DeForest,2017-02-10 During the first half of the 20th century, radio's hunger for captivating characters and stories could not be sated. Three national networks and dozens of

independent stations had to fill a vast expanse of air time with comedy, adventure, mystery, drama and music, night after night. It's no surprise that producers and writers looked to outside sources, drawing some of old-time radio's most beloved characters (Sherlock Holmes, Tarzan, Hopalong Cassidy, Buck Rogers) directly from books. This work examines individual characters that jumped from prose to radio and a number of programs that specialized in dramatizing literature. It covers mystery and detective shows, adventure stories, westerns, and science fiction, and anthology shows that adapted novels by such greats as Twain, Steinbeck and Dickens. The text explores how the writers and producers approached the source material--what they changed, what they kept and what they left out.

RADIO HEAD Rebecca Laclair, 2015-11-27 Shelby Rey can hear you like a song. With one touch, she's in tune with your every hope, every secret. When a celebrity psychiatrist takes an interest in her case, Shelby comes face-to-face with Zac Wyatt, the lead singer of the world-famous rock band, Grounder. For Zac, success isn't enough though. He wants a shot at his first solo album, fame above and beyond Grounder. But the genius behind every one of Grounder's hits is Stanford Lysandre, their heroin-addicted, self-taught lead guitarist. Zac is so jealous he could kill him. Determined to win, Zac realizes that Shelby can do what he can't--hear the music inside him, uncover his feelings, and help him create his own singular style. As Shelby gets closer to the band, she discovers Stanford's secret to writing his music.

It's a power very familiar to hers, but life-affirming and not destructive. Can Shelby hide her connection to Zac's enemy?

WIXY 1260 Mike Olszewski, Richard Berg, Carlo Wolff, 2011 The story of one of Cleveland's most popular and influential radio stations Before FM radio and the commanding album rock stations of the 1970s, there was WIXY 1260, a tiny Northeast Ohio AM radio station that became an entertainment powerhouse. Three visionaries assembled a legendary staff of on-air personalities and, with savvy programming and groundbreaking promotions, created WIXY 1260--a station that would become synonymous with 1960s pop culture. A Midwest juggernaut, WIXY aired everything from surf and Motown to country and the British Invasion. Crossing cultural and generational lines in one of the hottest radio markets in the country, it regularly took in more than fifty percent of the Greater Cleveland audience. Bob Weiss, Norman

Wain, and Joe Zingale knew the kind of radio Cleveland wanted to hear. They also knew how to market that sound to make it a lifestyle. They bought a small station with a weak signal and renamed it WIXY, and it wasn't long before their competition fell by the wayside. Mike Olszewski and Richard Berg spin a lively tale of popular culture that will appeal to everyone from baby boomers to media scholars and cultural historians. Through extensive interviews with insiders, the authors chronicle WIXY's relatively brief yet exciting run and how the station came to dominate the airwaves in the '60s and '70s with a winning combination of tastemaking playlists, unforgettable on-air personalities, and outlandish promotions. It's a fun story, recounted with ample humor. --John Soeder, Music Critic, The Cleveland Plain Dealer

Great Music Radio.com Pat McNulty, 2016-04-12

Take a delightful, amusing journey into the world of radio and music. You'll discover the Camiendra Ranch, a magical place high in the Colorado Rockies, where Paddy Gaughan introduced radio broadcasting in the early 20th Century. One hundred years later his great grandson teams up with the nation's finest program director and one of the country's great promotions directors (who are madly in love with one another, but can't seem to settle down in the same city) to establish the world's most famous radio station. Great Music Radio.com recounts the years leading up to this, following the founders' careers and the zany, if not crazy, radio people they meet along the way,

and eventually their road trip across the country (ala Ken Kesey's Merry Pranksters) picking up their favorite deejays. The story also tracks the history of the Ranch, a 5,000-acre spread that was built in the 1890's by engineering genius Paddy Gaughan and his amazing musical wife, Carolina Cosimi, (another great love story) Throughout its history, the Ranch is visited by historical figures that come away with new visions for the future (Nikola Tesla, Guglielmo Marconi, W.C. Handy, George Gershwin, Benny Goodman, and many more.) Great Music Radio.com is a fascinating look at the development of music and radio, humorous and smart, a page-turner, a great beach read, (mountain read?) but ultimately, a love story from two different moments in time.

Radio On Sarah Vowell, 2013-11-19 There are approximately 502 million radios in America. For this savvy, far-reaching diary, celebrated journalist and author Sarah Vowell turned hers on and listened--closely, critically, creatively--for an entire year. As a series of impressions and reflections regarding contemporary American culture, and as an extended meditation on both our media and our society, Radio On is a keenly focused book that is as insightful as it is refreshing.

The Buzzard: Inside the Glory Days of WMMS and Cleveland Rock Radio: A Memoir John Gorman, 2008-08 Traces the history of Cleveland's WMMS radio station from 1973 to 1986, exploring how the station helped recreate rockradio and the city of Cleveland by showcasing new, influential musicians and inspiring listeners.
