Sustainable Tourism Dialogues in Africa Judy Kepher Gona,Lucy Atieno,2022-03-21 Focusing on the future of tourism, Sustainable Tourism Dialogues in Africa is inclusive of experienced and emerging researchers, as well as incorporating local stakeholders in the tourism industry: architects, tourism operators, sustainable tourism lobbyists, policy makers, archaeologists, and geographers. The editors are frontline sustainable tourism advocates in Africa, and the book's thematic content is derived from 30 inter-university seminars on sustainable tourism hosted by Sustainable Travel & Tourism Agenda Kenya from 2017 to November 2019. These seminars involved the participation of 17 universities in Kenya, tourism operators, conservationists, developmentalists, investors, policy makers, and students. Every chapter is a voice projecting aspirations for the responsible management of tourism in Africa and promoting the ideals of sustainable tourism that young people in Africa advocate for the industry's future. In so doing, the authors pinpoint the necessary actions for bringing about transformations in sustainable development of tourism. The book thus seeks to encourage debate, while facilitating the development of both theoretical and practical foundations for managing tourism sustainably in Africa.

The Medical Department Charles Maurice Wiltse,1965

Medical Department, Army: Organization and Administration in World War II. United States. Army Medical Service,1963

Organization and Administration in World War II. United States. Army Medical Service,Blanche B. Armfield,1963 In order to meet the challenge of World War 2, the Medical Department of the United States Army expanded from a service equipped to support a peacetime army of some 200,000 men, based largely in the Zone of the Interior, to one that provided the best of medical and surgical care for more than 8,000,000 American soldiers serving on a war footing on every continent and under the most varied conditions of climate and terrain. The theme of this book is the administrative history of the Army Medical Department in World War 2. It comprises part of the official history of the Army Medical Service published under the direction of the Surgeon General (Administrative or Operational Series).

The Medical Department: Organization and administration in World War II ,1956

Tunisia International Monetary Fund. Middle East and Central Asia Dept.,2016-06-02 This paper presents an overview of the macroeconomic condition of Tunisia. Tunisia has managed to preserve macroeconomic stability and initiate fiscal and banking reforms in a context marked by a prolonged political transition, spillovers from the crisis in Libya, and numerous exogenous shocks, including terror attacks. However, important vulnerabilities remain: economic activity is weak, employment is low, social tensions linger, spending composition has deteriorated, and external imbalances are high. To tackle these issues, Tunisia formulated a five-year (2016-20) economic vision in 2015, which is being developed into a detailed plan. The vision aims at promoting stronger and more inclusive growth in Tunisia.
