Preparing to Die Andrew Holecek,2013-07-09 We all face death, but how many of us are actually ready for it? Whether our own death or that of a loved one comes first, how prepared are we, spiritually or practically? In *Preparing to Die*, Andrew Holecek presents a wide array of resources to help the reader address this unfinished business. Part One shows how to prepare one's mind and how to help others, before, during, and after death. The author explains how spiritual preparation for death can completely transform our relationship to the end of life, dissolving our fear and helping us to feel open and receptive to letting go in the dying process. Daily meditation practices, the stages of dying and how to work with them, and after-death experiences are all detailed in ways that will be particularly helpful for those with an interest in Tibetan Buddhism and in Tibetan approaches to conscious dying. Part Two addresses the practical issues that surround death. Experts in grief, hospice, the funeral business, and the medical and legal issues of death contribute chapters to prepare the reader for every practical concern, including advance directives, green funerals, the signs of death, warnings about the funeral industry, the stages of grief, and practical care for the dying. Part Three contains heart-advice from twenty of the best-known Tibetan Buddhist masters now teaching in the West. These brief interviews provide words of solace and wisdom to guide the dying and their caregivers during this challenging time. *Preparing to Die* is for anyone interested in learning how to prepare for death from a Buddhist perspective, both spiritually and practically. It is also for those who want to learn how to help someone else who is dying, both during the time of illness and death as well as after death.

Cyber Muslims Robert Rozehnal,2022-04-21 Through an array of detailed case studies, this book explores the vibrant digital expressions of diverse groups of Muslim cybernauts: religious clerics and Sufis, feminists and fashionistas, artists and activists, hajj pilgrims and social media influencers. These stories span a vast cultural and geographic landscape-from Indonesia, Iran, and the Arab Middle East to North America. These granular case studies contextualize cyber Islam within broader social trends: racism and Islamophobia, gender dynamics, celebrity culture, identity politics, and the shifting terrain of contemporary religious piety and practice. The book's authors examine an expansive range of digital multimedia technologies as primary "texts." These include websites, podcasts, blogs, Twitter, Facebook, Instagram, YouTube channels, online magazines and discussion forums, and religious apps. The contributors also draw on a range of methodological and theoretical models from multiple academic disciplines, including communication and media studies, anthropology, history, global studies, religious studies, and Islamic studies.

The New Muslim's Field Guide Theresa Corbin,Kaighla Um Dayo,2018-02 This is not your average Welcome to Islam! book. The New Muslim's Field Guide offers a fresh approach to guiding Muslim converts, focused on helping them grow as Muslims while maintaining their identity and love for God. Drawing on their shared decades of experience, Theresa and Kaighla walk the new Muslim through the hills and the valleys they'll encounter on their journey, helping the newcomer navigate the sometimes slippery cliffs of culture, politics, and interpersonal relationships. Injected with a healthy dose of humor and candor, *The New Muslim's Field Guide* discusses some of the deeper meanings behind belief and ritual, clarifies common sticky issues, and tells stories of triumph and failure on the journey of Islam.

Faith-Based Violence and Deobandi Militancy in Pakistan Jawad Syed,Edwina Pio,Tahir Kamran,Abbas Zaidi,2016-11-09 This book documents and highlights the Deobandi dimension of extremism and its implications for faith-based violence and terrorism. This dimension of radical Islam remains largely ignored or misunderstood in mainstream media and academic scholarship. The book addresses this gap. It also covers the Deobandi diaspora in the West and other countries and the role of its radical elements in transnational incidents of violence and terrorism. The specific identification of the radical Deobandi and Salafi identity of militants is useful to isolate them from the majority of peaceful Sunni and Shia Muslims. Such identification provides direction to governmental resources so they focus on those outfits, mosques, madrassas, charities, media and social medial channels that are associated with these ideologies. This book comes along at a time when there is a dire need for alternative and contextual discourses on terrorism.

Christ in Islam Ahmed Deedat,199? The Christian does not know that the true spirit of charity which the Muslim displays, always, towards Jesus and his mother Mary spring from the fountainhead of his faith the Holy Qur'an. He does not know that the Muslim does not take the holy name of Jesus, in his own language, without saying Eesa, alaihi assalam (Jesus, peace be upon him) The Christian does not know that in the Holy Qur'an Jesus is mentioned twenty five times.

Muslims Making British Media Carl Morris,2022-11-17 Drawing on original fieldwork, Carl Morris examines Muslim cultural production in Britain, with a focus on the performance-based entertainment industries: music, comedy, film, television and theatre. It is a seminal study that charts the growing agency and involvement of British Muslims in cultural production over the last two decades. Morris sets this discussion within the context of wider religious, social and cultural change, with important insights concerning the sociological profile, religious lives and public visibility of Muslims in contemporary Britain. Morris draws on theoretical considerations concerning the mediatization of religion and cosmopolitanization in a globally-connected world. He argues that a new generation of media-savvy and internationalist Muslim cultural producers in Britain are constructing counter narratives in the public sphere and are reshaping everyday religious lives within their own communities. This is having a profound impact upon areas that range from Islamic authority and religious practice, to political and public debate, and understandings of Muslim identity and belonging.

Crucifixion or Cruci-Fiction Ahmed Deedat,1993 In any event, if there is any division between a Muslim and a Christian on the grounds of dogma, belief, ethics or morality, then the cause of such conflict could be traced to an utterance of Paul found in his books of Corinthians, Phillipians, Galatians, Thessolanians, etc., in the Bible. As against the teaching of the Master (Jesus) that salvation only comes through keeping of the commandments (Mathew 19:16-17), Paul nails the law and the commandments to the cross (Colossians

2:14) and claims that salvation can only be obtained through the death and resurrection of Jesus Christ:- If Christ be not risen from the dead, then our preaching is vain, and your faith is also vain. (1 Corinthians 15:14)

Answering Jihad Nabeel Qureshi,2016-03-08 From New York Times bestselling author of Seeking Allah, Finding Jesus Nabeel Qureshi—a former Muslim—comes his deeply personal, challenging, and respectful answer book to the many questions surrounding jihad, the rise of ISIS, and Islamic terrorism. San Bernardino was the most lethal terror attack on American soil since 9/11, and it came on the heels of a coordinated assault on Paris. There is no question that innocents were slaughtered in the name of Allah and in the way of jihad (meaning warfare against the enemies of Islam, in this case). But do the terrorists' actions actually reflect the broader religion of Islam? The answer to this question is more pressing than ever, as many Muslim refugees are still migrating to the West, seeking shelter from the violent ideologies of ISIS, Al-Qaida, and other radical Islamic groups. Setting aside speculations and competing voices, Qureshi explores the answers to difficult questions like: What is Islam, and is it a religion of peace or violence? Is there a clear definition and doctrine of jihad? How are we to understand jihad and radical expressions of Islam in relation to our Muslim neighbors and friends? Why is there such a surge of Islamist terrorism in the world today, and how should we respond? How does jihad compare with Old Testament calls to warfare? In Answering Jihad, bestselling author Nabeel Qureshi answers these urgent questions from the perspective of a former Muslim who is deeply concerned for both his Muslim family and his American homeland.

Angels in Your Presence Omar Suleiman,2021-04-13 God’s angels, by His command, are with every soul throughout their journey in this life. Where the devil is constantly looking at ways to make us lose our way, the angels try to keep calling us to good. Then as we are about to leave this world, angels come down from the heavens with a shroud and call us back. This beautifully presented book provides 30 reflections on the unseen presence of angels in our lives, from birth till death, towards Allah.

What I Believe Tariq Ramadan,2009-10-06 Tariq Ramadan is very much a public figure, named one of Time magazine's most important innovators of the twenty-first century. He is among the leading Islamic thinkers in the West, with a large following around the world. But he has also been a lightning rod for controversy. Indeed, in 2004, Ramadan was prevented from entering the U.S. by the Bush administration and despite two appeals, supported by organizations like the American Academy of Religion and the ACLU, he was barred from the country until spring of 2010, when Secretary of State Hillary Clinton finally lifted the ban. In What I Believe, Ramadan attempts to set the record straight, laying out the basic ideas he stands for in clear and accessible prose. He describes the book as a work of clarification, directed at ordinary citizens, politicians, journalists, and others who are curious (or skeptical) about his positions. Aware that that he is dealing with emotional issues, Ramadan tries to get past the barriers of prejudice and misunderstanding to speak directly, from the heart, to his Muslim and non-Muslim readers alike. In particular, he calls on Western Muslims to escape the mental, social, cultural, and religious ghettos they have created for themselves and become full partners in the democratic societies in which they live. At the same time, he calls for the rest of us to recognize our Muslim neighbors as citizens with rights and responsibilities the same as ours. His vision is of a future in which a shared and confident pluralism becomes a reality at last.
