**Milo's Museum** Zetta Elliott,2016-11-11 Milo is excited about her class trip to the museum. The docent leads them on a tour and afterward Milo has time to look around on her own. But something doesn't feel right, and Milo gradually realizes that the people from her community are missing from the museum. When her aunt urges her to find a solution, Milo takes matters into her own hands and opens her own museum!

**Museum of Nonhumanity** Laura Gustafsson,Terike Haapoja,2019-05-28 Museum of Nonhumanity is the catalogue for a full-size touring museum that presents the history of the distinction between humans and animals, and the way that this artificial boundary has been used to oppress human and nonhuman beings over long historical periods. Throughout history, declaring a group to be nonhuman or subhuman has been an effective tool for justifying slavery, oppression, medical experimentation, genocide, and other forms of violence against those deemed other. Conversely, differentiating humans from other species has paved the way for the abuse of natural resources and other animals. Museum of Nonhumanity approaches animalization as a nexus that connects xenophobia, sexism, racism, transphobia, and the abuse of nature and other animals. The touring museum hosts lecture programs in which local civil rights and animal rights organizations, academics, artists, and activists propose paths to a more inclusive society through intersectional approaches. The museum also hosts a pop-up book shop and a vegan café. As a temporary, utopian institution, Museum of Nonhumanity stands as a monument to the call to make animalization history.

**I Am Madame X** Gioia Diliberto,2003-03-18 The life of Virginie Gautreau, the notorious beauty of

Madame X, John Singer Sargent's most famous and scandalous portrait, provides inspiration for this absorbing and intriguing novel. Madame X caused an immediate furor when Sargent unveiled it at the 1884 Paris Salon. The subject's bold pose, provocative dress, and decadent pallor shocked the public, and the critics panned the picture, smashing Sargent's dream of a Paris career. The artist soon relocated to England, where he established himself as the favorite portrait painter of the wealthy. In this remarkable novel, Gioia Diliberto tells Virginie's story, drawing on the sketchy facts of Virginie's life to re-create her tempestuous personality and the captivating milieu of nineteenth-century Paris. Born in New Orleans to two of Louisiana's prominent Creole families and raised at Parlange, her grandmother's lush plantation, Virginie fled to France with her mother and sister during the Civil War. The family settled in Paris among other expatriate Southerners and hoped, through their French ancestry, to insinuate themselves into high society. They soon were absorbed into the fascinating and wealthy world of grand ballrooms, dressmakers' salons, luxurious country estates, and artists' ateliers. Because of Virginie's striking appearance and vivid character, her mother pinned the family's hopes for social acceptance on her daughter, who became a professional beauty and married a French banker. Even before Sargent painted her portrait, Virginie's reputation for promiscuity and showy self-display made her the subject of vicious Paris gossip. *I Am Madame X* is a compulsively readable immersion in Belle Epoque Paris. It is also the story of a great work of art, illuminating the struggle between Virginie and Sargent as they fought to control the outcome of a painting that changed their lives and affected the course of art history.

*Museum Governance* Marie Malaro,2013-07-09 In *Museum Governance*, Marie Malaro addresses a range of issues facing museum administrators and trustees, arguing they can handle their duties intelligently only if they understand two points—why our country sustains a nonprofit sector and what constitutes trusteeship. Armed with this knowledge, trustees can sort out knotty problems relating to corporate sponsorship, entrepreneurial activities, and fundraising in ways that preserve the integrity of the nonprofit. Malaro first explores the principles of nonprofit governance. She explains the purpose and use of professional codes of ethics and offers practical advice about board education and its role in fostering the long-term health of an organization. She then applies these principles to situations frequently confronting trustees, discussing how to set collection strategies, balance mission and entrepreneurial ventures, handle deaccessioning, maintain effective board oversight, approach automation, and deal with repatriation requests.

*Agatha and Frank* Jolynn Rose,2016-11-07 Agatha and Frank met in the Army; they fell in love, got married and had three children. Aggie got out of the Army and became a history teacher. Frank stayed in the Army and retired after twenty-two years. One of their dreams was to travel around the USA in a RV. They wanted to stop and see everything they had driven by so many times before. They went out on a road trip with their children and grandchildren for a month. That is all it took to convince them that it was time to start Living the Dream. They left Houston, TX and headed to Eureka, CA to see Franks Folks. The plan was to go from Eureka up the Oregon coast. Then go where ever the wind blew them. This book not only has adventure, but real stories of the history they found on the road.
