David Robinson: the Mushroom Picker David Robinson, 2013-02 Artist David Robinson's beautiful luminograms, illustrating his story *The Mushroom Picker*, tell an enchanting tale of mushrooms in an English wood, and of one variety in particular, Penny Bun (porcini), who evades *The Mushroom Picker's* dreaded annual harvest. Set against the dark night sky, Robinson's funghi characters come to life in his glowingly textured images, as Penny Bun and her friends conspire to build a rocket ship to escape the Picker's grasp. Children will love this magical rhyming storybook, the charming mushroom characters and the scary *Mushroom Picker*. Adult readers will be amused, and perhaps inspired, to become Pickers themselves, with notes on a range of mushrooms to savour and enjoy or to avoid by all measures. Lovingly crafted by this mushroom obsessive and founder of internationally renowned Sporeboys street-kitchen, these unique images create richly illustrative and highly fanciful portraits and scenes from this charming story. Robinson's luminograms themselves are created in mysterious fashion, by varying the intensity of light exposed to his subjects - hand-cut mushrooms, of all types and varieties, identified in his light-hearted but authoritative 'Cast of Characters' at the close of this book, Robinson's (and Violette's!) first book for children.

The Mushroom Hunters Langdon Cook, 2013 In the dark corners of America's forests grow culinary treasures. Chefs pay top dollar to showcase these elusive and beguiling ingredients on their menus. Whether dressing up a filet mignon with smoky morels or shaving luxurious white truffles over pasta, the most elegant restaurants across the country now feature an abundance of wild mushrooms. The mushroom hunters, by contrast, are a rough lot. They live in the wilderness and move with the seasons. Motivated by Gold Rush desires, they haul improbable quantities of fungi from the woods for cash. Langdon Cook embeds himself in this shadowy subculture, reporting from both rural fringes and big-city eateries with the flair of a novelist, uncovering along the way what might be the last gasp of frontier-style capitalism. Meet Doug, an ex-logger and crabber--now an itinerant mushroom picker trying to pay his bills and stay out of trouble; Jeremy, a former cook turned wild-food entrepreneur, crisscrossing the continent to build a business amid cutthroat competition; their friend Matt, an up-and-coming chef whose kitchen alchemy is turning heads; and the woman who inspires them all. Rich with the science and lore of edible fungi--from seductive chanterelles to exotic porcini--*The Mushroom Hunters* is equal parts gonzo travelogue and culinary history lesson, a rollicking, character-driven tour through a world that is by turns secretive, dangerous, and tragically American.--book jacket.
