The Music Box Dawn Jacobs Nelson,2007-02 Hilary Taylor, a 25 year old Midwestern teacher, lost her mother to breast cancer at the age of 2 and was raised by her older sister Diana who died when Hilary was 15 years old. To add insult to injury, her work-aholic father she barely knew, had a heart attack one week before Hilary's college graduation leaving her no choice but to move home to get him back on his feet. There seemed to be no challenge Hilary couldn't overcome until she bought a paperback and discovered the author, her ex-brother-in-law Jack Collins admitted to murdering her sister. Hilary stepped up once again, swearing vengeance as only a woman wronged can possibly do. She's lost her sister, has no mother, never had a father- she has nothing left but an urge to get even. Thus, begins a journey of an avenging angel, whose healing process begins when she finds a long lost ring hidden in the music box that once belonged to her sister. Along the way she learns to believe in signs, love at first sight and that timing is everything. At the end of the trail, is it too late for Hilary to have a change of heart, or will she underestimate the power of Jack Collins?--Publisher's web site

Music Box Ron Kramer,2016-10-14 This European-inspired tale explores the boundaries of love, music, and dance. On Elfriede's sixteenth birthday, she's gifted an enchanted music box, which belonged to a mysterious gypsy woman. Little did she know that this box came with a heavy burden. To an ordinary person, the box was just a box; but, to someone pure of heart, as she is, it was an eternal bond. In the coming days, she is confronted by an evil sorcerer, who wreaks havoc on her village, tearing away everything that she holds dear. Now alone in the world, she must muster the courage to enter the Black Forests of Germany and cross the soaring countryside of Austria. Elfriede is caught in a game of cat and mouse, and she must elude eerie shadowed creatures while running for her life. While escaping from peril, she becomes friends with magical creatures once rumored to live in the Fern Blackwood's and, with their aid, a battle plan is struck to make a blow against her evil pursuers and rescue her childhood friend. Elfriede discovers how far her magical bond is interwoven with the music box. Can she unravel the secrets that the music box holds? Does the box hold the key for rescuing her friend and saving herself from an endless pursuit? Or will she fall victim to the sorcerer's dark magic as many have done before her? With the backdrop of Europe and all its splendor, Music Box will capture the hearts of all ages with its timeless and classic storytelling.

The Phantom Music Box Suzanne Weyn,2014-08-26 A mysterious music box from the Haunted Museum follows a young girl home in this spooky read by the author of The Titanic Locket. Don't touch anything in the Haunted Museum! Emma would rather be at her ballet class than at the Haunted Museum, but she can't miss her best friend's birthday party. In a spooky exhibit of music boxes, she's drawn to a particular one, in which a pair of dancers spin slowly to a haunting melody. But that very night, the music box shows up at her door--like it's following her. Emma dances better than she ever imagined when the music box is playing. But that's not all. Sometimes the music speeds up, and the dancers seem to move on their own. Emma finds the lid open, music playing, even when she knows she'd shut it before. And then an eye appears in the mirror inside the lid--someone is watching Emma! The more Emma learns about the history of the music box, the more she realizes she needs to break the hold it has over her before it's too late. But the better she dances when the music plays, the less she wants to! Praise for The Titanic Locket "Hair-raising. . . . Weyn keeps unexpected chills coming. . . . A quick, jittery read." --Publishers Weekly "Weyn ratchets up the eeriness . . . and quickly builds to a stormy climax." --Kirkus Reviews

The Music Box Trevor Rempel,2008-04 It had a lid that opened, and it had golden locks, Was made of alabaster with inlays of gold and pearl And every precious gem that could be found upon the world. The music box was pretty with value that's untold. The jade and ruby flowers were outlined there in gold. This poetic love story captures the imagination as a young girl journeys through life with her mysterious and ever-present music box. The secret of the box has been locked up for far too long, and only one daring person can reveal the hidden and beautiful truth of The Music Box.

The Music Box C. Bade,2011-07-01 THE MUSIC BOX is a story about music, art and inspiration. A timeless tale intended for adults and children alike. THE MUSIC BOX takes you to a place somewhere between Wonderland and a Midsummer Night's Dream. A spell binding story that magically grabbed my interest after the first paragraph. A lovely read that had all the elements of a great story! - Barry Karp, theatre director. In this timeless worldly tale the five senses are personified as fairies. When Maggie gives up-and-coming composer Fredric a music box, he embarks on an unexpected journey. Despite the anachronism of taking place in 18th century Europe, THE MUSIC BOX pays homage to a fusion of movements between classical music and Jazz improvisation. A playfulness fueled by a merging of the senses. Each page is infused with the sound of magic that we make every day, but may not even hear it. Though it's not explained just how many dimensions can be reached through the frequencies of music, the story invites you to explore your own heart. After you are through with these pages, you will discover just how magical your own world can be when you listen to your own senses. Come, open the box, and expect the magic of the unexpected.

More Than a Music Box Andrew Crisell,2006 Since the rise of television, much radio consists of 'capsule' news and music formats which are heard as background to other activities. However the medium offers a great deal more. This collection of essays shows how in North America, the United Kingdom, Europe, Australia and the South Pacific, radio continues to provide distinctive forms of content for the individual listener, yet also enables ethnic and cultural groups to maintain their sense of identity. Ranging from radio among the primordial communities to digital broadcasting and the internet, these essays suggest that the benefits and gratifications which radio confers remain unique and irreplaceable in this multi-media age.
