Black and White Music Casian Anton, 2021-08-21 In Black & White Music report I investigated a very small part of the music industry from the USA (0.09% musicians); more precisely, I investigated the contribution and the artistic merit (greater or lesser) of black artists (0.03%) and white artists (0.05%) in the production and writing of their albums. The artists investigated in this report are Taylor Swift, Kanye West, Beyoncé, Kendrick Lamar, Macklemore & Ryan, Adele and Beck. I selected these artists because the music produced and released by them was used by various artists and journalists as examples of allegations of discrimination and racism which takes place in the

music industry in the USA. The aim of the research is split into 2 levels: in the first level: I explored, analysed and created a comparative study about the contribution and the artistic merit of black and white artists in the production and writing of their albums; to achieve this aim, I added contribution and artistic merit into one bubble of research and treated the two concepts with the same meaning, then I divided the bubble into 8 points of research. the second level: is about using the findings from the eight points of research to offer a response to three conventional wisdom advanced by black artists and their supporters against the rules and awards offered by The Recording Academy. Black & White Music report it is unique and original which investigates the artistic merit of six of the best artists in the music industry of the USA; in these pages, there is an advanced comparative analysis of the music released by famous artists that was never done before. Black & White Music report was born out of the urgent need to confront and challenge the three conventional wisdom advanced by black artists and their supporters who feel and promote the idea of injustice regarding the music released. Black & White Music report can be used to calm the realities of discrimination and racism and provides a point of reference of the quality, originality and novelty of the music investigated in these pages; also, it is for future artists waiting to be discovered, and what they need to expect once they are part of the music industry. Second Edition July 2023

Long Title: Looking for the Good Times; Examining the Monkees' Songs, One by One Michael A. Ventrella, Mark Arnold, 2018-09-16 "Here we come. Walking down the street. We get the funniest looks from everyone we meet. Hey, hey, we're The Monkees!" The idea of creating a tv series about a wacky rock group similar to The Beatles had been unsuccessfully kicked around Universal Pictures and Columbia Pictures since 1962, but by 1965, The Beatles were on their second tour, and their Help! album, single, and tour created a popularity wave called Beatlemania. The enormous success

of their A Hard Day's Night album and single convinced Screen Gems to green light the tv series idea, and The Monkees were born. A fake band seemed odd in the real world still reeling from race riots, John F. Kennedy's assassination, and the Vietnam War, but delightful Davy Jones, peppy Peter Tork, madcap Micky Dolenz, and comparatively serious Michael Nesmith were too busy singing to bring anybody down. Fake became steak by late 1966, and with help from super musicians Tommy Boyce, Bobby Bart, Neil Diamond, Chip Douglas, Carole King, John Stewart, and others, the series skyrocketed to hit status along with #1 music albums and hit singles, such as "The Last Train to Clarksville," "I'm Not Your Steppin' Stone," and "I'm a Believer." Authors Michael A. Ventrella and Mark Arnold now analyze all The Monkee's songs and albums produced over 50 years. Discover the band's detailed history, a listing of all live performances and TV appearances, and a listing of all of their singles and albums that made the Billboard charts. Come and watch them sing and play. Discover the secrets of their recordings: which of The Monkees played what instruments on each song, when it was recorded, how well that song did on the charts, whether there were any interesting cover versions of the song done, and when it first appeared on a record. Profusely illustrated with album covers, single covers, live performance pictures, and trivia pictures. Index. About author Mark Arnold: a well-known historian of pop culture, he is also author of The Best of the Harveyville Fun Times!; Created and Produced by Total TeleVision productions; Mark Arnold Picks on The Beatles; Frozen in Ice: The Story of Walt Disney Productions; Think Pink: The Story of DePatie-Freleng; Pocket Full of Dennis the Menace About author Michael A. Ventrella: a musician, who was tremendously inspired by The Monkees, has published or edited Arch Enemies; The Axes of Evil; Bloodsuckers: A Vampire Runs for President; and the Tales of Fortannis series.

Chicago Top 40 Charts 1960-1969 Ronald Smith, 2001-08 Music charts have been around as long as recorded music and radio programs from Your Hit Parade to American Top 40 have capitalized on the idea of counting down the day's top hits. Chicago Top 40 Charts 1960-1969 documents those songs that dominated the Midwestern airwaves during that decade- considered by many to be top 40's golden age. Many of the songs listed did not appear at all on the national charts. Others, including local acts, fared much better in Chicago than in the rest of the country. Chicago Top 40 Charts 1960-1969 contains an alphabetical listing by title and by artist of every tune listed on the WLS Silver Dollar Surveys during those years. It also lists the top 40 songs of each year and for the entire decade, as well as a supplemental listing of songs on the station's Rhythm-and-Blues chart of 1964. For those who grew up listening to radio in the Windy City as well as for record collectors from anywhere, Chicago Top 40 Charts 1960-1969 will be a valued addition to any music reference library.

Chicago Top 40 Charts 1970-1979 Ronald Smith, 2001-11 Chicago Top 40 Charts 1970-1979 examines the Windy City's top hits as documented by the weekly record store surveys issued by radio station WLS. As rock 'n' roll music entered its third decade, it was finding itself increasingly fragmented, which challenged the ratings dominance top 40 radio had exhibited throughout the 1960s. But while FM listening overtook AM in the rest of the country by the decade's end, Chicago was the exception. WLS managed to stave off its competition with their commitment to playing Chicago's favorite music- regardless of genre. That music is documented in this book. Chicago Top 40 Charts 1970-1979 lists every song to reach the WLS survey alphabetically by title and artist, with debut and peak dates, highest position reached and number of weeks on the charts. The top songs of each year and for the entire decade are ranked as well. As an added bonus, it features the Big 89 Artists of the 1970s. For those who grew up listening to Chicago radio as well as for record collectors from anywhere, Chicago Top 40 Charts 1970-1979 will be a valued addition to their music reference libraries.
