Purdue at 150 David M. Hovde,Adriana Harmeyer,Neal Harmeyer,2019-05-06 *Purdue at 150: A Visual History of Student Life* by David M. Hovde, Adriana Harmeyer, Neal Harmeyer, and Sammie L. Morris tells Purdue's story through rare images, artifacts, and words. Authors culled decades of student papers, from scrapbooks, yearbooks, letters, and newspapers to historical photographs and memorabilia preserved in the Purdue University Libraries Virginia Kelly Karnes Archives and Special Collections. Many of the images and artifacts included have never been published, presenting a unique history of the land-grant university from the student perspective. *Purdue at 150* is organized by decade, presenting a scrapbook-like experience of viewing over 400 rare photographs, documents, and artifacts alongside critical contextual information. Each chapter provides a decadal historical sketch of Purdue University, offering insight into the institution's unique culture while incorporating campus responses to major national events such as world wars and the Great Depression. Spotlight sections highlight Purdue firsts, including the first graduates of programs, the growth and development of the international student population at Purdue, the creation of significant student organizations, and the foundations of both old and new campus traditions. This curated journey through the personal experiences, spaces, and events of Purdue's history not only celebrates major accomplishments and acknowledges the contributions Purdue has made to society, but it also explores some of the challenges and tragedies that shaped Indiana's land-grant university. As a result, *Purdue at 150* connects the identity and character of the University of 1869 to the University of 2019 and beyond, as told through the stories of its students. Running throughout this journey is the enduring vision of the land-grant institution and its impact on society, as seen through the material culture of Boilermakers from around the world.

The History of Bones John Lurie,2021-08-17 The quintessential depiction of 1980s New York and the downtown scene from the artist, actor, musician, and composer John Lurie "A picaresque roller coaster of a story, with staggering amounts of sex and drugs and the perpetual quest to retain some kind of artistic integrity."—The New York Times In the tornado that was downtown New York in the 1980s, John Lurie stood at the vortex. After founding the band The Lounge Lizards with his brother, Evan, in 1979, Lurie quickly became a centrifugal figure in the world of outsider artists, cutting-edge filmmakers, and cultural rebels. Now Lurie vibrantly brings to life the whole wash of 1980s New York as he developed his artistic soul over the course of the decade and came into orbit with all the prominent artists of that time and place, including Andy Warhol, Debbie Harry, Boris Policeband, and, especially, Jean-Michel Basquiat, the enigmatic prodigy who spent a year sleeping on the floor of Lurie's East Third Street apartment. It may feel like Disney World now, but in *The History of Bones*, the East Village, through Lurie's clear-eyed reminiscence, comes to teeming, gritty life. The book is full of grime and frank humor—Lurie holds nothing back in this journey to one of the most significant moments in our cultural history, one whose reverberations are still strongly felt today. History may repeat itself, but the way downtown New York happened in the 1980s will

never happen again. Luckily, through this beautiful memoir, we all have a front-row seat.

Sho Douglas Kearney, 2022-01-18 2021 NATIONAL BOOK AWARD FINALIST FOR POETRY Eschewing series and performative typography, Douglas Kearney's Sho aims to hit crooked licks with straight-seeming sticks. Navigating the complex penetrability of language, these poems are sonic in their espousal of Black vernacular traditions, while examining histories, pop culture, myth, and folklore. Both dazzling and devastating, Sho is a genius work of literary precision, wordplay, farce, and critical irony. In his "stove-like imagination," Kearney has concocted poems that destabilize the spectacle, leaving looky-loos with an important uncertainty about the intersection between violence and entertainment.

Redlands Remembered Joan Hedges McCall, 2012-07-17 By 1889, the newly established town of Redlands at the southern base of the San Bernardino Range offered mild winters and spectacular views of the nearby mountains. The sunny, dry climate enticed eastern industrialists, and Redlands became a place of annual escape, a millionaire mecca by the turn of the twentieth century. Early philanthropists set the tone for an active civic culture that has lasted throughout the city's 125 years. These stories, researched and written by Joan Hedges McCall, tell how and why the town developed out of dusty, semi-arid lands into a green belt of orange groves, parks and Victorian homes. Find out where the water came from, how the navel oranges grew and who helped Redlands grow into the beloved city it is today.

What the Enemy Thinks Gail Picco, 2015-07-30 Beck Carnell is a driven CEO whose upbringing in the fishing village of Herring Neck, Newfoundland, both haunts and comforts her as she battles her demons and her rivals in a world where misery translates to fundraising opportunity. The marketing press calls Beck's Toronto firm, Social Good, "an edgy, dynamic shop catering to charities and interest groups." Together with a team comprised of talented political organizers, social media sages, and newcomers seeking success, Beck attempts to carve her way through both personal and professional challenges in the murky waters of modern-day faith, hope, and charity. Now only time will tell if she can simultaneously save the world, her firm and her sanity as she copes with heartbreak, wades through the stickiness of childhood memories and fights for what she sees as justice. In this dark comedy, a shrewd charity marketer on a fast-paced journey to achieve professional triumph is forced to walk a fine line between her past and present, ultimately discovering the true meaning of unconditional love.

Spirit and Power Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-01 Pentecostalism is the fastest growing religious movement in the world, currently estimated to have at least 500 million adherents. In the movement's early years, most Pentecostal converts lived in relative poverty, yet the rapidly shifting social ecology of Pentecostal Christians includes many middle-class individuals, as well as an increasing number of young adults attracted by the music and vibrant worship of these churches. The stereotypical view of Pentecostals as other-worldly and disengaged from politics and social ministry is also being challenged, as Pentecostals—including many who are committed to working for social and political change—constitute growing minorities in many countries. Spirit and Power addresses three main questions: Where is Pentecostalism growing globally? Why it is growing? What is its social and political impact? The contributors to this volume include theologians, historians, and social scientists, who bring their diverse disciplinary perspectives to bear on these empirical questions. The essays draw on extensive survey research as well as in-depth ethnographic field methods, with analyses offering diverging and sometimes competing explanations for the growth and impact of Pentecostalism around the world.
