Maestros and Their Music John Mauceri, 2018-11-06 John Mauceri, who has stood on podiums before storied symphonies, operas, and ballets around the world, brings a lifetime of experience to bear in this informative, brilliantly entertaining exploration of his profession. As Mauceri traces the lineage of his craft, from Felix Mendelssohn (the first to use a baton) to the present day, he shows us how conducting is itself a composition: of legacy and tradition, of techniques handed down—and more than a trace of ineffable magic. Weaving clear musical explanations together with memorable accounts of working alongside masters like Bernstein and Stokowski, Mauceri reveals how conductors approach a piece with a combination of personal interpretation, imagination, and insight into the composer's intent; what it takes to communicate solely through gesture, with sometimes hundreds of performers at once; and the occasionally glamorous, often challenging life of the itinerant maestro. Illuminating and instructive, inflected with candor, humor, and grace, *Maestros and Their Music* is the perfect guide to the allure and theater, passion and drudgery, rivalries and relationships of the conducting life.

Conducting Business Leonard Slatkin, 2012-07-01 (*Amadeus*). Conducting an orchestra is something that is seen as well as heard, but it is quite misunderstood when it comes to knowing what this person actually does for a living. This most mysterious of jobs is brought to life for the music lover as well as for the aspiring maestro in a book by Leonard Slatkin. Drawing on his own experiences on and off the podium, Slatkin brings us into the world of the baton. He tells tales of some of the most fascinating people in the musical world, including Frank Sinatra, Leonard Bernstein, and John Williams. He takes the reader to the great concert halls and orchestras, soundstages in Hollywood, and opera pits around the globe. Mr. Slatkin recounts his controversial appearance at the Metropolitan Opera, his creation and direction of summer music festivals, and a shattering concert experience that took place four days following 9/11. Life in the recording studio and on the road as well as health issues confronting the conductor provide an insider's glimpse into the private world of public figures. Covering everything from learning how to read music to standing in front of an orchestra for the first time, what to wear, and how to deal with the press, *Conducting Business* is a unique look at a unique profession.

Maverick Maestro Maurice Peress, 2016-09-16 Maurice Peress leads an unusual American musical life. Born to a Baghdadian father and Polish mother, his first music was Arabic and Yiddish songs. He grew up in New York's Washington Heights, became a busy dance band and symphonic trumpeter, and was drafted towards the end of the Korean conflict, landing him in a newly integrated Negro Regimental Band. In this memoir, he shares what he learned from an enormous range of American works and musicians. In his first book, Peress explored America's music and its African American roots. A musical mission emerges, a lifelong commitment to give concerts that reconstruct delicious mixed marriages of music, black and white, Jazz and classical, folk and concert, Native American and European; works that bring people together, that urge us to love one another.

The Pope's Maestro Sir Gilbert Levine, 2010-10-01 The story of the friendship between a Jewish-American conductor and Pope John Paul II This book offers the inspirational story of an unlikely friendship and the two men who collaborated in an extraordinary way to begin to help heal centuries-old wounds. For two decades Sir Gilbert Levine and Pope John Paul II collaborated on symbolic acts of reconciliation: a series of internationally broadcast concerts designed to bring together people from all religious backgrounds under the auspices of the Vatican. These concerts broke new ground and demonstrated the Vatican's desire for rapprochement and even atonement in its relationships with Jews around the world. And it resulted in Sir Gilbert recovering his own Jewish faith in a deeper and more meaningful way. Details the extraordinary collaboration between a world-renowned musical maestro and an innovative Pope Shows how music can act as a bridge between people of different faiths A moving, inspirational, and personal story that appeals to music lovers and to people of all faith traditions This is a compelling tale of faith, friendship, and the healing power of music to bring people together.

Maestro Roger Nierenberg, 2009-10-15 A conductor reveals powerful leadership lessons by explaining the inner workings of a symphony orchestra Roger Nierenberg, a veteran conductor, is the creator of The Music Paradigm, a unique program that invites people to sit INSIDE a professional symphony orchestra as the musicians and conductor solve problems together. He captures that experience in Maestro: A Surprising Story about Leading by Listening, a parable about a rising executive tough challenges. The narrator befriends an orchestra conductor and is inspired to think about leadership and communication in an entirely new way. For instance: • A maestro doesn't micromanage, but encourages others to develop their own solutions. There's a big difference between conducting and trying to play all the instruments. • A maestro helps people feel ownership of the whole piece, not just their individual parts. • A maestro leads by listening. When people sense genuine open-mindedness, they offer more of their talent. If not, they get defensive and hold back their best ideas. • Truly great leaders, whether conductors striving for perfect harmony or CEOs reaching for excellence, act with a vision of their organization at its best. The Marks of a Maestro Raymond Holden,Stephen Mould,2021-03-11 Only recently has it become obvious that conductors' annotated scores and marked orchestral parts are of great cultural, historical and musical importance. In the not-so-distant past, these artefacts had something of an uncertain status with many either languishing unopened in libraries and family archives or simply being dispersed or discarded. With the help of institutions such as the Royal Academy of Music, Harvard University and the New York Philharmonic Orchestra this has begun to change with their extensive collections of these materials now being made available to scholars and musicians. This element examines the emergence of these artefacts as didactic and interpretative tools and explores the ways in which the performance styles of ten iconic conductors active in the nineteenth, twentieth and twenty-first centuries are reflected in their annotated scores and marked orchestral parts of Mozart's Symphony No. 41, K. 551 ('Jupiter').

Maestro Peter Goldsworthy,2014 Against the backdrop of Darwin, that small, tropical hothouse of a port, half-outback, half-oriental, lying at the tip of northern Australia, a young and newly arrived southerner encounters the 'maestro', a Viennese refugee with a shadowed past. The occasion is a piano lesson, the first of many. 'I enjoyed Maestro enormously. Besides its thoughtfulness and bright sensuality, it has a playful quality, a love of jest, which appealed to me very much.' Helen Garner, SYDNEY REVIEW On release, MAESTRO was hailed 'a splendid

achievement, a wise, deeply felt novel that continues to haunt well after one has finished it. It is distinguished by subtlety, by economy and by a quality often lacking in even the best of recent novels - an unerring quality of tone' by Andrew Riemer in the SYDNEY MORNING HERALD. It has sold over 200,000 copies in Australia and was voted by members of the Australian Society of Authors as one of the top 40 Australian Books of All time. 'the necessary elusiveness of perfection, the unplumbed ocean beneath articulateness, the ambivalence of beauty - these are the revolving concerns of Peter Goldsworthy, and handled not just with irony, but with an effervescent, compassionate wit. He can't help being funny, but he's wise too.' - AUSTRALIAN BOOK REVIEW

Music and Maestros John K. Sherman, 1952-01-01 Music and Maestros was first published in 1952. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Music lovers all over the United States as well as in other countries have heard the music of the Minneapolis Symphony Orchestra under the direction of such noted conductors as Dimitri Mitropoulos and Eugene Ormandy. Now they can enjoy the story behind those concerts, records, and radio broadcasts through this intimate history of the men and music that have made the orchestra famous. The story begins with the lively musical activities of a frontier town, the antecedents of the symphony orchestra that took shape at the turn of the century. From the early years of the organization under the batons of Emil Oberhoffer and Henri Verbrugghen, the chronicle rises to the period of the great contemporaries, Ormandy, Mitropoulos, and Antal Dorati. There is a wealth of detail on the career of Mitropoulos, the renowned New York Philharmonic conductor who reached his present stature during his leadership of the Minneapolis orchestra. The extensive concert tours that have earned for the Minneapolis symphony the nickname of orchestra on wheels are recalled in anecdotes that will evoke many a chuckle and plenty of amazement. Accounts of early recording sessions offer fascinating sidelights on this aspect of musical history. A complete list of the works performed by the orchestra during the past fifty years provides a significant record of changing trends in musical tastes. A roster of all the players who have been members of the orchestra is given, and the reference section also includes a complete list of out-of-town engagements and a list of the orchestra's recordings which are available.
