Sight Reading: Piano Music for Sight Reading and Short Study, Level 5 Keith Porter-Snell, 2020-01-07 The Sight Reading series is a valuable new addition to the Neil A. Kjos Piano Repertoire Library. As they say, You learn to sight read by doing it! This series includes piano music of various textures and styles to be used to improve student sight reading, as well as overall reading skills beginning at the elementary level. The series is useful as a supplement to any course of study and includes original music by Diane Hidy (Prep. to Level 1) and Snell editions of works (Levels 2 to 4) by composers of the 17th through early 20th centuries. The works are brief enough for students to quickly read during their practice. They are also useful as short study pieces that can be practiced, but only for a few days, or at most a couple of weeks. The music is not intended for performance, but rather to improve students' ability to learn new music

quickly and efficiently. - Publisher.

'This book has elevated sight-reading practice to the next level, using a fresh, fun approach that blends solid vision, science principles, and 21st-century technology.' Sight Reading For Strings - Viola Denise Willey, Kristina Willey, Rebeka Willey, 2010-01-01
Sight Reading for Strings includes 115 studies in duet form, student and teacher for sight reading work at the lesson, ranging from open strings with quarter notes to complex rhythms in 14 different keys and several meters, some position work and double stops. Teacher plays with the student the first time, and on the repeat s/he plays the teacher's part and leaves the student to hold his own on the student part. Once the student has finished the book, he starts it over and plays the teacher's part all the way through the book. Teachers will appreciate the Wohlfhart duet etudes, which are extremely musical, but never familiar, so the student cannot play by ear as he is reading, as well as the broad range of musical signs not usually found in solo repertoire, including measure repeat signs, repetitive rhythm shorthand, and Italian terms, e.g., sul ponticello, con & senza sordino, col legno, sotto voce, and scores of others, D.C, D.S, Coda, and tempo and articulation terms and signs. Students should begin SRS once they have completed about 15-20 lessons in the Primer exercises or as recommended by their teacher, and continue after they finish the Primer, on through the Advanced Etudes and Advanced Rhythms.
