📖 **THE SPORTS REVOLUTION** Frank Andre Guridy, 2021-03-23 In the 1960s and 1970s, America experienced a sports revolution. New professional sports franchises and leagues were established, new stadiums were built, football and basketball grew in popularity, and the proliferation of television enabled people across the country to support their favorite teams and athletes from the comfort of their homes. At the same time, the civil rights and feminist movements were reshaping the nation, broadening the boundaries of social and political participation. The Sports Revolution tells how these forces came together in the Lone Star State. Tracing events from the end of Jim Crow to the 1980s, Frank Guridy chronicles the unlikely alliances that integrated professional and collegiate sports and launched women’s tennis. He explores the new forms of inclusion and exclusion that emerged during the era, including the role the Dallas Cowboys cheerleaders played in defining womanhood in the age of second-wave feminism. Guridy explains how the sexual revolution, desegregation, and changing demographics played out both on and off the field as he recounts how the Washington Senators became the Texas Rangers and how Mexican American fans and their support for the Spurs fostered a revival of professional basketball in San Antonio. Guridy argues that the catalysts for these changes were undone by the same forces of commercialization that set them in motion and reveals that, for better and for worse, Texas was at the center of America’s expanding political, economic, and emotional investments in sport.

📖 **IACOCCA** Lee Iacocca, William Novak, 2011-04-13 “Vintage Iacocca . . . He is fast-talking, blunt, boastful, and unabashedly patriotic. Lee Iacocca is also a genuine folk hero. . . . His career is breathtaking.”—Business Week He’s an American legend, a straight-shooting businessman who brought Chrysler back from the brink and in the process became a media celebrity, newsmaker, and a man many had urged to run for president. The son of Italian immigrants, Lee Iacocca rose spectacularly through the ranks of Ford Motor Company to become its president, only to be toppled eight years later in a power play that should have shattered him. But Lee Iacocca didn’t get mad, he got even. He led a battle for Chrysler’s survival that made his name a symbol of integrity, know-how, and guts for millions of Americans. In his classic hard-hitting style, he tells us how he changed the automobile industry in the 1960s by creating the phenomenal Mustang. He goes behind the scenes for a look at Henry Ford’s reign of intimidation and manipulation. He recounts the miraculous rebirth of Chrysler from near bankruptcy to repayment of its \$1.2 billion government loan so early that Washington didn’t know how to cash the check.
