When you start looking for witches, you find them everywhere. As seekers and practitioners reclaim and restore magic to its rightful place among powerful forces for social, personal, and political transformation, more people than ever are claiming the identity of Witch. But our knowledge of witchcraft and magic has been marred by erasure, sensationalism, and sterilization, the true stories of history's witches left untold. Through meditations, stories, and practices, authors Risa Dickens and Amy Torok offer an intersectional, contemporary lens for uncovering and reconnecting with feminist witch history. Sharing traditions from all over the world--from Harlem to Haiti, Oaxaca to Mesopotamia--*Missing Witches* introduces readers to figures like Monica Sjoo, HP Blavatsky, Maria Sabina, and Enheduanna, shedding light on their work and the cultural and sociopolitical contexts that shaped it. Structured around the 8 sabbats of the Wheel of the Year, each chapter includes illustrations by Amy Torok, as well as invocations, rituals, and offerings that incorporate the authors' own wisdom, histories, and journeys of trauma, loss, and empowerment. *Missing Witches* offers an inside look at the vital stories of women who have practiced--and lived--magic.

A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. *13 Hours* sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. *13 Hours* is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The story of what happened to these men--and what they accomplished--is unforgettable.

**The Unstoppable Wasp** Sam Maggs, 2020-07-14 Bestselling author Sam Maggs brings Nadia Van Dyne (the Unstoppable Wasp) and her genius friends to life in an all-new original YA novel based on the world of The Unstoppable Wasp Marvel comics series. Nadia Van Dyne is new to this. New to being a Super Hero, new to being a real friend and stepdaughter (to one of the founding Avengers, no less), new to running her own lab, and new to being her own person, far, far away from the clutches of the Red Room—the infamous brainwashing/assassin-training facility. She's adjusting well to all of this newness, channeling her energy into being a good friend, a good scientist, and a good Super Hero. It's taking a toll, though, and Nadia's finding that there are never quite enough hours in a day. So, when she's gifted a virtual assistant powered by the most cutting-edge A.I. technology that the world has to offer, Nadia jumps at the opportunity to do less, experience more—just like the advertisements say. The device works—really works. Nadia has more time to pursue her passion projects and to focus on new discoveries. But it's never quite that simple, and not everything is as it seems. This thrilling adventure finds Nadia confronting her past as she tries to shape her future, and learning that sometimes the best way to effect big change is to think small—maybe even super small, Unstoppable Wasp-style. She'll need the help of her genius G.I.R.L. (Genius In action Research Labs) squad and found family to save herself and (not to be too dramatic) the entire world as we know it. Along the way, Nadia discovers that when she teams up with the people who love her the most, they're totally Unstoppable. Just another day in the life of your way, way above average teenage Super Hero.

**Secret Soldiers** Keely Hutton, 2019-06-11 A 2020 Bank Street Best Children's Book of the Year A 2020 Children's Book Council Notable Social Studies Book for Young People Over a quarter million underage British boys fought on the Allied front lines of the Great War, but not all of them fought on the battlefield—some fought beneath it, as revealed in this middle-grade historical adventure about a deadly underground mission. Secret Soldiers follows the journey of Thomas, a thirteen-year-old coal miner, who lies about his age to join the Claykickers, a specialized crew of soldiers known as “tunnelers,” in hopes of finding his missing older brother. Thomas works in the tunnels of the Western Front alongside three other

soldier boys whose constant bickering and inexperience in mining may prove more lethal than the enemy digging toward them. But as they burrow deeper beneath the battlefield, the boys discover the men they hope to become and forge a bond of brotherhood. *Secret Soldiers* is another stunning story of strength, perseverance, and love from Keely Hutton. This title has common core connections.

*My Son Marshall, My Son Eminem* Debbie Nelson, 2008 To this day Debbie Nelson is asked why she abandoned her son Marshall as a boy, beat him repeatedly, and then had the audacity to dog him with lawsuits when he became rich and famous. *My Son Marshall, My Son Eminem* is her rebuttal to these widely believed lies—a poignant story of a single mother who wanted the world for her son, only to see herself defamed and shut out when he got it. Debbie Nelson encouraged her talented son to chase success—even when Eminem hijacked her good name in his lyrics and press for street cred, a movie that ultimately alienated them from each other by the notoriety and bitterness it spawned. In *My Son Marshall, My Son Eminem*, Debbie Nelson details the real story of Eminem's life from his earliest days in a small town in Missouri and his teenage years in Detroit, to his rise to stardom and very public mom-bashing.

The Paris Hours Alex George, 2020-05-05 “Like All the Light We Cannot See, *The Paris Hours* explores the brutality of war and its lingering effects with cinematic intensity. The ending will leave you breathless.” —Christina Baker Kline, author of *Orphan Train* and *A Piece of the World* One day in the City of Light. One night in search of lost time. Paris between the wars teems with artists, writers, and musicians, a glittering crucible of genius. But amidst the dazzling creativity of the city's most famous citizens, four regular people are each searching for something they've lost. Camille was the maid of Marcel Proust, and she has a secret: when she was asked to burn her employer's notebooks, she saved one for herself. Now she is desperate to find it before her betrayal is revealed. Souren, an Armenian refugee, performs puppet shows for children that are nothing like the fairy tales they expect. Lovesick artist Guillaume is down on his luck and running from a debt he cannot repay—but when Gertrude Stein walks into his studio, he wonders if this is the day everything could change. And Jean-Paul is a journalist who tells other people's stories, because his own is too painful to tell. When the quartet's paths finally cross in an unforgettable climax, each discovers if they will find what they are looking for. Told over the course of a single day in 1927, *The Paris Hours* takes four ordinary people whose stories, told together, are as extraordinary as the glorious city they inhabit.
