AC/E Digital Culture Annual Report. Javier Celaya, Jovanka Adzic, Luis Miguel Cencerrado, Pablo Gervás, José Manuel Menéndez, Elena Neira, Emma Roderó, Nuria Rodríguez, Mario Tascón, Elisa Yuste, 2018-04-17 The AC/E Digital Culture Annual Report is a publication which looks at the impact of the internet on our society. Its aim is to delve into the transformation happening within the arts and culture sector and to help entities and professionals create experiences that are in line with the expectations of 21st century consumers. The first part of the 2018 edition brings together texts from professionals in the arts and culture sector as well as from experts in the digital field, in order to get up to speed on important issues regarding main trends. Every year the second part of the edition (Focus) looks at the changes happening among readers and reading material. The aim is to outline a map of digital reading material. Mario Tascón takes a close look at our most connected cities that have been created by the latest interconnected devices and the Internet of Things. He then analyses the role that cultural spaces are destined to perform within these cities. Next, José Manuel Menéndez and David Jimeno Bermejo describe the latest challenges faced by immersive technologies and its growing role within the ecosystem of digital content. The Experimental UNIT of the University of Valencia reviews its experience with the use of digital design and analyses how the latest possibilities of mobile devices can offer resources for the construction of the museography debate. Jovanka Adzic discusses a burning issue. In her analysis on the evolution of social networks and their continuously expanding influence on our way of life, she also takes a look at the problem of fake news on the internet. Jovanka goes on to reflect on the competitive advantage of FANG obtained through large volumes of social data, within an economy driven by Big Data. Elena Neira takes a look at the impact of consumption of on-screen culture and the business models that are based on subscriptions- the so-called "Netflix model". And Emma Roderó - in line with this year's central theme of Focus - examines the theme of orality and analyses the growing influence of sound and voice in the digital era. Pablo Gervás builds on the concept of computational creativity and its impact on literary creation. We have a total of seven articles by renowned experts to help us learn and reflect on the changes affecting our society as a whole and to give us a glimpse of new opportunities for the sector of arts and culture. Every year the second part of the edition (Focus) reflects and explains - through the use of best-practice examples both nationally and internationally - the biggest changes happening among readers and reading material in the digital era. The main objective of this section is to present a unified view on the matter. Authors Luis Miguel Cencerrado, Elisa Yuste and Javier Celaya outlines a map to help us navigate with ease through all types of texts; highlighting the role of the reader in the current context of hybrid literature (paper, digital, audio, visual, transmedia, etc.) which is favoured by the digital era we live in. The annual review is published in both Spanish and English, in PDF and EPUB format and can be downloaded for free under the licence of Creative Commons. The publication can be downloaded on the Acci4n Cultural Española website in the section digital publications. A copy can also be obtained from major distributors of national and international digital books.

**Anuario AC/E de cultura digital 2018** Javier Celaya, Jovanka Adzic, Luis Miguel Cencerrado, Pablo Gervás, José Manuel Menéndez, Elena Neira, Emma Roderó, Nuria Rodríguez, Mario Tascón, Elisa Yuste, 2018-04-17 El Anuario AC/E de cultura digital es una publicación que refleja el impacto que Internet está teniendo en nuestra sociedad con el fin de profundizar en la transformación del sector cultural y ayudar a sus entidades y profesionales a crear experiencias en línea con las expectativas de los usuarios del siglo XXI. La primera parte de esta edición de 2018 reúne textos de profesionales de la cultura y especialistas del entorno digital para hacer una puesta al día sobre temas trascendentes entre las principales tendencias. Como cada año, la segunda parte propone un Focus centrado en los cambios que experimentan la lectura y los lectores con el propósito de trazar un mapa de lectura digital. Así Mario Tascón profundiza en las ciudades conectadas que han generado los nuevos dispositivos interconectados y el Internet de las Cosas, para después perfilar el rol que los espacios culturales están llamados a protagonizar en ellas. A continuación José Manuel Menéndez y David Jimeno Bermejo describen los nuevos retos de las tecnologías inmersivas y su consolidación en el ecosistema de los contenidos. Mientras el equipo de UNIT Experimental de la Universidad de Valencia repasa su experiencia en el uso del diseño digital y analiza cómo las nuevas posibilidades de los dispositivos móviles ofrecen recursos para la construcción del discurso museográfico. Jovanka Adzic nos trae una cuestión de plena actualidad. En su análisis sobre la evolución de las redes sociales y su cada vez mayor influencia en la forma de vida de las personas, también toca el problema de las noticias falsas en la red y plantea una reflexión seria sobre las ventajas competitivas de los enormes volúmenes de Social Data que acumulan las FANG en una economía impulsada por el Big Data. Por su parte, Elena Neira, vuelve su mirada al impacto del consumo cultural en pantalla y los modelos de negocio basados en la suscripción, el denominado modelo Netflix". Y Emma Roderó se acerca al tema del Focus de este año en su revisión de la oralidad para luego analizar el creciente peso de la voz y el sonido en la era digital. Mientras Pablo Gervás desarrolla el concepto de creatividad computacional y su impacto en la creación literaria. En total 7 artículos de expertos destacados para ayudarnos a conocer y reflexionar sobre los cambios en los que está inmersa nuestra sociedad en su conjunto, y tras los que también se adivinan nuevas oportunidades para el sector cultural. La segunda parte del Anuario plantea, como cada año, un Focus que reflexiona y expone, a través de ejemplos de buenas prácticas nacionales e internacionales, los grandes cambios que están experimentando la lectura y los lectores en la era digital con el objetivo de dar una visión de conjunto sobre esta cuestión. Sus autores, Luis Miguel Cencerrado, Elisa Yuste y Javier Celaya, trazan así un mapa para ayudarnos a conocer y a movernos con desenvoltura entre todo tipo de textos, destacando la figura del lector en el contexto actual de lectura híbrida (papel, digital, audio, visual, transmedia, etc.) que es la que propicia la era digital que nos ha tocado vivir. Los anuarios se publican en español e inglés, en formatos PDF y EPUB, y con descarga gratuita bajo una licencia de Creative Commons tanto en la web de Acción Cultural Española, en la sección de publicaciones digitales, así como en las principales distribuidoras de libros digitales nacionales e internacionales.

Women in Mass Communication Pamela J. Creedon, Laura A. Wackwitz, 2022-12-30 This fourth edition of Women in Mass Communication addresses the myriad changes in media and mass communication disciplines in relation to women over

the last five decades. This volume traces the history of diversity, equity, and inclusion for women in media, enabling greater understanding of global discourses and inequities, exploring transnational feminism, offering criticism of underlying structures, and calling for meaningful changes to media systems. With particular emphasis on educational and professional approaches to media communication, the book brings together a wide variety of specific topics and connects them through an intersectional feminist lens that values diversity, equity, and inclusion while exposing global systemic misogyny. The volume features 23 authors with a variety of backgrounds and perspectives from Australia, Germany, Ghana, Kenya, Korea, New Zealand, Saudi Arabia, United Arab Emirates, United Kingdom, and the United States. This fourth edition focuses on marginalization practices—race, ethnicity, LGBTQ+, social class, and in multiple societies—providing insight into identity and difference in a global context. An important text for students and scholars examining gender in relation to mass communication, media studies, and journalism, as well as those exploring wider issues of diversity, equity, and inclusion within these disciplines.
