The Flyght Series Box Set (Books 1-3) S. J. Pajonas,2020-09-09 Start the Flyght Series today with First Flyght, Broken Flyght, and High Flyght all in one ebook set. Betrayal will send her back to him. Grit and determination will forge her future. Vivian Kawabata is ready to claim her birthright and ascend to the head of the family empire, but that dream ends when her brother stabs her in the back, draining the accounts and leaving her unable to pay for so much as a pair of shoes. But she's not giving up without a fight. To stand a chance of restoring her rightful place in the universe, the rule-following Vivian may have to break a few intergalactic laws. After how she's been treated, it's a price she's willing to pay. With an old starship she secured from her aunt, she takes on two new roles: a sexy heiress collecting eligible bachelors and a hard-nosed captain rebuilding a lost fortune by any means necessary. Completely out of her depth, she'd be sunk without the help of a relationship broker, a handsome ex-boyfriend, a hacker with a heart of gold, and a host of other romantic partners she meets along the way. With a business that runs the razor's edge between trade and smuggling, the former high-society socialite will have to choose between love and business if she's to rebuild her empire. First Flyght is the first book in the Flyght Series of star-spanning sci-fi romance. Broken Flyght and High Flyght are books 2 and 3 of the six-book completed series. If you like action-packed space operas and a universe full of twists, then you'll love S. J. Pajonas's interstellar adventure. Please note: THIS SERIES MUST BE READ IN ORDER. It is a true series and plot elements carry through every book, from beginning to end. You will miss too much by reading this series out of order or skipping around. The Flyght Series is complete at six books. This is also a slow-burn RH series that contains profanity and sexual situations. Additional Keywords: science fiction, science fiction romance, reverse harem, reverse harem romance, why choose, why choose romance, space opera, science fiction action adventure

New Money Lana Swartz,2020-08-18 A new vision of money as a communication technology that creates and sustains invisible--often exclusive--

communities In an engaging and timely work, brimming with fascinating anecdotes and historical and literary references, Lana Swartz brilliantly illustrates how financial technologies are quietly transforming how we socialize and what it means to belong.--Jonathan Zittrain, author of *The Future of the Internet: And How to Stop It* One of the basic structures of everyday life, money is at its core a communication media. Payment systems--cash, card, app, or Bitcoin--are informational and symbolic tools that integrate us into, or exclude us from, the society that surrounds us. Examining the social politics of financial technologies, Lana Swartz reveals what's at stake when we pay. This accessible and insightful analysis comes at a moment of disruption: from fin-tech startups to cryptocurrencies, a variety of technologies are poised to unseat traditional financial infrastructures. Swartz explains these changes, traces their longer histories, and demonstrates their consequences. She shows just how important these invisible systems are. Getting paid and paying determines whether or not you can put food on the table. The data that payment produces is uniquely revelatory--and newly valuable. New forms of money create new forms of identity, new forms of community, and new forms of power.

Come Sundown Mike Blakely, 2007-11-27 Reluctant hero, Honore Greenwood, has a knack for embroiling himself in the most violent conflicts of the Southern Plains. Known as Plenty Man to the Comanches, Honore serves as ransom negotiator for captives among the Indians. As if his life wasn't in danger enough, Honore has offered his services to the New Mexico Volunteers in the Civil War. But as Honore's luck would have it, he's in the same

unit as Luther Sheffield, a man whose grudge against Greenwood knows no boundaries, even though they are fighting on the same side. Leaving behind his beautiful Arapaho bride, Honore rides out, joining his legendary friend, Kit Carson, as a scout. But he is swept into more action than he bargained for—heavy combat in the battles of Val Verde Ford and Glorieta Pass plus Indian attacks—all the while watching over his shoulder for the ruthless Luther Sheffield. Worried that he may soon be ordered to take up arms against his own adoptive tribe, the Comanches, Honore resigns as Kit's scout to return to his tribe. But Honore's halcyon days among the Indians cannot last forever, and he knows that eventually his old cavalry unit will come to attack his village. Torn between a nation on the rise and his own adoptive culture, Plenty Man is forced to lead the fight for Comanche freedom against his old friend, the great Kit Carson, in a battle at a remote place in the Texas Panhandle called Adobe Walls. But in the end, it becomes difficult to tell enemy from ally, and Plenty Man knows his loyalty to the Indians may cost him everything – his beautiful wife, his freedom to return to white civilization, his friendship with Kit, and even his very life.
