Fears and Frights: A Canadian Werewolf 2 Book Bundle Mark Leslie,2022-03-15 THERE'S NO ESCAPING THE EVIL THAT RISES WITHIN OUR OWN HEARTS. On a work trip to Los Angeles, Michael Andrews stumbles upon the rising underground movement of the Proud Fighters for America, a white-supremacist group hell-bent not only on vanquishing any outside their pre-defined definitions of the one pure race, but also on leveraging long-buried paranormal experiments conducted by Nazi Germany to create an army of super soldiers. But this group isn't confined to the west coast. Their numbers have also spread to New York, Michael's home stomping grounds. Michael has to determine if a mysterious woman he is falling in love with who has ties to the PFA and a unique paranormal ability of her own can be trusted, and if the two of them, along with another supernatural creature and an occult scholar, are enough to take down the growing legion of evil. FEARS AND FRIGHTS combines the complete texts of the two-book story arc that unrolls in the novels FEAR AND LONGING IN LOS ANGELES and FRIGHT NIGHTS, BIG CITY into a single digital bundle. ----- FEAR AND LONGING IN LOS ANGELES WELCOME TO THE JUNGLE. If New York is the city that never sleeps, then L.A. is the city where you have to sleep with one eye open. Michael Andrews learns quickly that it's not just the cut-throat world of Hollywood you need to fear. There's something deeper, darker, and far more disturbing lurking just beneath the shadows of the city, waiting for any moment of vulnerability to grab you by the throat. An extended trip to Los Angeles to be on set for the movie adaptation of his latest novel leads Michael into a twisted and macabre underworld where he becomes entangled with an intriguing, sexy, and mysterious woman. At times she seems just what he needs in order to finally get over the unrequited love of his ex-girlfriend; but at other times, she appears to be the gateway to a Pandora's box of B-movie nightmares. Can he trust her? Can he trust himself with her? Michael's supernatural wolf-enhanced powers and special abilities might not be enough to survive this particular harsh and gritty jungle and the unique and deadly predators that crawl out of the shadows. ----- FRIGHT NIGHTS, BIG CITY STOP SPREADING THE NEWS! THERE'S NO LEAVING TODAY! Not when the Big Apple comes under attack from an infectious worm threatening to rot it, and the entire nation, to the core. Michael Andrews thought he'd found the perfect woman in Lex. A companion whose own powers neutralize his werewolf curse and bringing the balance he's always wanted. But his plans on settling down and giving up the vigilante lifestyle are fleeting. The hatred, the fear, and the monstrous attacks on innocent civilians are growing and spreading as supernatural monsters roam the city streets at night. The neo-Nazi Proud Fighters for America, aware of the special abilities that Lex possesses, track her down and plan on leveraging her powers for their own nefarious purposes. With Michael's powers nullified in Lex's presence, the couple is forced to divide in their attempt to conquer, and Michael turns to his ex-girlfriend and her knowledge of the occult world

in order to understand how to fight this rising evil. But will two supernatural forces of good operating separately and one paranormal scholar be enough to vanquish the growing legion of evil?

Medicine Bundle Joshua David Bellin,2015-02-26 From the 1820s to the 1930s, Christian missionaries and federal agents launched a continent-wide assault against Indian sacred dance, song, ceremony, and healing ritual in an attempt to transform Indian peoples into American citizens. In spite of this century-long religious persecution, Native peoples continued to perform their sacred traditions and resist the foreign religions imposed on them, as well as to develop new practices that partook of both. At the same time, some whites began to explore Indian performance with interest, and even to promote Indian sacred traditions as a source of power for their own society. The varieties of Indian performance played a formative role in American culture and identity during a critical phase in the nation's development. In *Medicine Bundle*, Joshua David Bellin examines the complex issues surrounding Indian sacred performance in its manifold and intimate relationships with texts and images by both Indians and whites. From the paintings of George Catlin, the traveling showman who exploited Indian ceremonies for the entertainment of white audiences, to the autobiography of Black Elk, the Lakota holy man whose long life included stints as a dancer in Buffalo Bill's Wild West show, a supplicant in the Ghost Dance movement, and a catechist in the Catholic Church, Bellin reframes American literature, culture, and identity as products of encounter with diverse performance traditions. Like the traditional medicine bundle of sacred objects bound together for ritual purposes, Indian performance and the performance of Indianness by whites and Indians alike are joined in a powerful intercultural knot.
