The Wierd World of Casino Craps Louis Girifalco, 2016-07-15 This book is about the game of casino craps; its allure, its superstitions and its truths. It is about luck, chance and systems, about

good bets, bad bets, good playing strategies and poor strategies. Smart craps is a fifty-fifty game and if everyone played smart, the casinos could not afford to run crap games. But most gamblers don't play smart craps and their losses make the game very profitable for the casinos. Bless the losers because without them there would be no craps games at your favorite casino. Here's how to play smart craps: Start with the right stake, establish a win goal and a loss limit, avoid all bets with a high house edge, and learn how to randomize the game without randomizing your bets. But this book is more than just a description of how to play a sensible craps game. It includes some fascinating history, an analysis of the house edge, and above all, it stresses the importance of mental discipline. It is a lack of discipline, as much as an ignorance of the game, that makes most players continual losers. Read my book and learn about the strange world of casino craps. Follow its lessons, and you will be a smart player with greatly increased chances of winning more than you lose.

Grunts Mary Gentle,2013-08-29 What is an orc? An orc is an 18 stone fighting machine, made of muscle, hide, talon and tusk, with a villainous disposition and a mean sense of humour. And, of course, an orc is a poor dumb grunt - the much abused foot soldier of the Evil Horde of Darkness. The usual last battle of Good against Evil is about to begin. Orc Captain Ashnak and his war-band know exactly what they can expect. The forces of Light are outnumbered, full of headstrong heroes devoid of

tactics - but the Light's still going to win. Orcs - the sword fodder in the front line - will die by the thousands. Life's a bitch.
