**The Dental Patient'S Survival Guide** Ellen Broyles,2011-06-15 TESTIMONIALSbr> Ellen is our dental angel advocate. Her book exposes all the murky and sometimes secretive details of the dental industry, such as fillings, root canals, crowns, implants, dentures, and more, and the expenses and insurance involved. She presents the information in such an easy to read and informative manner that its not possible any longer to wonder whether to trust a dental professional or his/her treatment or not. Hooray for Ellen Broyles! I can honestly say that I appreciate her writing this book; the information has been kept un-der cover for too long. Thanks, Ellen. Terry Mills Ellen the book is great! I sat down to just read a chapter or two and ended up finishing it because it was so fun, definitely not the typical, dry literature youd read about a medical profession! The structure and content were perfect. Thanks for sending me along a copy; I think its a great idea to educate patients! Casey Caraher Ellen has personally saved our family thousands of dollars by intercepting treatment plans that would have drained our bank accounts. We cant thank her enough for her time and caring attitude for us and many of our other family members that have gone to her for dental advocacy. She was able to inform us with alternative suggestions and refer us to other dentists that were able to provide them. Marcy Dodds My sister was in severe dental pain one evening; we were referred to Ellen to help us find available dental resources and she was able to find a clinic that worked on a sliding fee schedule. Both my sister and I thank you Ellen! Thanks to your recommendation, she received wonderful dental care that she could afford! Thank you again. Debby Cabales I have always called Ellen over the years to get a second opinion of the treatment plan I received from various dentists. She has always been able to either agree with the dentists plan of treatment or disagree offering viable options for me. I will continue to ask her advice when it comes to hard decisions with my dental treatment. Nancy White My cousin was in dire need of dental help Not only did she lack the funds for dental treatment but she was very scared of dentists in general. Not only did Ellen take the time to find her an adequate but inexpensive dental insurance plan for her, but she also found her a very empathetic dentist to work with Gwen. Ellen even brought her to her first appointment so she would feel more comfortable. Thank you, Ellen Kim Ledgerwood

A Cup of Coffee with My Dentist Roya Akbar D.,Randy Van Ittersum,Patricia Wu D.,Peter Fuentes D.,Steven Gusfa,Edita Outericka D.,Kathy Jacobsen D.,Patricia Takacs D.,Terri Baarstad D.,Trevor Tsuchikawa,Elias Achey Jr. D.,2015-07-28 Dentists get a bad rap. Even though the dentist is often the first responder in the battle for a patient's healthy body, we sometimes fall prey to the fear that continues to circulate around this group of professionals sparked by long-ago stories about bad dental chair experiences. This book, *A Cup of Coffee with My Dentist*, hopes to change that-at least for a few dentists, anyway. The dentists whose stories reside within the covers of this book want you to know and understand them better as human beings and, as a bonus, they will teach you more about your teeth than you ever knew was possible. \* What is sedation dentistry, and are you a candidate? \* Why not just pull that broken molar? Do you really need it? \* Are dental implants right for you? \* How long should I expect my natural teeth to last? (Can you spell f-o-r-e-v-e-r?) *A Cup of Coffee with My Dentist* will introduce some of the dedicated individuals who devote their days to caring for your mouth and, in so doing, make the rest of your body function the way it was meant to. You'll learn about their backgrounds, what inspires them, the fuel that drives them, and the reason that drive seems unquenchable.

**100 Years of Women in the Dental Profession in the UK, 1918-2018** Janine Brooks,2019-06-21 This book is a showcase celebration of the achievements of women dental professionals in the 100 years since (some) women first achieved the right to vote in the United Kingdom. Women dentists hold equal status as men within the profession, although there is some way to go before this is mirrored across dentistry as a whole. This volume will serve to provide inspiration to all dental professionals, men and women, regarding the many and varied opportunities dentistry provides. The women profiled are working (or have worked) in all aspects of dentistry, they are role models to all and are a credit to the profession. We can learn so much from each other, and the role of mentoring is an important underpinning thread that runs throughout the book and is highlighted in the career stories of each woman.
