*Beginning Facebook Game Apps Development* Wayne Graham, 2012-06-10 Today's Facebook is emerging to become tomorrow's operating system, according to some. Certainly, a WebOS. Web standards-based apps using HTML5, JavaScript, CSS3 and more are now possible on Facebook. Why not get started with developing and selling Facebook game apps on Facebook's App Store? *Beginning Facebook Game Apps Development* gets you started with building your first game apps that run on Facebook. Become your own Zynga and create your own Civilization or Farmville and more. Build rich Web-based apps that you can sell on Facebook's App Store. Because these apps are built on Web standards, you can build and run on many browsers and—more interestingly—more computers, tablets,

smartphones and even other devices and appliances that are Web-connected or enabled.

**The Ventures Essential Albums Discography** Arnold E. van Beverhoudt, Jr.,2015-02-07 The Ventures are recognized as the most popular and successful instrumental rock and roll band in the world. They were inducted into the Rock and Roll Hall of Fame in 2008, the 50th anniversary of the band's formation by Don Wilson and Bob Bogle. This book offers my suggestions for what I consider to be an essential albums collection of The Ventures' music. I limited the listings to albums (LPs, EPs, and CDs) released in the United States, Japan, and the United Kingdom that would provide a reasonably complete library of the almost 1,200 different songs recorded by The Ventures during their 55 years of existence to date (1959 to 2014). If you have all of these albums, you'll have virtually the entire recorded and officially-released library of The Ventures' music. Please note that this book contains album cover art, label information, and track list for each album listed. It does not include review commentary on the albums.

My Rock 'n' Roll Friend Tracey Thorn,2021-04-01 'Entertaining, affectionate and righteous'

Guardian 'Says so much about being a woman' Cosey Fanni Tutti In 1983, backstage at the Lyceum in London, Tracey Thorn and Lindy Morrison first met. Tracey's music career was just beginning, while Lindy, drummer for The Go-Betweens, was ten years her senior. They became confidantes, comrades and best friends, a relationship cemented by gossip and feminism, books and gigs and rock 'n' roll love affairs. Thorn takes stock of thirty-seven years of friendship, teasing out the details of connection and affection between two women who seem to be either complete opposites or mirror images of each other. She asks what people see, who does the looking, and ultimately who writes women out of – and back into – history.
