Candles in My Window Beth Firestone,1990

Dress Coded Carrie Firestone,2022-05-17 In this middle-grade girl-power friendship story, perfect for fans of Moxie, an eighth grader starts a podcast to protest the unfair dress code enforcement at her middle school and sparks a rebellion. Now available in paperback! Molly Frost is FED UP... Because Olivia was yelled at for wearing a tank top. Because Liza got dress coded and Molly didn't, even though they were wearing the exact same outfit. Because when Jessica was pulled over by the principal and missed a math quiz, her teacher gave her an F. Because it's impossible to find shorts that are longer than her fingertips. Because girls' bodies are not a distraction. Because middle school is hard enough. And so Molly starts a podcast where girls can tell their stories, and before long, her small rebellion swells into a revolution. Because now the girls are standing up for what's right, and they're not backing down.

Wounds into Wisdom Tirzah Firestone,2022-11-29 “Wounds into Wisdom is for anyone who has suffered trauma, either directly or in a family whose generational trauma is buried. It helps readers uncover suffering and use it to help others” the final stage of

healing. We may not be able to control what happens to us, but we can control what happens next.” □Gloria Steinem 2020 Nautilus Book Award □GOLD/Psychology 2020 Book Award from the Jewish Women’s Caucus of the Association for Women in Psychology 2019 Book of the Year Award Finalist in Religion and Self-Help categories Our past does not simply disappear. The painful history of our ancestors and their rich cultural wisdom intertwine within us to create the patterns of our future. Even when past trauma remains unspoken or has long been forgotten, it becomes part of us and our children □ a legacy of both strength and woundedness that shapes our lives. In this book, Tirzah Firestone brings to life the profound impact of protracted historical trauma through the compelling narratives of Israeli terror victims, Holocaust survivors, and those whose lives were marred by racial persecution and displacement. The tragic story of Firestone’s own family lays the groundwork for these revealing testimonies of recovery, forgiveness, and moral leadership. Throughout, Firestone interweaves their voices with neuroscientific and psychological findings, as well as relevant and inspiring Jewish teachings. Seven principles emerge from these wise narratives □ powerful prescriptive tools that speak to anyone dealing with the effects of past injury. At

the broadest level, these principles are directives for staying morally awake in a world rife with terror.

Daring to Love Tamsen Firestone, 2018-05-01 When it comes to finding love, are you standing in your own way? Daring to Love will help you identify the internal barriers that cause you to sabotage your love life, open yourself up to vulnerability, and build the intimate, lasting relationship you truly desire. After a breakup, most of us spend a lot of time thinking long and hard about what the other person did to cause it, rather than reflecting on ourselves. It seems self-evident that we want our romantic relationships to work, and that love and long-term commitment are our ultimate goals. But what if our desire for love is actually not as straightforward as our emotions make us believe? What if, instead of pursuing love, we are unconsciously pushing it away? In *Daring to Love*, Tamsen and Robert W. Firestone offer techniques based in Robert Firestone's groundbreaking voice therapy—the process of giving spoken word to unhealthy patterns—to help you understand how you are getting in your own way on the quest for true love. Love, the Firestones argue, makes us vulnerable and triggers old defenses we formed in childhood, causing us to sabotage our relationships in myriad subtle—and not-so-subtle—ways. Using the

voice therapy strategies in this book, you will be able to identify your own defensive patterns and uncover the destructive messages your critical inner voice is telling you about yourself, your partners, and your relationships. If you're struggling to cultivate lasting relationships, this book can help you embark on your next romantic journey with more openness and self-knowledge.

The First Rule of Climate Club Carrie Firestone,2022-07-05 An eighth grader starts a podcast on climate activism and rallies her friends to create lasting change in their local community and beyond, in this companion to Dress Coded. When Mary Kate Murphy joins a special science pilot program focused on climate change, the class opens her eyes to lots of things she never noticed before about her small suburban town: Kids waste tons of food at school without a second thought. Parents leave their cars running in the pick-up lane all the time. People buy lots of clothes they don't really need. Some of her friends who live in the city and are bused to her school don't always feel included. And the mayor isn't willing to listen to new ideas for fixing it all. Mary Kate and her friends have big plans to bring lasting change to their community and beyond. And now is the time for the young people to lead and the leaders to follow—or get out of the way.

With Roots in Heaven Tirzah Firestone,2024-03-12 A riveting

story of how one brave and adventurous woman turned her life upside down for God. Firestone teaches us, through the joys and sorrows of her life, how our ancient traditions are calling out to us for renewal, and how, through faith, honesty, and struggle, we are learning to respond. At age seventeen, Tirzah Firestone left the oppressive home of her Orthodox Jewish parents and set off on a spiritual odyssey. With Roots in Heaven is the story of that journey, a fascinating and moving account of her evolution from rebellious young seeker to renegade rabbi. This is an inspiring, true account of a courageous woman with strong convictions and a passion to know and feel God. It is also a book that goes beyond one person's story of wandering and redemption to explore the dangers of modern religion and the joys and conflicts of intermarriage and

raising interfaith children. An unforgettable story of love, sacrifice, and transformation—of grace sought and found—With Roots in Heaven offers hope, wisdom, and encouragement to anyone seeking deeper spiritual meaning in today’s world.

Even the Odds Karen Firestone, 2016-10-14 In Even the Odds, Karen Firestone explains how risk assessment plays a prominent role in all aspects of life. We may all define risk, and our tolerance for it, somewhat differently, but we might all agree it plays a pivotal role in guiding us toward an optimal outcome. As a long-time investment advisor, Firestone has grown accustomed to interpreting risk on a daily basis. She has developed four core tenets of risk-taking we can all apply to anticipating, evaluating, and responding to the risks we face in our business, investing, and personal lives. These tenets are right-sizing; right-timing; relying on skill, knowledge, and experience; and staying skeptical about numbers, promises, and forecasts. Firestone's approach is both practical and accessible to individuals who are making important decisions, such as embarking on new career or life changes, starting or running an enterprise, making a sizable investment, or deciding how to balance across a full portfolio of assets. The book is rich with anecdotes and examples of how many prominent

leaders in their fields encountered and dealt with risk along the way. Firestone also shares her own successes and failures, in particular when she decided to risk it all--a fabulous career managing billions of dollars at a premium investment company, her reputation, and the security at home that comes with a strong and stable job--to go out on her own. Even the Odds helps us understand the broader implications of risk--and how it guides our decision-making--so that we can improve outcomes across multiple facets of our lives, from our businesses and investments, to the personal choices we make.

The Loose Ends List Carrie Firestone,2016-06-16 The trip of a lifetime, a summer of love - unputdownable writing, perfect for fans of John Green and E. Lockhart. Maddie O'Neill Levine wants to spend the summer before college tying up loose ends with her best friends - kissing boys and soaking up the last of the summer sun. Then her beloved grandmother drops a bombshell; she has been diagnosed with cancer. To spend quality time with her family, Maddie's grandmother takes the whole family on a round-the-world cruise - but at the end of it, Gram might not return home. Here is a story about love, loss and the power of forgiveness.

A Critical Examination of Firestone's Operations in Liberia
Tarnue Johnson,2010-11 This book is about a case study of

Firestone Natural Rubber Company in Liberia. In this book issues of bureaucratic corruption, ethics and social alienation are directly confronted from a case study approach. Positivist and post-positivist approaches in the framework of a mixed methodology are adopted. This approach is justified in an attempt to generate comprehensive understanding of the research problem and its likely solutions.
