My First Baby Signs introduces ten of the most popular signs and provides parents a place to begin. Once baby waves bye-bye, the possibilities are endless. Baby signing is easy and natural. Infants and toddlers can learn how to say what they need, what they see, and even what they feel long before their vocal chords are developed enough to let them use actual words. Both books include the most popular signs and provide parents a place to begin 'talking' with their little one from the start. In this revolutionary breakthrough in parent

Baby Signs Joy Allen,2008-02-14 Long before they're able to talk, babies have a whole lot to say! Widen their world with this delightful modern classic—a must-have for growing families and a perfect baby shower or new-baby gift. With this adorable board book of essential signs, babies and toddlers can easily learn how to communicate their needs, wants, and feelings and even make basic observations with a simple gesture. Studies show that babies who use sign language feel less frustrated, throw fewer tantrums, and often learn to talk more easily. Just point to a sign in the book, say the word while making the sign, and the baby will soon be signing. Communicating a wet diaper or a hungry belly, asking for help or saying all done becomes as easy as waving hello or good-bye. And these are just a few of the thirteen signs inside this small and adorably illustrated board book, perfect for little hands and minds to grasp.

My Baby's First Year Nicole Anidjar,2020-05-22 My baby's first year. With my first baby, I was completely lost. I didn't think I needed to study or get informed because there's no manual on raising a child, right? I became a mother without knowing anything about newborns, the process of childbirth, breastfeeding and other forms of nutrition, or anything else that would come later. I dove into motherhood blindly assuming that everything would turn out fine because nobody really decides to do something believing that it might not go the way they expect. Nicole Anidjar. Better known as Mama Nicole, Dentist, Breastfeeding Specialist, Parenting Consultant and creator of Informed Parenting. A mother and professional with a clear goal: to make mothers enjoy raising their children to the fullest through empowerment and security.
