*Fishing in the Comfort Zone* John Veil,2016-03-04 This book describes my philosophy toward fishing -- the Fishing Comfort Zone. First, there are many different techniques and ways in which to fish. Second, there are many styles of rods and reels that are suited for different types of fishing. Likewise, there are hundreds of different types of soft and hard plastic, metal, and wooden lures. Third, fishing is available at thousands of locations in fresh and salt water, in rivers, lakes, bays, and oceans. Most fishermen have fishing spots close to home or may choose to travel to find other interesting spots. It is not possible for any person to fish in all ways with all types of tackle at all locations. After having fished in many types of settings, I have determined which methods, tackle, and locations are my preferred ones. These make up my fishing comfort zone. I also learned which ones I do not enjoy as much. The book begins with a description of the concept of the fishing comfort zone and explains the experiences I had and the learning I did to reach my current comfort zone. Next the book describes common types of rods, reels, and lures with a discussion of why I use particular ones. Separate chapters explain how I practice casting, jigging, light tackle trolling, and fishing with bait from my center console boat and my fishing kayaks. I have been fishing from kayaks for the past 15 years and find that each year I make more of my fishing trips in the kayaks. The book includes three chapters on kayak fishing that discuss how to select a kayak that is right for you and how to add accessories to make your fishing more comfortable and productive. This book offers tips on how to fish successfully with light tackle from small boats and kayaks and how to learn the types of fishing that make up your fishing comfort zone.

**All Fishermen Are Liars** John Gierach,2014-04-15 This “elegiac tribute to the elusive art and ineffable pleasure of fly-fishing” (Kirkus Reviews) shows us why life’s most valuable lessons—and some of its best experiences—are found while fly-fishing. For John Gierach, “the master of fly-fishing” (Sacramento Bee), fishing is always the answer—even when it’s not clear what the question is. In *All Fishermen Are Liars*, Gierach travels around North America seeking out quintessential fishing experiences, whether it’s at a busy stream or a secluded lake hidden amid snow-capped mountains. He talks about the art of fly-tying and the quest for the perfect steelhead fly (“The Nuclear Option”), about fishing in the Presidential Pools previously fished by the elder George Bush (“I wondered briefly if I’d done something karmically disastrous and was now fated to spend the rest of my life breathing the exhaust of this elderly Republican”), and the importance of traveling with like-minded companions when caught in a soaking rain (“At this point someone is required to say, ‘You know, there are people who wouldn’t think this is fun’”). And though Gierach loses some fish along the way, he never loses his passion and sense of humor. Wry, contemplative, and lively—that is to say, pure Gierach—*All Fishermen Are Liars* is a joy to read—and, as always, the next best thing to fishing itself. “From the early days...to his present cult status, Gierach’s candor and canniness at the water’s edge have been consistent...His grizzled, laconic persona is engaging and the voice of the common angler” (The Wall Street Journal).
