Leaving India Minal Hajratwala,2009-03-18 The PEN Award-winning chronicle of the Indian diaspora told through the stories of the author's own family. In this "rich, entertaining and illuminating story," Minal Hajratwala mixes history, memoir, and reportage to explore the collisions of choice and history that led her family to emigrate from India (San Francisco Chronicle). "Meticulously researched and evocatively written" (The Washington Post), *Leaving India* looks for answers to the eternal questions that faced not only Hajratwala's own Indian family but all immigrants, everywhere: Where did we come from? Why did we leave? What did we give up and gain in the process? Beginning

with her great-grandfather Motiram's original flight from British-occupied India to Fiji, where he rose from tailor to department store mogul, Hajratwala follows her ancestors across the twentieth-century to explain how they came to be spread across five continents and nine countries. As she delves into the relationship between personal choice and the great historical forces—British colonialism, apartheid, Gandhi's salt march, and American immigration policy—that helped shape her family's experiences, Hajratwala brings to light for the very first time the story of the Indian diaspora. A luminous narrative from “a fine daughter of the continent, bringing insight, intelligence and compassion to the lives and sojourns of her far-flung kin,” *Leaving India* offers a deeply intimate look at what it means to call more than one part of the world home (Alice Walker).

My India, My America Krishan Lal Ardhra, 1943 Life story of high caste Hindu poet who lived in America, with contrasts between two cultures and portraits of Indian leaders.

My India Marcel Moring, 2011 NEW YORK TIMES BESTSELLER From the bestselling author of *The Holocaust*, a riveting novel offering a wealth of unforgettable lessons from one of the greatest teachers who ever lived 1948. India, British troops

having just left its shores, is in turmoil. So is newly founded Israel. Death tolls are rising. The world is holding its breath. A young writer from the Holy Land decides to travel to India and meet Mahatma Gandhi, asking for the 78-year-old sage's advice. Gandhi finds solace in speaking to the young stranger. His advice to the young man to seek forgiveness, choose love over fear, and to search for peace inside first, echo ever so loudly as Gandhi is shot by an assassin. The young man goes back to the Holy Land to face the bloodshed, and to choose hope against all odds as he joins hands with local Arabs in founding the first village for both Arabs and Jews, Oasis of Peace. BASED ON A TRUE STORY, with an appendix including authentic documents. This novel shows Gandhi at his best: a great innovator in the struggle against racism, violence, and, colonialism. But above all, the novel successfully portrays Gandhi as a human being, and there lies its greatness. - Daily Telegraph A stunning historical novel that will keep you up late, hoping the enchanting story never ends. -Huffington Post A highly original and stirring novel on Mahatma Gandhi that deepens our sense of his achievements and disappointments. A riveting read. -Publishers Weekly

Finally I could see them down the hall, the old man, leaning on his niece, walking toward the room where I had set up the heavy Cine-Kodak movie camera in advance. His niece helped him into the room. I was extremely nervous. He sat down on the white mattress in front of me and exclaimed, Let us do it! I tried smiling. His niece walked out of the room and Gandhi looked at me. Should I look at you or directly at the camera? At me, I said, please do not look at the camera. Oh, he said, very well. He smiled at me. But before we begin, do tell me a little about yourself, young man. I looked at him and gulped. I... I mumbled. I didn't expect to be talking about myself... I have read your autobiography, Sir - Gandhi shook his head, No 'Sir' here, my young friend! Please call me Mohandas. I nodded. He continued, So, you've read My Experiments with Truth? He leaned over, examining me with his eyes. All of it? I smiled. His autobiography was 500 pages long. Yes, I said. Well, he grinned, then it means that we almost know one another! He looked at the camera. Now, what is your intention with this film? I hesitated. What was my intention? I was afraid to disappoint him

with my answer. I bit my tongue, but knew I had better speak, fast.

Through these speeches, he shares many valuable lessons in humility, resilience and determination, and leads children to think, grow and evolve. A project very close to his heart, Dr Kalam's last book for children is a road map for every child to pursue their dreams, to be the best they can be, leading to the realization of a better India.

My India My Canada Nityanand Sharma, 2017-06-28 During Sixties, an English teacher in Jaipur, India, perceived that his wife, Kamla, who had only Matriculation, needs some training in formal dancing in banquets, and dinner table setting, before joining him in

Canada. So Kamla got trained, before joining him after two years. The story is from an immigrant's point of view, and all Canadians, and Indians everywhere should read this interesting story with beautiful pictures to enjoy, as the times are changed, but perspectives may still be the same for new comers. It's a great universal read.

Who Killed My India P C Mathur, 2017-08-07 The British East India Company and the Asiatic Society employed a well-planned, three-pronged missionary, historical, and academic assault on Indian education and culture to subjugate and fleece India. Friedrich Max Muller (1823-1900) was a missionary sent to India, masquerading as a Sanskrit scholar while he had not met any Indian scholar or had knowledge of Sanskrit before coming to India. He was hired at the age of twenty-four years in 1847 to translate the Vedas into English. If the British were genuinely interested in Vedic translations, they could have hired an indigenous scholar with proficiency in Sanskrit and English, with authentic historic perspectives on the Vedas and with a real feel of the Vedic religion. Max Muller had none of these. Neither English nor Sanskrit was his mother tongue. From the British point of view, his qualification was his firm commitment to his Christian mission.

He, very tactfully, hired a couple of impoverished Sanskrit pundits (who could have been easily bribed) and got Vedas misinterpreted to destroy the Indian education system. India was very rich before the British invasion .We had the GDP of a quarter of the whole world .Up to 1895, India was the only supplier/producer of diamonds. This wealth was looted from India. The British were draining money from India at a rate of three million pounds a year in 1838. We have remained ignorant of misrepresentations and distortions of our nations history and have been incorrectly informed about our culture and heritage through the oral transmission of Vedic knowledge from generation to generation. This has been well explained by Dr. Alan Roland, an eminent American psychoanalyst, in his In Search of Self in India and Japan (1988, p.18). I would like to point out that indifference of young Indians to our own history has been invitation to foreigners to write our history. Matlock, in his India Once Ruled the Americas (p.170), explains this: The one and only reason why we dont know about Indias true role in human history is our self-imposed ignorance of Indian mythology, history, and education system.

Why I Am Proud of My India Prof. Suvasish Mukhopadhyay ,
Enlarge My Coast Barry Blackstone,2013-04-24 *Enlarge My*

Coast tells of Pastor Blackstone's return to India to see the completion of a project inspired during his first trip to the subcontinent of Asia in 2006. This time his traveling companion will be a church deacon of the Emmanuel Baptist Church, Russ Coffin. Blackstone and Coffin travel to Kerala State to help in the dedication of the new Venmony Baptist Church sanctuary and parsonage built through the support of their ministry in Maine. Once again Pastor Blackstone is able to share the wonders and wants of India through the eyes of another adventurous traveler. Enjoy with them the fascination of watching a working elephant beside a rural road; the attempt of catching on film five people on a motorcycle at one time; a houseboat ride on Kerala's largest lake; listening to Russ's first sermon; graduation day at Kerala Baptist Bible College; an Indian barbeque of pancakes and omelets; of trying to find a bell for the college in the busy and confusing markets of one of Kerala's biggest cities; and an auto-rickshaw ride through rubber tree-lined lanes, banana grove-covered valleys, and an Indian road repair crew! As in his other India books, *Though None Go with Me* and *Though One Go with Me*, share the practical spiritual lessons Pastor Blackstone learned on this, his third India journey and his first mission trip to the State of Andhra Pradesh as

the guest evangelist for the Independent Gospel Baptist Churches of India. Share in the personal experience of a daylong journey on the infamous Indian railway into the backcountry of central India, of driving a bullock cart, eating an Indian catfish, making friends with a dog named Ellie, preaching in a thatched-roof church, being surprised by a police raid at four in the morning, and witnessing more people coming to Christ at one time than at any other time in the pastor's ministry. Journey for a month into the unpredictable land of India and enjoy the surprises around each corner as Pastor Blackstone travels to three Indian states and gets to meet fellow pastors from five states. The fellowship will be sweet, the food will be hot, and the friendships made will be eternal!
