Global Girlfriends Stacey Edgar, 2011-04-12 Start small, dream big, change lives— how one woman harnessed the power of fair trade to help women in poverty help themselves Seven years ago, Stacey Edgar had a \$2,000 tax return and a deep desire to help provide economic security for women in need. She knew that of the 1.3 billion people living on less than \$1 per day, seventy percent are women. What she didn't have was a business plan. Or a passport. But that didn't stop her from creating a socially conscious business that has helped poor women in five continents feed their families and send their children to school. Global Girlfriend has since grown into a multi-million dollar enterprise that specializes in handmade, fairly traded, ecoconscious apparel, accessories, and items made by women all over the world. Global Girlfriends is Stacey's inspiring story of following her convictions, as well as her passionate argument for simple actions we can all take to eliminate extreme poverty. Stacey Edgar refused to be paralyzed by the size of world poverty; she started by taking several small steps, personal responsibility firmly in hand, and never looked back.

The Pursuit of Happiness Bianca C. Williams, 2018-02-08 In *The Pursuit of Happiness* Bianca C. Williams traces the experiences of African American women as they travel to Jamaica, where they address the perils and disappointments of American racism by looking for intimacy, happiness, and a connection to their racial identities. Through their encounters with Jamaican online communities and their participation in trips organized by Girlfriend Tours International, the women construct notions of racial, sexual, and emotional belonging by forming relationships with Jamaican men and other girlfriends. These relationships allow the women to exercise agency and find happiness in ways that resist the damaging intersections of racism and patriarchy in the United States. However, while the women require a spiritual and virtual connection to Jamaica in order to live happily in the United States, their notion of happiness relies on travel, which requires leveraging their national privilege as American citizens. Williams's theorization of emotional transnationalism and the construction of affect across diasporic distance attends to the connections between race, gender, and affect while highlighting how affective relationships mark nationalized and gendered power differentials within the African diaspora.

On the surface, these essays are about day-to-day life as a

wheelchair user with a degenerative disease, but they are actually about family, love, and coming of age. Shane Burcaw is one half of the hilarious YouTube duo, Squirmy and Grubs, which he runs with his girlfriend, now fiancée, Hannah Aylward.

I kind of got a Twilight vibe off of this story except better writing and characters that you can relate to. And OMG the cringe-worthy moments!! Bree in Issy's closet and Bree's bedroom with Aiden!! I was embarrassed reading those parts, but they were too awesome not to continue! - Taiyewo from Goodreads It wasn't cheesey like a lot of YA paranormal books are these days where everything out of the male leads mouth is like sweet poetry and he has the body of a god. The

dialogue was appropriate and my favorite part was the teenagers actually acted like teenagers sweet but flawed and still trying to figure themselves out while doing normal teenage things like getting there first car and going to the mall. - Candace from Goodreads Categories: paranormal, werewolves, young adult werewolf, young adult werewolf romance, young adult werewolf books, teen boy books, young adult humor, teen love stories, teen supernatural romance, and teen high school romance.

Gypsy Scholars, Migrant Teachers and the Global Academic Proletariat Rudolphus Teeuwen, Steffen Hantke, 2007 Once adjunct teaching was considered a temporary solution to faculty shortages in institutions of higher education. Now it a permanent and indispensable feature of such institutions, not just in the U.S. but worldwide. This book takes stock of this new development, concentrating primarily on the situation in the humanities. It looks at its impact on the lives of the highly-educated scholars and teachers from many parts of the world; scholars waking up to the sobering fact that higher education presents them with a two-tiered labour market in which they themselves are permanently barred from moving up to the higher tier. To them, being an adjunct

teacher means experiencing frustration and humiliation. All essays in this book offer personal accounts of adjuncts' experiences together with critical reflections on institutional conditions and suggestions for their improvement. In turn defiant, poignant, analytical, exasperated, and sardonic, these essays are always incisive and revealing. Their inside view - a view from below - shows higher education as a world different from how it appears to tenured professors and university administrators, different from that presented in most college brochures. For all those who care about the current state and the future of higher education - no matter if they are teachers, scholars, students, parents, or administrators - this book will offer valuable insights into the working world of academic teaching.--BOOK JACKET.
