My Journal of the Council Yves Congar, Denis Minns, 2012  
At the beginning of the meeting Cardinal Ottaviani said that, to speed the work up, the experts will speak only if they are asked a question. At my side, Rahner was champing at the bit, and said to me 'what are we doing here . . . ?' (Wednesday 3 June 1964) Yves Congar, OP, was one of the most important and influential theologians of the twentieth century. Much of this influence came as a result of his role as theological advisor to the bishops who participated at the Second Vatican Council (1962-1965). After working under a cloud of ecclesiastical censure and suspicion in the decade prior to its start, Congar was, from beginning to end, an influential day-to-day participant in the council's work. He also managed to keep detailed personal notes throughout the time. At long last, the council diaries of Yves Congar are available in English! This material is a treasure trove of information and insight for anyone interested in the history of that council and its remarkable and historic teaching. It provides a window into the council's workings and the development of what would become a series of historic documents and declarations. It also offers Congar's own down-to-earth and personal perspective on many of the

other remarkable figures who played a role in the council.

**My Nature Book** Linda Kranz, 2013-09-16 Hike a trail, climb a tree! Smell the flowers, watch the birds! Explore the world! Nature is full of adventures, but sometimes it's easy to forget things you felt or saw. What did those animal tracks look like? How did you feel when you gazed at the starry sky on a calm, clear night? My Nature Book is the perfect place for a child to keep track of all of his or her memories. It's a place to draw and write about your experiences with nature, so you'll remember the sound of the squirrel you heard chattering, the color of the bird that landed on your lunch sack, or the way the meadow grasses waved goodbye. My Nature Book is also full of projects and ideas, such as how to make water windows and luminarias, and even how to make yummy peanut butter cookies or banana bread or muffins to take along on hiking trips. There are also lined pages for writing, blank pages for drawing, and numerous activity pages.
