Traction Gabriel Weinberg, Justin Mares, 2015-10-06 Most startups don't fail because they can't build a product. Most startups fail because they can't get traction. Startup advice tends to be a lot of platitudes repackaged with new buzzwords, but Traction is something else entirely. As Gabriel Weinberg and Justin Mares learned from their own experiences, building a successful company is hard. For every startup that grows to the point where it can go public or be profitably acquired, hundreds of others sputter and die. Smart entrepreneurs know that the key to success isn't the originality of your offering, the brilliance of your team, or how much money you raise. It's how consistently you can grow and acquire new customers (or, for a free service, users). That's called traction, and it makes everything else easier—fund-raising, hiring, press, partnerships, acquisitions. Talk is cheap, but traction is hard evidence that you're on the right path. Traction will teach you the nineteen channels you can use to build a customer base, and how to pick the right ones for your business. It draws on inter-views with more than forty successful founders, including Jimmy Wales (Wikipedia), Alexis Ohanian (reddit), Paul English (Kayak), and Dharmesh Shah (HubSpot). You'll learn, for example, how to: ·Find and use offline ads and other channels your competitors probably aren't using ·Get targeted media coverage that will help you reach more customers ·Boost the effectiveness of your email marketing campaigns by automating staggered sets of prompts and updates ·Improve your search engine rankings and advertising through online tools and research Weinberg and Mares know that there's no one-size-fits-all solution; every startup faces unique challenges and will benefit from a blend of these nineteen traction channels. They offer a three-step framework (called Bullseye) to figure out which ones will work best for your business. But no matter how you apply them, the lessons and examples in Traction will help you create and sustain the growth your business desperately needs.

Karma's Helpers Robb Hamic, 2010-06 Karma's Helpers is written for today's world. Have you noticed that sometimes you cross paths with someone you shouldn't mess with? That person could be you. This book skips the usual forgive and forget mentality and teaches its readers how to follow a guide intended to expose issues like never before. Are you waiting for Karma to visit someone? It is simplistic but advanced in theory and written by a veteran of exposing the truth. Believe it or not, the second part of this book details the missing secrets of using a BLOG to amplify your investigation results to expose your concerns to the world. This book provides the most up-to-date resource for 2010, making a blog work to its fullest potential and it guarantees immediate search engine optimization (SEO) for free. Anyone can use these techniques including blogging for success and to get even, no previous experience necessary. So go ahead and forgive, but get back We live in a complicated world where people do bad things to others for no explainable reason. My experience as a sheriff's deputy, white-collar crimes detective, private investigator, personal and corporate intelligence specialist have given me a unique view into the way people treat each other. My own life experiences have given me a unique view on society and some of my really negative experiences have lead me to think, I wish I could speed up Karma on a particular person, company or organization. I have met many people in life who have also been wronged for reasons such as: cheating spouse, bad relationship, bad business partners, embezzlement, theft, bad business competitor, sexual deviant, personal enemy, protective parent, etc. While people don't readily admit it, most of us believe or hope for Karma to come around. That is where I come in. I have developed a peculiar playbook that can be used by anyone to evaluate a person in question, perform a detailed analysis of their problems and weaknesses, undertake a plan of action to expose their issues, make their problems evident to them (and everyone else), cause them problems and speed our little friend Karma along. I give a unique perspective because I have used the techniques that I detail in this book many, many times for various reasons. I have had unparalleled results and put some really bad people out of commission. Maybe you are reading this book out of curiosity or you may be one of Karma's Helpers. This book contains actual stories about getting even that are strange and unusual.

Widgets: The 12 New Rules for Managing Your Employees as if They're Real People Rodd Wagner, 2015-03-17 New York Times bestselling author Rodd Wagner tackles one of the most destructive problems facing organizations today—the breakdown of the relationship between employees and the organizations they work for Your people are not your greatest asset. They're not yours, and they're not assets. With this declaration, one of the leading authorities on employee performance rolls up his sleeves against the weasel words, contradictions, bad habits, and intrusions that reduce people to human resources. To FTEs. To human capital. To flesh-and-blood widgets. Armed with empirical evidence from the provocative studies he leads around the globe, Wagner guides you through the new realities of what it takes to get the highest levels of intensity from people in a more mercenary, skeptical, and wired work world. He explains how elements such as individualization, fearlessness, transparency, recognition, and coolness are reciprocated with loyalty, productivity, innovation, and—inescapably—corporate reputation.

Karma Sadhguru, 2021-04-27 NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER “Full of valuable insights to guide you.”—WILL SMITH “Thoughtful and life-affirming . . . a must-read.”—TONY ROBBINS “This book will put you back in charge of your own life.”—TOM BRADY A new perspective on the overused and misunderstood concept of “karma” that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn't some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it's possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver's seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru's teachings, you will learn how to live intelligently and joyfully in a challenging world.

Good Karma Thubten Chodron,2016-08-09 Training the mind in the habit of happiness--enlightening commentary on a classic Tibetan Buddhist teaching poem by a popular modern teaching nun. Lojong, or mind-training is a practice that has gained astonishing popularity in recent years--because it works in transforming hearts and minds. Here is a presentation of lojong teachings that predates the slogan practice with which people have become so familiar through the books of Pema Chödrön and others, and that is every bit as powerful for imbuing the mind with intelligence and the heart with compassion. It is Thubten Chodron's commentary on a Tibetan poem with the imposing title Wheel of Sharp Weapons. It is, as the title of this book indicates, an explanation of how karma works in our lives. But in explaining how to create good karma and avoid the negative effects of bad karma, it shows us how to live our lives with kindness and honesty--which makes things better not only for ourselves, but also for everyone else in the world.

Bad Karma Paul Wilson,2019-10 In the summer of 1978, twenty-one-year-old Paul Wilson jumps at the chance to join two local icons on a dream surf trip to mainland Mexico, unaware their ultimate destination lies in the heart of drug cartel country. Having no earthly idea of where he'll get the money to pay his share, and determined to prove his mettle, he does the only thing he can think of: He robs a supermarket. And, if karma didn't already have enough reason to doom the trip, he soon learns one of his companions is a convicted killer on the run, and the other an unscrupulous cad. Mishap and misfortune rule the days, and mere survival takes precedence over surfing. Original photographs (including pre-kingpin El Chapo), and Wilson's strong narrative style, combine to make this true story personal--in the tradition of *Into The Wild* by Jon Krakauer, and *Barbarian Days, A Surfing Life* by William Finnegan--except this tale had to wait for the statute of limitations to expire before it could be told.

The Living Paradox Abhinandan Mukherjee,2020-01-21 “You have set an example for the world. You have brought humankind closer to their deities. It’s not just their authorities and responsibilities that make a God revered, it is their actions and deeds. Your actions made you the closest to Him.” Year 2020, The Republic of Jannah emerged in the midst of a cold war among the five great nations. The same year I, Clarion “Larry” Sharma was born. At age 12, I lost two of my most important things – My mother and my memories. At age 17, I left home in search for clues. During my quest, my mother’s death became my sole motivation. I even died chasing every version of truth. In the Afterlife, I was furious at the Supreme God who I felt was manipulating me. He offered me three wishes in order to compensate. These three wishes solved the mystery of her death but changed how I looked at life. It changed me. My actions indeed made me the closest to Him. What you would have done in my place? How did my choices affect my life? Why don’t you find it yourself? This is not just another cliché. It is my tale how I emerged as the youngest demigod, how I ended up being 'The Living Paradox'.
