Tartine Bread Chad Robertson,2013-10-29 The Tartine Way – Not all bread is created equal The Bread Book ...the most beautiful bread book yet published... -- The New York Times, December 7, 2010 *Tartine* – A bread bible for the home or professional bread-maker, this is the book! It comes from Chad Robertson, a man many consider to be the best bread baker in the United States, and co-owner of San Francisco's Tartine Bakery. At 5 P.M., Chad Robertson's rugged, magnificent Tartine loaves are drawn from the oven. The bread at San Francisco's legendary Tartine Bakery sells out within an hour almost every day. Only a handful of bakers have learned the techniques Chad Robertson has developed: To Chad Robertson, bread is the foundation of a meal, the center of daily life, and each loaf tells the story of the baker who shaped it. Chad Robertson developed his unique bread over two decades of apprenticeship with the finest artisan bakers in France and the United States, as well as experimentation in his own ovens. Readers will be astonished at how elemental it is. Bread making the Tartine Way: Now it's your turn to make this bread with your own hands. Clear instructions and hundreds of step-by-step photos put you by Chad's side as he shows you how to make exceptional and elemental bread using just flour, water, and salt. Dudes. So well intentioned when it comes to healthy eating, even as they fail epically in execution-inhaling a salad topped with fried chicken fingers or ordering their Italian hero on a whole wheat wrap (that makes it healthy, right?). There are several issues with men going on diets. First, they seem to be misinformed about basic nutrition. They are also, generally, not excited about eating health food. You can lead a dude to the salad bar, but you can't make him choose lettuce. Enter Serena Wolf-chef, food blogger, and caretaker of a dude with some less than ideal eating habits. As a labor of love, Serena began creating healthier versions of her boyfriend's favorite foods and posting them on her blog, where she received an overwhelming response from men and women alike. Now, in *The Dude Diet*, Serena shares more than 125 droolworthy recipes that prove that meals made with nutrient-dense whole foods can elicit the same excitement and

satisfaction associated with pizza or Chinese take-out. The Dude Diet also demystifies the basics of nutrition, empowering men to make better decisions whether they're eating out or cooking at home. Better still, each recipe is 100% idiot-proof and requires only easily accessible ingredients and tools. With categories like Game Day Eats, On the Grill, Serious Salads, and Take Out Favorites, The Dude Diet will arm dudes and those who love them with the knowledge they need to lead healthier, happier lives—with flattened beer bellies and fewer meat sweats. The Dude Diet includes 102 full-color photographs.

Simply Scratch Laurie McNamara, 2015-11-17 From the popular blogger behind Simply Scratch comes a debut cookbook showing how to home-cook absolutely everything from scratch. For Laurie McNamara, growing up on a farm in the country had major perks: her mother cooked with vegetables from the family garden, they collected fresh eggs from the chicken coop, and absolutely everything--from ketchup to casseroles--was made 100 percent from scratch. When she moved away from home, though, McNamara was too busy working full-time and raising two kids to prepare from-scratch meals. Like most Americans, she relied on boxed brownie mix, canned soup, bottled dressings, and frozen dinners to make home cooking quicker and cheaper. But she soon learned that these so-called shortcuts were in fact both more expensive and light-years less healthy than simply making everything herself. Eventually, she'd had enough and vowed to remake her kitchen into a from-scratch kitchen. Now, four years later, McNamara has helped hundreds of thousands of home cooks prepare from-scratch meals with whole food ingredients through her blog, Simply Scratch. McNamara's highly anticipated debut cookbook, Simply Scratch, takes her home-cooking know-how to the nation, with 120 wholesome, mouthwatering recipes along with stunning photography, entertaining anecdotes, and personal musings. This book offers easy recipes for delectable concoctions such as Buckwheat Pancakes and Creamy Roasted Tomato Soup. Simply Scratch will be the must-have bible to cooking beyond the box and can. Featuring everyday ingredients, a down-to-earth approach, and family recipes, Simply Scratch proves cooking from scratch can be affordable, simple, fun, and--of course--absolutely delicious--

It is your secret to holding someone's attention, making a persuasive point, being remembered, and appearing smart and confident. #2 During pivotal moments in your life, what you say can make all the difference between success and failure. It is important to be Pitch Perfect when conveying the right message to the right person at the right time. #3 I was to meet with Facebook's COO, Sheryl Sandberg, that morning. I was late, and when I arrived, I found that Brandee was the picture of professionalism. She offered a gracious welcome and said, I managed to push Sheryl back a bit. How much time do you think you'll need to set up your

video equipment. #4 We all have experienced the agony of underwhelming a person we've met only once, and we cringe at the memory. However, we must remember that many more opportunities to wow people lie ahead. We spend 70 to 80 percent of our waking hours in some form of communication.

We make our own hours, keep our own profits, chart our own way. We have things like gigs, contracts, clients, and assignments. All of us are working toward our dreams: doing our own work, on our own time, on our own terms. We have no real boss, no corporate nameplate, no cubicle of our very own. Unfortunately, we also have no 401(k)s and no one matching them, no benefits package, and no one collecting our taxes until April 15th. It's time to take stock of where you are and where you want to be. Ask yourself: Who is planning for your retirement? Who covers your expenses when clients flake out and checks are late? Who is setting money aside for your taxes? Who is responsible for your health insurance? Take a good look in the mirror: You are. The Money Book for Freelancers, Part-Timers, and the Self-Employed describes a completely new, comprehensive system for earning,

spending, saving, and surviving as an independent worker. From interviews with financial experts to anecdotes from real-life freelancers, plus handy charts and graphs to help you visualize key concepts, you'll learn about topics including:
