Signal App Dr. Timothy Zahar,2021-01-17 How do you feel? How do you feel when Twitter, Facebook, Snapchat... turn off the US President Donald Trump's account permanently? I understand that some of you are supportive, some are not interested, and the rest (many people) feel outraged and angry. What are they doing with the President of the United States? The man who truly kept his promise Make America great again We resent not only because that is how to behave in the style of imposing, gagging. It is because that act seriously violates the freedom we worship in the West (And that is the reason why social networks exist). But they broke their promise, patted themselves on the face. They have exceeded their own limits. They engage in politics, expressing their likes and dislikes, not in a neutral position. The behavior of social media platforms must comply with the laws and legal frameworks set by the legislators, not the political views of the company executives. Obviously, when these tech giants shake hands together, they will manipulate everything, and we will be manipulated. It was Facebook and Twitter that controlled, navigated, and manipulated the news surrounding the 2020 US presidential election. All the above shares, each of us see existence before our eyes. But what's behind all of the above? Why did those big techs do that? The answer is... Rights To Private Personal Information On Internet. We are being watched every moment. We have been violated personal privacy when participating in platforms Facebook, Twitter... They have collected the maximum of all the data about us. Sometimes I still tell my friends, Facebook knows you better than you do. So, is there a way for us to escape their influence and manipulation? Yes! We have 2 options. · Or not join any social networking platform. This is difficult today because our work is tied to social connections. · Or we choose a social networking platform that is committed to respecting our privacy. And don't just end up with commitments, they need to give us the tools to proactively establish their own security. And luckily for you and me, there are platforms now that meet these criteria. That is Singal - A security-proven messaging app by tech giants like Elon Musk. Or even the CEO of Twitter (Jack Dorsey) also publicly uses and encourages people to use Signal. What do you learn more from reading this book? 1. I will show you 7 powerful reasons why you should immediately quit WhatsApp, Facebook Messenger, and switch to Signal immediately. And not only that you will also encourage your friends and colleagues to do the same. I commit to this. 2. I will show you how to install Signal and set up the perfect features to help you keep your personal information secure on the Internet. So that we will not be under surveillance, control and navigate. I will write about personal security on the Internet in the simplest, most popular way that a 7-year-old can understand and share with everyone. Now let us get started, the journey of finding real freedom on social media platforms. Dr. Timothy Zahar

The Messenger Yannick Haenel,2012-04-01 Jan Karski, a young Polish diplomat turned cavalry officer, joined the Polish underground movement after escaping from a Soviet detention camp in 1939. He served as a courier for the underground, ferrying messages between occupied Poland and the exiled Polish leaders, before he was captured and brutally tortured by the Gestapo. Escaping from the Germans, Jan Karski was charged with the mission of his lifetime: to convey a message to the Allies about Hitler's program to exterminate the Jews of Europe. He visited Warsaw's Jewish Ghetto so that he could relate the truth about inhuman conditions first hand when he met, soon after, with leaders and top officials in London and President Roosevelt in Washington. He had the ears of the decision-makers, yet nothing was done to prevent the ultimate fate of millions of Jews. Published to immense acclaim in France, *The Messenger* is a compelling and tragic story. An extraordinary novelized biography about a man's moral courage and our collective humanity, with parallels to Thomas Keneally's *Schindler's Ark* and WG Sebald's *Austerlitz*.
