M Is for Mama Abbie Halberstadt, 2022-02-01 A PUBLISHER'S WEEKLY BESTSELLER Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Mamas only connect to celebrate surviving another day and to share in their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for mamas to grow and thrive. As a daughter of Christ, you have been called to be more than an average mama. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. M is for Mama offers advice, encouragement, and scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

Digital Image Systems Claus Gunti, 2020-01-31 In Digital Image Systems, Claus Gunti examines the antagonizing reactions to digital technologies in photography. While Thomas Ruff, Andreas Gursky and Jörg Sasse have gradually adopted digital imaging tools in the early 1990s, other photographers from the Düsseldorf School have remained faithful to film-based technologies. By evaluating the aesthetic and discursive preconditions of this situation and by

extensively analyzing the digital work of these three photographers, this book shows that the digital turn in photography was anticipated by the conceptualization of images within systems, and thus offers new perspectives for understanding the »digital revolution«.
