Deadly Words: A Serial Killer Crime Thriller (Born Bad # 2) Meghan O'Flynn, 2021-06-28 To save herself, she'll have to go up against the world's most vicious serial killer. She just calls him Dad. A thriller for fans of Dark Places and You. "Brilliant, dark, and impossible to put down. O'Flynn masterfully crafts a twisted tale of buried secrets in Deadly Words. Poppy is unforgettable—unlike any character you've read before. This is storytelling at its finest, and will sit with you long after you've turned the final page." ~Bestselling Author Emerald O'Brien A friend once told me that the world needs psychopaths, but I'm not sold that the world needed my father. I only know that I did. Poppy Pratt was a teenager when she watched her father murder her boyfriend. Only a child when she made the call that would put her dad away for the rest of his life. She watched the sheriff lead him off, her father still laughing at the Alabama moon, his arms slick with Shawn's blood. Eighteen years later, Poppy is a chiropractor with a thriving practice and a house in suburban New Hampshire. She even goes on the occasional date. So, when a mysterious stranger shows up at her house claiming that her father is stalking him, Poppy blows him off. Her dad is in prison—psychopath or not, he's no threat. And though this man is writing a book about her dad, she can see no reason for anyone to go after him. But then Poppy receives an unmarked package, and her carefully constructed world begins to crumble. A severed ear would throw most anyone off their game. The stranger was right—it might not be her dad, but someone is watching, and they're after Poppy, too. Could it be an angry family member of one of her father's victims? An obsessed serial killer fan? But even when Poppy's new author friend is viciously attacked, she can't call the police. Shawn wasn't her father's only victim, and her stalker clearly knows enough to implicate her in her father's crimes. It seems she's destined to go down the same way her father did—with her hands covered in blood. The only question is whether she'll be the one holding the knife. Skillful, addictive, and crackling with nerve-fraying tension, Deadly Words is a thrilling joyride straight into the brains of psychopaths. And O'Flynn ensures that you'll never want to leave. If you like Gillian Flynn and Caroline Kepnes, you'll love the Born Bad series. *** KEYWORDS: serial killer's daughter, serial killer father, female protagonist, psychopath thriller, serial killer books, serial killer series, mystery domestic crime, dark suspense thriller, female serial killer, amateur sleuths, whodunnit mystery, whodunit thriller, psychological suspense, suspense fiction, suspense book, nail biting fiction, nail biter mystery, vigilante justice, edge of your seat suspense, dark crime, serial killer, revenge, vengeance, mystery suspense thriller series, hard-boiled mysteries, pulp, noir, noir thriller, crime noir, crime, gritty psychological thrillers, serial killers, crime thrillers, crime fiction, gritty mysteries, mystery series, thriller series, psychological thrillers, psychological thriller series, psychological suspense, psychological thriller books, pulp, nail biter mysteries, crime fiction, murder mystery, serial killer thriller, whodunit, whodunnit, nail-biter, intense mystery, suspense fiction, family drama, small town mystery, dark and suspenseful, dark romantic suspense, daughter of serial killer, family crime, psychopaths, mystery domestic crime

A scorching one-night stand with a stranger was supposed to be my night of adventure to enjoy and move on. I didn't expect that a few weeks later my friend would introduce said stranger as the man walking her down the aisle because he's her godfather and uncle. And I certainly didn't expect him to be a famous football coach who insists I escape with him to his small town lake house for a rendezvous. He may be old enough to be my dad, but the man's charisma is a winning touchdown straight to my lust-filled mind that agrees. We keep our relationship a secret. It doesn't take long for me to realize that there is more to Hudson than his dirty talking mouth and his persistence that I may be what he's been waiting for. What we have turns into something I didn't bargain for. But I'm not blinded by what is at stake once the world finds out about us. And I'm not sure if it's Hudson or me trying to convince us more, that together, we may just be worth the risk... Hudson and Piper bring the heat into this age-gap, slightly forbidden, and completely swoonworthy story. **Worth the Risk** is book one in the standalone interconnected Lake Spark series. For lovers of small-town romance with a touch of sports.
