Get Good with Money Tiffany the Budgetnista Aliche, 2021-03-30 NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER • A ten-step plan for finding peace, safety, and harmony with your money—no matter how big or small your goals and no matter how rocky the market might be—by the inspiring and savvy “Budgetnista.” “No matter where you stand in your money journey, Get Good with Money has a lesson or two for you!”—Erin Lowry, bestselling author of the Broke Millennial series Tiffany Aliche was a successful pre-school teacher with a healthy nest egg when a recession and advice from a shady advisor put her out of a job and into a huge financial hole. As she began to chart the path to her own financial rescue, the outline of her ten-step formula for attaining both financial security and peace of mind began to take shape. These principles have now helped more than one million women worldwide save and pay off millions in debt, and begin planning for a richer life. Revealing this practical ten-step process for the first time in its entirety, Get Good with Money introduces the powerful concept of building wealth through financial wholeness: a realistic, achievable, and energizing alternative to get-rich-quick and over-complicated money management systems. With helpful checklists, worksheets, a tool kit of resources, and advanced advice from experts who Tiffany herself relies on (her “Budgetnista Boosters”), Get Good with Money gets crystal clear on the short-term actions that lead to long-term goals, including: • A simple technique to determine your baseline or “noodle budget,” examine and systemize your expenses, and lay out a plan that allows you to say yes to your dreams. • An assessment tool that helps you understand whether you have a “don't make enough” problem or a “spend too much” issue—as well as ways to fix both. • Best practices for saving for a rainy day (aka job loss), a big-ticket item (a house, a trip, a car), and money that can be invested for your future. • Detailed advice and action steps for taking charge of your credit score, maximizing bill-paying automation, savings and investing, and calculating your life, disability, and property insurance needs. • Ways to protect your beneficiaries' future, and ensure that your financial wishes will stand the test of time. An invaluable guide to cultivating good financial habits and making your money work for you, Get Good with Money will help you build a solid foundation for your life (and legacy) that's rich in every way.

The Case Against Consequentialism Reconsidered Nikil Mukerji,2016-08-30 This book argues that critics of consequentialism have not been able to make a successful and comprehensive case against all versions of consequentialism because they have been using the wrong methodology. This methodology relies on the crucial assumption that consequentialist theories share a defining characteristic. This text interprets consequentialism, instead, as a family resemblance term. On that basis, it argues quite an ambitious claim, viz. that all versions of consequentialism should be rejected, including those that have been created in response to conventional criticisms. The book covers a number of classic themes in normative ethics, metaethics and, particularly, ethical methodology and also touches upon certain aspects of experimental moral philosophy. It is written in clear language and is analytic in its argumentative style. As such, the book should appeal to students, graduate students as well as professional academics with an interest in analytic moral philosophy.

Saigon to San Diego Trinh Do,2004-04-23 When I was 12, I didn't think I would get past ninth grade. When I was 14, I didn't think I would live to my twentieth birthday. For me to be here today is a dream beyond my comprehension. Set against the backdrop of the Vietnam War's aftermath, this memoir tells the story of Trinh Do, a boy fighting for survival in newly unified communist Vietnam. Trinh Do was born in Saigon in 1964. His father, a soldier in the South Vietnam Army, was taken to a re-education camp after the communist victory in 1975. His family was thrown out of their home, and Do took care of his mother and younger brothers. He struggled to stay in school; because of his father, Do faced constant prejudice from the communist administration. He was expelled for refusing to betray his classmates in 1978; soon after, his mother arranged for him to escape Vietnam in a fishing boat. After a perilous journey, he landed in Malaysia, where he spent six months in a refugee camp, and then made his way to the United States. His parents attempted a similar escape four years later and were lost to the South China Sea. This memoir tells the story of Do's generation coming of age in a brutal period of Vietnam's history and is illustrated with family photographs. Framed within a complex historical setting, it reveals the cruelty inflicted upon the populace by the Vietnamese communists for the purpose of internal security. An intimate portrait of daily life under communist rule and an examination of the political and military situation, Do's memoir describes the propaganda and repression through the words of a Vietnamese schoolboy.

The Storm Without Tony Black,2024-03-01 Still recovering from the harrowing case that ended his police career, Doug Michie returns to his boyhood home of Ayr on Scotland's wind-scarred west coast. He hopes to rebuild his shattered life, get over the recent failure of his marriage and shed his demons, but the years have changed the birthplace of the poet Robert Burns. When Doug meets his old school-day flame Lyn, however, he feels his past may offer the salvation of a future. But, Lyn's son has been accused of murder and

she begs Doug to find the truth. Soon Doug is tangled in a complicated web of corrupt politicians, frightened journalists and a police force in cahoots with criminals. Only Burns' philosophical musings offer Doug some shelter as he wanders the streets of Auld Ayr battling The Storm Without.

Degrees of Risk Blake R. Silver, 2024-08-12 An ethnographic analysis of how insecurity is at the heart of contemporary higher education. Institutions of higher education are often described as “ivory towers,” places of privilege where students exist in a “campus bubble,” insulated from the trials of the outside world. These metaphors reveal a widespread belief that college provides young people with stability and keeps insecurity at bay. But for many students, that’s simply not the case. Degrees of Risk reveals how insecurity permeates every facet of college life for students at public universities. Sociologist Blake Silver dissects how these institutions play a direct role in perpetuating uncertainty, instability, individualism, and anxiety about the future. Silver examined interviews with more than one hundred students who described the risks that surrounded every decision: which major to choose, whether to take online classes, and how to find funding. He expertly identified the ways the college experience played out differently for students from different backgrounds. For students from financially secure families with knowledge of how college works, all the choices and flexibility of college felt like an adventure or a wealth of opportunities. But for many others, especially low-income, first-generation students, their personal and family circumstances meant that that flexibility felt like murkiness and precarity. In addition, he discovered that students managed insecurity in very different ways, intensifying inequality at the intersections of socioeconomic status, race, gender, and other sociodemographic dimensions. Drawing from these firsthand accounts, Degrees of Risk presents a model for a better university, one that fosters success and confidence for a diverse range of students.
