Indistractable Nir Eyal,2019-09-10 Indistractable provides a framework that will deliver the focus you need to get results. —James Clear, author of Atomic Habits If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become indistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why time management is pain management • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

Time Management Ninja Craig Jarro,2019-09-15 “This book will help you own your calendar, block time for what matters most and reclaim your life.” —Paula Rizzo, author of Listful Living: A List-Making Journey to a Less Stressed You You want more time to spend with family, to achieve big goals, and to simply enjoy life. Yet, there seem to be more and more things competing for your time, and more distractions interrupting your day. Craig Jarro has spent many years testing time management tactics, tools, and systems and written hundreds of articles on productivity, goals, and organization, Through it all he’s learned a simple truth: Time management should be easy, not complicated and unwieldy. And it shouldn’t take up more of your precious time than it gives back! Time Management Ninja offers 21 rules that will show you an easier and more effective way to take control of your time and manage your busy life. Follow these simple principles and get more done with less effort. It’s no-stress, uncomplicated time management that works. “Read this book, apply its rules, and you’ll find freedom.” —Hyrum Smith, bestselling author of Purposeful Retirement

Make Time Jake Knapp,John Zeratsky,2018-09-25 From the New York Times bestselling authors of Sprint comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of The Power of Habit Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. Make Time is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. Make Time isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., Make Time will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

Goodbye, Things: The New Japanese Minimalism Fumio Sasaki,2017-04-11 The best-selling phenomenon from Japan that shows us a minimalist life is a happy life. Fumio Sasaki is not an enlightened minimalism expert or organizing guru like Marie Kondo—he’s just a regular guy who was stressed out and constantly comparing himself to others, until one day he decided to change his life by saying goodbye to everything he didn’t absolutely need. The effects were remarkable: Sasaki gained true freedom, new focus, and a real sense of gratitude for everything around him. In Goodbye, Things Sasaki modestly shares his personal minimalist experience, offering specific tips on the minimizing process and revealing how the new minimalist movement can not only transform your space but truly enrich your life. The benefits of a minimalist life can be realized by anyone, and Sasaki’s humble vision of true happiness will open your eyes to minimalism’s potential.

Getting Things Done David Allen,2015-03-17 The book Lifehack calls The Bible of business and personal productivity. A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'—Fast Company Since it was first published almost fifteen years ago, David Allen’s Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. “GTD” is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.

Planning with Kids Nicole Avery,2011-05-04 The ultimate guide for parents who dream of having a little less chaos and a lot more time for the good things in life Written by mother of five, Nicole Avery, this book shows harried parents how, with just a bit of planning, family life can become easier to manage, less stressful, and decidedly more fun. Dream on, you say? I might as well try to herd cats as to get my kids to follow a lot of arbitrary rules! And Nicole would agree, which is why Planning with Kids isn't like any other parenting guide out there. It was inspired by Nicole's blog of the same name, which, over the past three years, has garnered a huge audience of likeminded parents who have achieved nothing short of miraculous results following her advice. While other prescriptive guides offer mums and dads cook-cutter solutions to the challenges of raising kids, this handbook focuses on one simple, straightforward idea: by implementing a few simple strategies for how you do things, you'll make more time for you to be you and your kids to be kids. You'll find strategies for streamlining and enhancing everything from the routines of daily life, to family relationships, to budgeting and finances, playtime and much more! Contains a full section on menus and cooking, including recipes, supported online by a planning-with-family meal planner Divided into sections so that readers can dip-in and dip-out for information as they need it as their family expands and grows up!

18 Minutes Peter Bregman,2011-09-28 Based upon his weekly Harvard Business Review columns (which is one of the most popular columns on HBR.com, receiving hundreds of thousands of unique page views a month), 18 MINUTES clearly shows how busy people can cut through all the daily clutter and distractions and find a way to focus on those key items which are truly the top priorities in our lives. Bregman works from the premise that the best way to combat constant and distracting interruptions is to create productive distractions of one's own. Based upon a series of short bite-sized chapters, his approach allows us to safely navigate through the constant chatter of emails, text messages, phone calls, and endless meetings that prevent us from focusing our time on those things that are truly important to us. Mixing first-person insights along with unique case studies, Bregman sprinkles his charming book with pathways which help guide us -- pathways that can get us on the right trail in 18 minutes or less.
