How Blue is My Valley Jean Gill,2021-10-23 Humorous travel book about moving to France from Wales by IPPY, Royal Dragonfly and Global Ebook Award Winner Jean Gill 'Laugh out loud ... such a vivid picture of the fields of lavender, sunflowers and olive trees that you could almost be there with her.' - Living France Magazine The true scents of Provence? Lavender, thyme and septic tank. There are hundreds of interesting things you can do in a bath but washing dishes is not one of them, nor what writer Jean Gill had in mind when she swapped her Welsh Valley for a French one. Keen to move out of the elephant's stomach, that stew of grey mists called weather in Wales, she offered her swimming certificate to a bemused Provencal estate agent and bought a house with good stars and its own spring-water. Or rather, as it turns out, a neighbour's spring-water that is the only supply to the kitchen, which, according to the nice men from the Water Board, is emptying its dirty water directly and illegally onto the main road... and there's worse ... But how can you resist a village called Dieulefit, 'God created it', the village 'where everyone belongs'. Discover the real Provence in good company.

Angels in My Valley Adeline Kulig Puccini,2002-01-03 This narrative documentary portrays the life of a thirteen-year-old girl who breaks out of an abusive environment by escaping the grasp of a tyrannical stepmother who had victimized her and seven of her siblings for many years. Except for the people who made her escape possible, she was essentially on her own as she worked her way through high school. After working for a year as a private secretary in a civil service position, she was encouraged to apply for a scholarship to the University of Illinois. A second scholarship and a secretarial position at the university made it possible for her to acquire a bachelors degree in speech pathology and to graduate debt free in four years. She continued her education during a busy career and earned a masters degree in speech and language pathology from Northwestern University. By rising above what she considered to be a lost childhood, she manages to have a successful career along with marriage and a family. It appears that this author never looked down after leaving a childhood of abuse, compounded by the problems of the Great Depression. Those who encouraged her along the way are acknowledged as the angels in her life. Through these special mentors she meets movie stars and Hollywood moguls in the west and through her marriage to a naval officer she meets military and foreign dignitaries in Washington, D.C. Throughout this story, success and happiness in this family are often eclipsed by poignant periods of sadness, but only to rise again as their upbeat spirits prevail. Although the author is the central figure in this memoir, her eight siblings contribute immensely to the central theme of this story the will to survive and succeed. They beat the odds against the oft-quoted premise that growing up in violence will perpetuate violence. This story was written to provide insight into the problem of child abuse. Along with this moving commentary and narration, helpful information is provided for everyone working with children and young adults laymen and professionals alike.

Cold Weather Roses Kijafa Dickinson,2009-11 A suicidal drop-out and a Hurricane Katrina evacuee who has turned to prostitution face the demons of their past at Rose Hill, a mental facility for teenagers and young adults that practices an experimental horticulture therapy.

How Black Was My Valley Brad Evans,2024-04-09 Providing a searing insight and honest portrayal of post-industrial communities ravaged by decades of abandonment, How Black Was My Valley is the story of lives defined by poverty, catastrophe and the fading dreams of better futures. How Black Was My Valley is a people's history of the former mining communities of South Wales. Weaving together the personal with the political, it offers a damning depiction of the hardship and suffering, the tragedy and pain, as a politically abandoned people went from powering the British Empire and the Great Wars, to a broken post-industrial community, lost in time. It travels with devastating and yet humane insight across the dark shadows of the valley's history. In doing so, it deals with disaster and resistance; memory and landscapes of despair; the brutal past and the neglected present; hardship and poverty; unemployment and isolation; lack of opportunity and the normalisation of hopelessness; death and suffering; structural violence and everyday subjugation; onto the crises of white male subjectivity and the exponential rise in drug abuse and personal suicide, whose troubling effects can no longer be easily contained within its mountainous walls. This is not a story of resilience. Instead, readers are taken on a journey into an open wound, whose once silent screams can no longer be ignored.

Our valley, by the author of 'The children of Seeligsberg'. Our valley,1877

My Valley the Kananaskis Ruth Oltmann,1997 Relates the fascinating history of the valley from Neolithic peoples to present-day tourists. The area was controlled by the Stoney Indians in the mid-1800's when James Sinclair and Captain John Palliser travelled the valley in search of a pass across the Rocky Mountains. In the early 1900's trapper, surveyors and gold seekers set the stage for the commercial exploitation of the 1940's and '50's when the valley became a source of lumber, coal and power for the rapidly-growing City of Calgary. Nowadays the Kananaskis Valley is the heart of Kananaskis Country, a multi-use recreation area developed for Albertans in 1977.

When My Valley Was Green Kanwar K Kaul,2017-09-22 Being born and brought up in Kashmir, paradise on earth, nestled in the highest and most glorious mountain range on earth, the Himalayas is indeed a reward of destiny. The landlocked valley of Kashmir has a unique history of art, culture, spirituality, food, and lifestyle, which the author weaves masterfully into a rich tapestry with his life experiences. An account of his recent visit to Kashmir in July 2016, which he calls a sentimental journey- a pilgrimage to the homeland, is captivating. It engages the reader with an intensely human journey of the life of the author in Kashmir and beyond from 1930's to the present.

How Green Was My Valley Richard Llewellyn,2013-04-18 The international-bestselling winner of the National Book Award and the basis for the Academy Award-winning film directed by John Ford. Huw Morgan remembers the days when his home valley was prosperous, verdant, and beautiful—before the mines came to town. The youngest son of a respectable mining family in South Wales, he is now the only one left in the valley, and his reminiscences tell the story of a family and a town both defined and ruined by the mines. Huw's story is both joyful and heartrending—a portrait of a place and a people existing now only in memory. Full of memorable characters, richly crafted language, and surprising humor, *How Green Was My Valley* is the first of four books chronicling Huw's life, including the sequels *Up into the Singing Mountain*, *Down Where the Moon is Small*, and *Green, Green My Valley Now*. "The reader emerges from these tense pages strangely aglow with sharing the happiness of the characters . . . The simplicity of the language and its delicately strange flavor give the book added charm." —Chicago Tribune

My Valley Claude Ponti,2017-03-07 In My Valley, Claude Ponti leads us on a journey through an enchanted world inhabited by Touims (tiny, adorable, monkey-like creatures), secret tree dwellings, flying buildings, and sad giants. Clever language and beautifully detailed maps of imaginary landscapes will delight children and adults alike. Ponti himself has said, My stories are like fairytales, always situated in the marvelous, speaking to the interior life and emotions of children. That way each child can get what they want out of the images: the characters and dreams are their own.

Home to My Valley Paul Green,2018-06-15 For many years Green traveled up and down his native Cape Fear River Valley in North Carolina, collecting the folklore of the people of the valley--noting down their speech, beliefs, customs, anecdotes, ballads, epitaphs, legends, proverbs, stories, superstitions, games, folk songs, and the like. The selections from this rich harvest of human laughter and tears represent Green at his best. Originally published in 1970. Neighbors in the United States and Canada Joseph Russell Smith,1957

Darkness Descending Harry Turtledove,2007-04-01 Now Turtledove returns to the story of a World War in a world where magic works, with this moving second volume. Algarvian soldiers corral Kaunians to send them west, towards Unkerlant, to work camps. The Kaunians left behind are worried about what the work camps might mean, but are assuaged by Algarvian lies. In Kuusamo, scholars race to find the relation between the laws of similarity and contagion. Rumors abound about the Algarvian work camps, rumors most cannot believe as true. But the mages know, for they can feel the loss of life in their very souls. Turtledove's cast of characters in Darkness Descending takes on its own life as the reader sees the war from all sides and understands how the death and destruction benefits no one, not even the victors.
