"My World is Gone" George G. Suggs, 2002 Baseball. religion. work. death. and the company store—these figured eminently in the lives of Southern cotton mill workers and their families during the early decades of the twentieth century. In this firsthand account of his native Bladenboro, North Carolina, George G. Suggs, Jr., captures in rich detail the world of a thriving cotton mill town where the company was dominant but workers had forged a strong community. Here the focus is on the workers—their interests, personalities, and values—in their best and in their darker moments. Ultimately we see the many dimensions of working-class culture and taste a way of life that has vanished. Drawing upon childhood memories and his father's recollections, Suggs covers events in Bladenboro during the 1930s and 40s. He describes the nature of cottonmill work, the stresses and strains produced by undesirable working conditions, and the various ways in which workers and their families learned to cope. Many characters emerge from this story—from the kind woman who dispensed the company fiat money to the desperate men who would gamble it away. The book explores key topics such as social rankings, medical care, the company store, and workers' responses to death. Above all, we see how faith found expression on the job and in the surrounding evangelical churches. The workers of Bladenboro are gone, and little remains of the mills, but this work pays tribute to lives well lived under the most challenging circumstances.

Quest for Eternal Sunshine Mendek Rubin, Myra Goodman, 2020-04-14 Quest for Eternal Sunshine chronicles the triumphant, true story of Mendek Rubin, a brilliant inventor who overcame both the trauma of the Holocaust and decades of unrelenting depression to live a life of deep peace and boundless joy. Born into a Hassidic Jewish family in Poland in 1924, Mendek grew up surrounded by extreme anti-Semitism. Armed with an ingenious mind, he survived three horrific years in Nazi slave-labor concentration camps while virtually his entire family was murdered in Auschwitz. After arriving in America in 1946—despite having no money or professional skills—his inventions helped revolutionize both the jewelry and packaged-salad industries. Remarkably, Mendek also applied his ingenuity to his own psyche, developing innovative ways to heal his heart and end his emotional suffering. After Mendek died in 2012, his daughter, Myra Goodman, found an unfinished manuscript in which he'd revealed the intimate details of his healing journey. Quest for Eternal Sunshine—the extraordinary result of a posthumous father-daughter collaboration—tells Mendek's whole story and is filled with eye-opening revelations, effective self-healing techniques, and profound wisdom that have the power to transform the way we live our lives. An inspirational biography of a Holocaust survivor overcoming depression and PTSD. An essential new addition to Jewish Holocaust history.

Free Trade Graham Dunkley, 2004-02 This book takes a fresh look at this issue in economic policy. Graham Dunkley provides a critical history of international trade and an alternative analysis to orthodox

doctrines about trade policy. He argues that trade, although a natural economic process, has today become much more complex, deregulated and divorced from development than is desirable. He concludes by suggesting elements of a new approach to development and an alternative world trading and economic order.
